In the second quarter of 2023, Enagás S.A. proceeded to settle the 2019-2021 Long-Term Incentive Plan (2019-2021 ILP) by transferring 97,796 shares, bringing the number of treasury shares to 723,579 at April 13, 2023.

**A.10.** Give details of the applicable conditions and time periods governing any resolutions of the General Shareholders' Meeting to issue, buy back and/or transfer treasury shares:

The Ordinary General Shareholders' Meeting held on June 30, 2020 adopted the following resolution:  
"To authorise and empower the Board of Directors, with power of substitution, for the derivative acquisition of the Company's own shares in accordance with Article 146 of the Corporate Enterprises Act, in the following terms:

1. The acquisitions may be carried directly by Enagás, S.A. or indirectly by subsidiaries under the same terms as those set out herein.
2. The acquisitions may be carried out through a purchase and sale, exchange or any other transaction permitted by law.
3. The maximum number of shares to be acquired shall be the maximum number permitted by law.
4. The acquisition price shall not be more than 15% higher or lower than the average weighted share price of the session prior the acquisition.
5. The authorisation is granted for a maximum of five years from adoption of this resolution.

In accordance with article 146 of the Corporate Enterprises Act, it is hereby expressly stated that the shares acquired pursuant to this authorisation may, in whole or in part, be directly awarded to employees or directors of the company or of companies belong to its Group, or that the purchase is the result of the exercise of employee or director options.

Likewise, the shares acquired as a result of this authorisation may be used, in full or in part, both for their disposal or redemption and for the achievement of potential corporate or business operations or decisions, as well as for any other legally possible purpose."

Also, the Ordinary General Shareholders' Meeting held on April 19, 2021 adopted the following resolution:  
"To delegate to the Board of Directors, for a maximum of five years and with express replacement powers, the power to resolve issuing, one or more times, any fixed-income securities or analogous convertible debt instruments or those which give the right to subscribe to Company shares or which can be exchanged or give the right to buy shares of the Company or of other companies, for a maximum of one billion euros (€1,000,000,000); and to increase share capital by the necessary amount and exclude, where applicable, the pre-emptive subscription right up to a limit of 10% of share capital at the time of this delegation of powers".

The Ordinary General Shareholders' Meeting held on March 31, 2022 adopted the following resolution: "To authorise the Board of Directors to decide to increase in the share capital in the terms and within the limits of articles 297.1 b) and 506 of the Corporate Enterprises Act, one or several times, for a maximum amount equal to half the capital existing at the time of the authorisation, within a period of five years counting from the Board's resolution, rendering null and void the unused portion of the authorisation granted as item 5 on the Ordinary General Shareholders Meeting held on March 31, 2017; and to exclude, if applicable, the pre-emptive subscription rights up to the limit of 10% of the share capital at the time of this authorisation."

In addition, under item nine on the agenda, in accordance with the provisions of article 219 of the Corporate Enterprises Act, as well as article 36 of the Company Bylaws, a 2022-2024 Long-Term Incentive Plan was approved for the executive director and members of the management team of Enagás and its group of companies, with the basic characteristics established in the resolution of the Meeting (among other things, it is an incentive payable in Enagás shares and in cash; it will be received in full by the beneficiaries before July 30, 2026; the maximum total amounts to 679,907 shares), which have been developed in the Regulations of the 2022-2024 Long-Term Incentive Plan approved by the Board of Directors.

Description of restrictions
-----------------------------

Restrictions under law:  
Additional Provision 31 of Law 34/1998, of October 7, on the Hydrocarbons Sector, in force since the enactment of Act 12/2011, of May 27, governing civil liability for nuclear damage or damage caused by radioactive materials, specifies in section 2 that:

"No natural person or legal person may hold, directly or indirectly, an interest in the parent company (ENAGÁS, S.A.) representing more than 5% of share capital or exercise more than 3% of its voting rights. Under no circumstances may such shareholdings be syndicated. Any party operating within the gas sector, including natural or legal persons that directly or indirectly own equity holdings in the former of more than 5%, may not exercise voting rights over 1%. These restrictions do not apply to direct or indirect interests held by public sector enterprises. Under no circumstances may share capital be syndicated. Likewise, the combined total of direct or indirect holdings owned by parties that operate within the natural gas sector may not exceed 40% (...)." (continues in Chapter H."OTHER INFORMATION OF INTEREST": EXPLANATORY NOTE ON SECTION A.12.)

**A.13.** Indicate whether the general shareholders' meeting has agreed to take neutralisation measures to prevent a public takeover bid by virtue of the provisions of Act 6/2007.

**B. GENERAL MEETING**

**B.1.** Indicate whether the quorum required for constitution of the General Shareholders' Meeting differs from the system of minimum quorums established in the Corporate Enterprises Act and specify any such:

Yes  
 No

**B.2.** Indicate and, as applicable, describe any differences between the company's system of adopting corporate resolutions and the framework established in the Corporate Enterprises Act:

Yes  
 No

**B.3.** Indicate the rules governing amendments to the company's Articles of Association. In particular, indicate the majorities required to amend the Articles of Association and, if applicable, the rules for protecting shareholders' rights when changing the Articles of Association.

Article 18 of the Consolidated Text of the Articles of Association states that:

"The shareholders, when constituted as a duly summoned General Meeting, shall by a majority of votes as determined by law decide upon the matters that fall within the powers of the General Meeting and states in section d) the amendments to the Articles of Association".

Likewise, article 26 states that:

"An ordinary or extraordinary General Meeting may validly resolve to increase or reduce capital, make any other alterations to the Articles of Association, issue bonds, remove or restrict the pre-emptive subscription right for new shares, and restructure, merge or split the company, transfer all the assets and liabilities thereof, or move the registered office to outside Spain, if, at the original date and time specified in the notice of meeting, there are present, in person or by proxy, shareholders representing at least fifty percent of voting subscribed capital.

At second call, the attendance or representation of shareholders holding at least twenty-five percent of subscribed voting capital shall be sufficient". Likewise, article 13.3 of the Rules and Regulations of the General Shareholders' Meeting states that:

"However, an absolute majority of shareholders holding at least fifty percent of the subscribed capital with voting rights is required to validly adopt resolutions to increase or decrease capital, make any other amendment to the Articles of Association, issue bonds, eliminate or restrict pre-emptive subscription rights for new shares, transform, merge, spin off or globally assign assets and liabilities, and transfer the registered office abroad. However, the favourable vote of shareholders representing two-thirds of the share capital present or represented is required when, on second call, shareholders holding at least twenty-five percent of the subscribed capital with voting rights are present and the aforementioned fifty percent threshold is not reached".

In addition, Article 31 of the Consolidated Text of the Articles of Association establishes the following in relation to the shareholder's right to information: "Up to the fifth day before the Meeting is held, shareholders may request from Directors any information or clarification they deem appropriate concerning business on the agenda, or submit in writing the questions they judge relevant. Within the same notice period and in the same form, or verbally during the meeting, shareholders may request information or clarifications, or ask questions concerning the publicly available information that the Company has provided to the Comisión Nacional del Mercado de Valores (Spanish National Securities Market Commission) since the last General Shareholders' Meeting was held or concerning the auditor report".

Furthermore, Article 13.3 of the General Shareholders' Meeting Regulations stipulates that issues that are essentially independent shall be subject to a separate vote so that shareholders may exercise their voting preferences separately. Though included in the meeting agenda, the following shall be voted on separately:

- a) The appointment, ratification, re-election or removal of each shareholder.
- b) Each article or group of non-interdependent articles in amendments to the Articles of Association.
- c) The matters requiring separate votes as set out in the Company's Articles of Association.

Article 3 of the Consolidated Text of the Articles of Association states that the Board of Directors is empowered to transfer the Company's registered office within the territory of Spain and to consent to the creation, elimination and relocation of branches, agencies, delegations, representations and dependencies of any kind both in Spain and abroad.

If the answer is yes, describe these diversity policies, their objectives, the measures and the way in which they have been applied and their results in the financial year. The specific measures adopted by the board of directors and the appointments and remuneration committee to achieve a balanced and diverse mix of directors must also be indicated.

If the company does not apply a diversity policy, explain the reasons why it does not do so.

Description of the policies, objectives, measures and manner in which they have been applied, as well as the results

The Board Diversity and Director Selection Policy, approved by the Board of Directors on December 21, 2020, establishes that in the procedure for the selection of new Directors it should be ensured that the proposals for appointment or re-election promote diversity in the Board, so they should be oriented to a preferential incorporation of women into the Board and of persons who, because of their nationality or experience, have an international professional projection, in accordance with the strategy of the Company. The Director appointment or re-election proposals should pursue the goal of having at least 40% of total Board places occupied by female Directors by the year 2022.

In addition, the Rules and Regulations of the Organisation and Functioning of the Board of Directors of Enagás, S.A. establishes that the Board is responsible for evaluating the report submitted by the Sustainability and Appointments Committee, the quality and efficiency of the Board's operation, in addition to the diversity in its composition and competences.

In turn, in relation to the appointment of Directors, the rules establish that the Board of Directors must ensure that the procedures for selecting its members promote diversity of age, gender, disability, experience and knowledge, that do not suffer from implicit biases that entail any discrimination and, in particular, that facilitate the selection of female directors on the board to guarantee an even balance between men and women.

The number of directors on the Board decreased to 15 after the resolutions agreed at the Enagás' General Shareholders' Meeting on May 27, 2021, and the percentage of the less-represented gender reached 40% after the resolutions agreed at the Enagás' General Shareholders' Meeting on March 31, 2022. Enagás maintains a solid corporate governance policy that has been endorsed by its shareholders at successive General Meetings to which it submits its proposals. The Board of Directors complies with all the recommendations in terms of size and composition currently set out in the CNMV's Good Governance Code for Listed Companies and has reached the target of 40% of women on the Board recommended by the Code by 2022.

C.1.6 Explain the measures taken, if applicable, by the appointments committee to ensure that the selection processes are not subject to implicit bias that would make it difficult to select female directors, and whether the company makes a conscious effort to search for female candidates who have the required profile to guarantee an even balance between men and women. Also state whether these measures include calling on the company to have a significant number of female senior managers:

Explanation of measures

In order to select Directors, the Sustainability and Appointments Committee adheres to the provisions of the Board Diversity and Director Selection Policy, approved by the Board of Directors at the request of this Committee on December 21, 2020. In application of this policy, the selection of a new Director takes into account at least the following criteria: Suitable professional knowledge and experience; appointments are limited to persons of recognised prestige and who possess knowledge and experience suited to the exercise of their functions. Requirements derived from the Hydrocarbons Sector Law: candidates must be able to satisfy the independence requirements demanded by Enagás' appointment as independent manager of the gas transmission network. Requirements for Independent Directors: in addition to the previous criteria, which shall be applied to all Directors, regardless of their category, the persons selected in the category of Independent Directors must meet the requirements for independence under the provisions of the applicable law at all times, and the additional conditions for independence, as the case may be, stipulated in the company's internal regulations. Commitment to fulfilling the duties and obligations of Directors: proposals for re-election of current members of the Board of Directors shall take into account the commitment demonstrated by the Directors during the year in which they held office, in fulfilling the duty of diligence and the duty of loyalty, and all the regulations to which, in their condition of Directors and, where applicable, as shareholders or high-ranking member of the company, they are subject under the Internal Code of Conduct in Matters Relating to Securities Markets, the Enagás Group Code of Ethics, the Code of Conduct of the Technical Manager of the Spanish Gas System and other laws or procedures derived from their application. Likewise, it will be judged whether their actions in the exercising of their office has been in good faith and in the best company's interest. The Board of Directors shall ensure that the appointments encourage diversity within the Board, whereby they must focus on preferably incorporating women and people who due to their nationality or experience have an international professional profile, in accordance with the company's strategy. The Director appointment or re-election proposals shall promote the achievement of the goal of having at least 40% of total Board places occupied by female Directors in 2022, a goal that has been reached in 2022. In addition to the above requirements, the selection processes for Enagás Directors shall at all times take into account any other conditions, where applicable, determined by the company's Sustainability and Appointments Committee and the applicable laws. Under the Board Diversity and Director Selection Policy, it is stipulated that efforts will be made to adopt measures that encourage the company to have a significant number of female senior managers. In addition, for the presentation of the proposed candidates, the Sustainability and Appointments Committee receives support from prestigious executive recruitment and development firms.

When, despite the measures taken, there are few or no female senior managers or directors, explain the reasons:

Explanation of reasons

Enagás is aware that it must continue to encourage and facilitate the presence of women in the event of any vacancy arising on the Board, particularly in the case of members with the status of Independent, as well as in senior management positions. In this regard, Enagás complies with article 8 of the Regulations of the Organisation and Functioning of the Board of Directors, which prescribes that selection procedures must be free of any implied bias against women candidates, and that the company shall seek out and include women with the target profile among the candidates for Board places. At present, six (6) of the fifteen (15) members of the Board of Directors of Enagás are women: MS ANA PALACIO VALLELERSUNDI, MS PATRICIA URBEZ SANZ, MS MARIA TERESA ARCOS SANCHEZ, MS NATALIA FABRA PORTELA, MS CLARA BELÉN GARCÍA FERNÁNDEZ-MURO AND MS MARIA TERESA COSTA CAMPI. In addition, MS NATALIA FABRA PORTELA and MS PATRICIA URBEZ SANZ are members of the Audit

and Compliance Committee, MS ANA PALACIO VALLELERSUNDI and MARIA TERESA COSTA CAMPI are members of the Sustainability and Appointments Committee, and MS ANA PALACIO VALLELERSUNDI is Independent Leading Director and chairs the Sustainability and Appointments Committee.

MS CLARA BELEN GARCIA FERNANDEZ- MURO and MS MARIA TERESA ARCOS SANCHEZ are members of the Remuneration Committee, the latter being the Chairwoman of the Committee.

Enagás follows the guidelines set out in the Board Diversity and Director Selection Policy, which the Board of Directors approved on December 21, 2020, and which stipulates that efforts will be made to adopt measures that encourage the company to have a significant number of female senior managers. In this regard, as of the date of this report and with effect from March 1, 2024, four (4) members of Enagás' senior management are women: MS FELISA MARTIN VILLAN, Communication, Public Affairs & Investor Relations General Manager; MS NATALIA LATORRE ARRANZ, Energy Transition General Manager, MS SUSANA DE PABLO GARCIA, Engineering, Technology and Digitalisation General Manager and MS DOÑA MARÍA JUNCO MADERO, Technical Management of the System General Manager.

**C.1.7 Explain the conclusions of the Appointments Committee on the verification of compliance with the policy aimed at encouraging an appropriate composition of the Board of Directors.**

The Board Diversity and Director Selection Policy approved by the Board of Directors on December 21, 2020, established that the Board of Directors should ensure that the proposals for appointment or re-election of Directors promote diversity in the Board, so they should be oriented to a preferential incorporation of women into the Board and of persons who, because of their nationality or experience, have an international professional projection, in accordance with the strategy of the Company. The Director appointment or re-election proposals have been focused on achieving the goal of having at least 40% of total Board places occupied by female directors in 2022.

Enagás' Directors selection processes shall at all times take into account any other conditions, where applicable, determined by the company's Sustainability and Appointments Committee and the applicable laws.

In addition, for the presentation of the proposed candidates, the Sustainability and Appointments Committee receives support from prestigious executive recruitment and development firms.

The report by the Sustainability and Appointments Committee of February 21, 2022, justifying the proposed appointment and re- election of Directors for the 2021 General Shareholders' Meeting included the following:

Following the proposed appointments, the Board maintains the number of members at 15. The percentage of Independent Directors remains at 73.33% (11 out of 15), while the percentage of female directors increases to 40% (6 out of 15).

Subsequently, following the request of the CNMV, on April 25, 2022, the director Ms Maria Teresa Costa Campi was changed from Independent Director to "Other External Director," given her recent relationship with the Sociedad Estatal de Participaciones Industriales (SEPI) as a proprietary director of Red Eléctrica Corporación, S.A.

On April 24, 2023, the Board of Directors of Enagás, S.A., at the proposal of the Sustainability and Appointments Committee, resolved to reclassify the Director María Teresa Costa Campí as an independent director, once the period of one year from the time she ceased to be a proprietary director of Red Eléctrica Corporación, S.A. had elapsed.

Thus, the Board of Directors complies with all the recommendations in terms of size and composition currently set out in the CNMV's Good Governance Code for Listed Companies, having reached in 2022 the target of 40% of women on the Board recommended by the Code by 2022.

**C.1.8 Explain, if applicable, the reasons why proprietary directors have been appointed upon the request of shareholders who hold less than 3% of the share capital:**

C.1.16 Indicate the procedures for selection, appointment, re-election and removal of directors. List the competent bodies and the processes and criteria to be followed for each of these procedures.

Pursuant to article 8 of the Rules and Regulations of the Organisation and Functioning of the Board of Directors of Enagás:

- 1.- Directors shall be appointed at the General Shareholders' Meeting or by the Board of Directors in conformity with the provisions of the Corporate Enterprises Act and the company's Articles of Association.
- 2.- Candidates must be persons who, in addition to satisfying the legal and statutory requirements of the post, have recognised prestige and appropriate professional knowledge and experience to perform their duties. The Sustainability and Appointments Committee is responsible for proposing the appointment of Independent Directors. The proposals for the appointment or re-election of Non-independent Directors which the Board of Directors submits to the General Shareholders' Meeting, as well as appointments adopted by the Board by virtue of its powers of co-option, must be made subject to a report from the Sustainability and Appointments Committee. When the Board of Directors does not agree with the Committee's recommendations, it must explain its reasons and duly record them in the minutes. The appointment proposals shall be accompanied by a report from the Board justifying the competencies, experience and merits of the proposed candidate. This report shall be attached to the minutes of the General Meeting or of the Board. The foregoing will also be applicable to natural persons appointed as representatives of a legal person Director. The proposal for a natural person representative must be submitted to the Sustainability and Appointments Committee. Only legal entities belonging to the public sector may be appointed to the Board of Directors, and they may be appointed to the Board in representation of a portion of the share capital.
3. The Board of Directors must ensure that the procedures for the selection of its members favour diversity in aspects relating to training and professional experience, age, gender or disability, and that they are not implicitly biased in such a way as to imply any kind of discrimination and, in particular, that they facilitate the selection of female directors in a number that makes it possible to achieve a balanced presence of women and men.  
(Continues in section H) OTHER INFORMATION OF INTEREST.- EXPLANATORY NOTE ON SECTION C.1.16).

C.1.17 Explain, if applicable, to what extent the annual evaluation of the board has prompted significant changes in its internal organisation and the procedures applicable to its activities:

#### Description of amendments

Every year, the Company carries out an assessment of the Board. The format and content are adapted each year to the needs and situation of the Company and to the best practices of good governance. The results obtained from these board assessment processes are taken into account by the Company to improve the internal functioning, deliberation and decision-making of both the Board of Directors as a whole and its Committees.

Describe the evaluation process and the areas evaluated by the board of directors assisted, where applicable, by an external consultant, regarding the operation and membership of the board and its committees and any other area or aspect that has been subject to evaluation.

#### Description of the evaluation process and areas evaluated

The annual assessment of the Board consisted of a process in which, with the assistance of the advisory firm Georgeson, the directors completed a written questionnaire and held an interview with Georgeson. This process results in a report of findings and a work plan.

The matters on which directors are consulted originate in:

- The provisions of the recommendations of the Good Governance Code of Listed Companies of the National Securities Market Commission and its technical guides on audit committees and appointments and remuneration committees, as well as the Corporate Enterprises Act.
- The duties assigned to the Board and its committees by law, the Articles of Association and the Rules and Regulations of the Board.
- The assessment exercises carried out by the company in previous years and the areas for improvement detected.

The evaluation is composed of the following sections: section on general assessment, section on assessment of the functioning of the Board of Directors, section on the Evaluation of the Chairman of the Board of Directors, section on the Evaluation of the Chief Executive Officer, section on the Independent Leading Director, section on the Evaluation of the Secretariat of the Board, section on the Evaluation of the Audit and Compliance Committee, section on the Evaluation of the Sustainability and Appointments Committee, and section on the Evaluation of the Remuneration Committee. Finally, the assessment includes a section on the proposal for an action plan to further improve the functioning and effectiveness of the management bodies.

C.1.18 Explain, for those financial years in which the evaluation has been assisted by an external advisor, the business relationship that the advisor or any group company maintains with the company or any group company.

For the 2023 assessment of the Board, the Company contracted Georgeson as an external advisory firm to assist the Board in this area. 2023 has been the first year in which the advisory firm Georgeson has assisted the Company in assessing the Board. The Company's (and its group's) contracts with Georgeson for consulting and advisory services amounted to 41,000 thousands of euros in 2023.

C.1.19 Indicate the cases in which Directors must resign.

In accordance with the Good Governance recommendations, article 12.2 of the Rules and Regulations of the Organisation and Functioning of the Board of Directors of Enagás stipulates that:

12.2.- Directors must place their offices at the Board of Directors' disposal, and tender their resignation, if the Board deems fit, in the following cases:

- a) When they are affected by instances of incompatibility or prohibitions laid down in Law, the Articles of Association, and in these Regulations.
- b) When they are in serious breach of their obligations as Directors.
- c) When they may put the interests of the Company at risk or damage its credibility and reputation. In particular, a Director must inform the Board of Directors of any criminal case in which he or she appears as being under investigation, along with any procedural developments.
- d) When the reason for which they were appointed as Directors no longer exists.
- e) When Independent Directors cease to meet the conditions required under Article 9.
- f) When the shareholder represented by a Proprietary Director sells its entire interest. They shall also do so, in the appropriate number, when that shareholder reduces its stake to a level requiring a reduction in the number of its Proprietary Directors.

Should the Board of Directors not deem it advisable to have a Director tender their resignation in the cases specified under d), e) and f), the Director must be included in the category that, in accordance with these Rules and Regulations, is most appropriate based on their new circumstances.

When, either through resignation or by resolution of the General Meeting, a Director leaves their position before the end of their mandate, they shall properly explain the reasons for their resignation. Non-executive directors shall write down their opinion on the reasons why, if applicable, the General Shareholders' Meeting relieves them of their duties, in a letter to be sent to all members of the Board of Directors. Aside from reporting such facts in the Annual Corporate Governance Report, insofar as it is relevant for investors, the Company shall announce the Director's departure as soon as possible, including sufficient reference to the reasons or circumstances provided by the Director.

C.1.20 Are qualified majorities other than those prescribed by law required for any type of decision?:

- Yes  
 No

If applicable, describe the differences.

C.1.21 Indicate whether there are any specific requirements other than those relating to the Directors, to be appointed chairman of the board of directors:

- Yes  
 No

C.1.22 Indicate whether the articles of association or the board regulations set any age limit for directors.

Yes  
 No

C.1.23 Indicate whether the articles of association or the board regulations set a limited term of office or other stricter requirements for independent directors different to the one established in the regulations:

Yes  
 No

Additional requirements and / or maximum number of years in office

Article 3 section c) of the Rules and Regulations of the Organisation and Functioning of the Board of Directors establishes that:

c) Directorships may not be exercised by natural persons or legal persons that exercise control or rights in a company carrying out functions of production or commercialisation of natural gas, or by any other natural persons or legal person the presence of whom on the Board, pursuant to the legislation applicable to the hydrocarbons sector, may affect the Company's status as transmission system operator.

This article applies to all directors, irrespective of their category, although it is a stricter requirement in addition to those laid down in law for independent directors.

C.1.24 Indicate whether the articles of association or board regulations stipulate specific rules on appointing a proxy to the board of directors, the procedures thereof and, in particular, the maximum number of proxy appointments a director may hold. Also indicate whether there are any restrictions as to what categories may be appointed as a proxy other than those stipulated by law. If so, give brief details.

According to article 39 of the Consolidated Text of the Articles of Association, the Board of Directors shall be validly constituted when the majority of its members are in attendance or represented at it. The Directors must attend the meetings of the Board in person. Without prejudice to the foregoing, Directors may grant a proxy to another Director. Non-Executive Directors may only grant a proxy to other Non-Executive Director.

In addition, according to Article 7.3 of the Rules and Regulations of the Organisation and Functioning of the Board of Directors, Directors must attend the meetings in person. Without prejudice to the foregoing, in those cases where they are unable to do so, Directors must grant a proxy to another Director. Non-Executive Directors may only grant a proxy to other Non-Executive Director. Proxies for the representation of absent Directors may be granted by e-mail or by any other means that provides proof of receipt addressed to the Chairperson or Secretary of the Board.

C.1.25 Indicate the number of board of directors meetings held during the year. Indicate, where appropriate, how many times the board has met without the chairman's attendance. Attendance will also include proxies appointed with specific instructions.

Number of Board meetings	12
Number of board meetings held without the chairman's attendance	0

Number of meetings with physical attendance of at least 80% of board members	12
% of physical attendance as a total of the votes cast during the year	100.00
Number of meetings with physical attendance or proxies appointed with specific instructions from all the directors	12
% of votes cast with physical attendance and representations with specific instructions out of total votes during the year	100.00

C.1.27 Indicate whether the consolidated and individual annual accounts submitted for authorisation for issue by the board are certified previously:

- Yes  
 No

Identify, where applicable, the person(s) who certified the company's individual and consolidated annual accounts prior for their authorisation for issue by the board:

Name	Position
MR LUIS ROMERO URRESTARAZU	FINANCIAL GENERAL MANAGER
MR ANTONIO LLARDÉN CARRATALÁ	CHAIRMAN

C.1.28 Explain the mechanisms, if any, established by the Board of Directors to ensure that the annual accounts presented by the Board of Directors to the General Shareholders' Meeting are prepared in accordance with accounting regulations.

The Board of Directors ensures that the Annual Accounts and the Management Report provide a true and fair view of the Company's equity, financial position and results of operations, in accordance with the law, as stipulated in article 5) of its Regulations.

The Board of Directors endeavours to present the Annual Accounts in such a way that there are no grounds for qualifications by the company's Accounts Auditor, by taking into account all comments or recommendations that the Audit and Compliance Committee may have made previously in its report. However, if the Board of Directors determines that it must stand by a contrary view, it shall publicly explain the content and extent of the discrepancy.

As an internal committee of the Board, the Audit and Compliance Committee is assigned certain competences that are effective mechanisms to ensure that the Annual Accounts prepared by the Board are drawn up in accordance with accounting standards, as stipulated in article 26 of the Rules and Regulations of the Board of Directors and in Article 8 of its Regulations, the details of which can be consulted on section 2 of the Annual Activity Report of the Audit and Compliance Committee.

During the financial year, the Audit and Compliance Committee shall meet at least quarterly with the accounts auditor in order to obtain their conclusions regarding the quarterly revision prior to the publication of results. Likewise, the Interim Condensed Consolidated Financial Statements are subject to a limited revision by the Accounts Auditor with the issuance of the corresponding report.

These competences of the Audit and Compliance Committee are designed to minimise the impact of any accounting aspect that becomes evident throughout the financial year, introducing, if necessary, the appropriate measures to avoid them, and enabling the Board members to be kept informed of the most relevant aspects of the audit throughout the year.

In fact, the audit reports on the annual accounts have historically been issued without qualifications, as reflected in the information submitted to the National Securities Market Commission and published on its website.

During 2023, the Audit and Compliance Committee presented to the Board, together with the Accounts Auditor:

- On February 20, 2023, the report on the conclusions of the audit of the annual accounts at December 31, 2022 of Enagás, S.A. and its consolidated group.

- On July 24, 2023, the report with the results of the limited review performed on the interim condensed consolidated financial statements of Enagás and its subsidiaries as of June 30, 2023.

The Audit and Compliance Committee also informed the Board of Directors of the reports presented by the auditor, corresponding to the interim financial statements of March 31, 2023, September 30, 2023, as well as the preliminary report on the closing of the financial year at December 31, 2023.

C.1.29 Is the secretary of the board also a director?

Yes  
 No

Complete if the Secretary is not also a Director:

Name or corporate name of the secretary	Representative
MR DIEGO TRILLO RUIZ	

C.1.30 Indicate the specific mechanisms established by the company to safeguard the independence of the external auditor, as well as any mechanisms to safeguard the independence of financial analysts, investment banks and rating agencies, including how the legal provisions have been implemented in practice.

As a general rule, the Enagás Code of Ethics serves as a code of conduct for all employees in their professional activities and in relation to all the company's stakeholders. Enagás has the necessary procedures to ensure due diligence in the issues related to this area, as well as an Ethical Compliance Committee, which is a collegiate body to which the Audit and Compliance Committee delegates management of the notifications and consultations concerning this matter. Compliance with the Code of Ethics is mandatory for all employees, managers and directors of Enagás, as well as its suppliers, contractors and collaborators or business partners in their respective areas of relationship with the Company. Affiliates have an ethics and compliance model that is appropriate for the environment they operate in.

In relation to the mechanisms established to preserve the independence of the external auditors, the Enagás Audit and Compliance Committee oversees the independence of the External Auditor, based on the development of the functions established in Article 8 iv) of its Regulations, the details of which are included in section 2 of the Annual Activity Report of the Audit and Compliance Committee.

In accordance with the provisions of the Internal procedure for engagement and relationship with the accounts auditors (section 8.3.1.): "The Audit and Compliance Committee shall assure the independence of Enagás' accounts auditor. In this regard, it must authorise, prior to its formalisation, any contract it intends to enter into with the auditor or with any member of its network for the provision of services other than auditing services to the Company or to any of the companies in its Group, in order to be able to analyse individually and globally any points which could undermine its independence arising from such contracts, before formalising them."

In turn, the Audit, Control and Risk Department, in accordance with the functions entrusted to it by the Audit and Compliance Committee and as specified in the General Internal Audit Regulations, oversees compliance with the Accounts Auditing Law 22/2015 and European Regulation 2014/537 and Directive 2006/43/EC, carrying out the following supervisory activities to guarantee the auditor's independence:

- Before issuing the accounts audit report, assisting the Audit and Compliance Committee in preparing the report, expressing an opinion on the independence of the accounts auditors, which will include a review of the declaration of independence issued by the auditors.

- Coordinating with the various business areas of Enagás and its subsidiaries, as well as with the relevant affiliates (through the Audit Committees), the process of contracting non-audit services required of the accounts auditor at Enagás, in order to analyse whether such engagements could undermine the independence of the accounts auditor.

- Analysing any question that could jeopardise the independence of the accounts auditor and its company, calling upon it to provide Enagás with information on any such issues that could undermine its independence, as well as the possible safeguards to be adopted.

- Examining, for subsequent approval by the Audit and Compliance Committee, the services requested from the auditor other than those prohibited.

Likewise, indicate for how many years the current firm has been auditing the annual accounts as a percentage of the total number of years over which the annual accounts have been audited:

	Individual	Consolidated
Number of consecutive years	8	8
No. of years audited by current audit firm / No. of years the company or its group have been audited (%)	16.00	16.00

C.1.35 Indicate and, where appropriate, give details of whether there are procedures for directors to receive the information they need in sufficient time to prepare for meetings of the governing bodies:

Yes  
 No

Details of procedure

Article 6 of the Rules and Regulations of the Organisation and Functioning of the Board of Directors establishes that:

1.- The Board of Directors shall meet at least once every two months and, in any case eight times a year, and on the motion of the Chairman, whenever the Chairman deems it fit for the proper running of the Company. A call must be issued when so requested by a majority of the Directors, as set forth in Article 39 of the Articles of Association.

Directors who represent at least one third of the members of the Board of Directors may call the meeting, stating its agenda, to be held in the locality where the registered office is located, if they have requested the Chairman to convene the meeting, and the meeting has not been called within one month without reasonable cause.

Except in cases where the Board has been constituted or has been convened exceptionally on account of urgent circumstances, the Directors must have the requisite information at their disposal sufficiently in advance to be able to deliberate and adopt resolutions on the business to be transacted. To this end, the Agenda of the meetings shall clearly indicate those points on which the Board of Directors must take a decision or resolution. The Chairman of the Board of Directors, in collaboration with the Secretary, must ensure that this obligation to provide information is fulfilled.

In those cases in which, exceptionally, for reasons of urgency, the Chairman wishes to submit to the approval of the Board decisions or resolutions not appearing in the Agenda, this shall require the express prior consent of the majority of the Directors present at the meeting, which will be duly recorded in the minutes.

Ordinary meetings of the Board shall transact general business relating to the Group's performance, earnings, balance sheet, investments, the company's cash position and how it compares to the adopted budget, the business referred to in Article 5, if applicable, and the business listed on the Agenda, to be drawn up pursuant to these Regulations.

At these regular meetings the Board shall receive timely information on the movements of the shareholders and of the opinion that significant shareholders, investors and rating agencies hold regarding the Company and its Group. Similarly, the Board of Directors shall receive timely information on the main operational achievements and difficulties and any foreseeable circumstances which may prove critical for the company's affairs, and shall consider the course of action proposed by company management in response.

2.- Notices convening ordinary sessions shall be issued by the Chairman or the Secretary, or by the Vice Chairman on order of the Chairman, may be effected by any channel, and shall specify the meeting venue and agenda. The Chairman shall call the Board to meet when so requested by the Independent Leading Director in accordance with Article 18 of these Board Regulations.

The notice of meeting, which other than in exceptional circumstances shall be issued at least three days in advance of the intended date of the meeting, shall contain all information and documents thought appropriate or relevant for Directors to be properly informed. Directors shall further be furnished with the minutes of the previous meeting, whether or not such minutes have been adopted. The power to set the agenda of a meeting rests with the Chairman, but any Director may request in advance of the calling of such meeting that there be added to the agenda any items which in their view ought to be addressed by the Board.

The Board shall be properly constituted without need of prior notice if, all Directors being present in person or by proxy, the Directors unanimously consent to the holding of the meeting.

3.- The meetings of the Board of Directors shall normally be held at the registered office, but may also be held in any other place determined by the Chairman and indicated in the notice of meeting, and by any means determined by the Chairman in accordance with the provisions of article 39 of the Company's Articles of Association.

C.1.36 Indicate and, where appropriate, give details of whether the company has established rules obliging directors to report and, where appropriate, resign when situations arise that affect them, whether or not related to their actions at the company itself, which could damage the credit and reputation of the company:

Yes  
 No

Detail the rules

Pursuant to Good Governance Recommendations, article 12 of the Rules and Regulations of the Organisation and Functioning of the Board of Directors establishes that Directors must place their offices at the Board of Directors' disposal, and tender their resignation, if the Board deems fit, when, inter alia, they may put the interests of the Company at risk or damage its credibility and reputation. In particular, a Director must inform the Board of Directors of any criminal case in which he or she appears as being under investigation, along with any procedural developments.

When, either through resignation or by resolution of the General Meeting, a Director leaves their position before the end of their mandate, they shall properly explain the reasons for their resignation. Non-executive directors shall write down their opinion on the reasons why, if applicable, the General Shareholders' Meeting relieves them of their duties, in a letter to be sent to all members of the Board of Directors. Aside from reporting such facts in the Annual Corporate

Governance Report, insofar as it is relevant for investors, the Company shall announce the Director's departure as soon as possible, including sufficient reference to the reasons or circumstances provided by the Director.

C.1.37 Indicate, unless there are special circumstances that have been set down in the minutes, whether the Board has been informed of or has otherwise learned of any situation that affects a director, whether or not it is related to their actions in the company itself, and which could damage the company's good name and reputation:

Yes

No

C.1.38 List the significant agreements entered into by the company which come into force, are amended or terminate in the event of a change of control of the Company due to a takeover bid, and their effects.

There are no such significant agreements.

C.1.39 Identify, individually when referring to directors, and in aggregate form in other cases and provide detailed information on agreements between the company and its officers, senior managers and employees that provide indemnities for the event of resignation, unfair dismissal or termination as a result of a takeover bid or other type of operations.

Number of beneficiaries	9
Type of beneficiary	Description of the agreement
Chief Executive Officer and Senior Management	The company has an agreement with the Chief Executive Officer and EIGHT (8) of its senior managers that include express severance pay clauses. The clauses in each case are applicable in cases of company termination of the contract, unfair disciplinary dismissal, dismissal for the reasons outlined under article 52 of the Workers' Statute or as decided by the senior manager citing one of the reasons outlined under article 50 of the Workers' Statute provided the resolution is certified by means of conciliation between the parties, court judgement, arbitration award, or resolution by a competent administrative body. They are not applicable if the resolution is the result of a unilateral decision made by the Director without just cause. The termination benefits to which the Chief Executive Officer is entitled are equivalent to two years of his fixed and variable remuneration. The termination benefits to which the EIGHT (8) Senior Managers are entitled depend on their length of service at the company and their age. All such contracts have been approved by the Board of Directors following a report by the Remuneration Committee.

Indicate whether, other than in the cases provided for in law, these agreements must be reported to and/or authorised by the governing bodies of the company or its group. If they must, specify the procedures, assumptions provided and the nature of the bodies responsible for their approval or making the communication:

	Board of Directors	General Meeting
Body authorising clauses	√	

	Yes	No
Is the General Shareholders' Meeting informed of such clauses?	√

Explain the functions, including, where appropriate, those additional to those legally provided, assigned to this body, and describe the procedures and rules of organisation and operation thereof. For each of these roles, indicate the most important actions during the year and how they have exercised in practice each of the functions attributed to them, whether in the law or in the articles of association or other corporate agreements.

The Sustainability and Appointments Committee is governed by applicable legislation, the Consolidated Text of the Articles of Association and the Rules and Regulations of the Organisation and Functioning of the Board of Directors, the latest amendment of which was approved by the Board of Directors on December 19, 2022, and the Regulations of the Sustainability and Appointments Committee, which was approved by the Board of Directors on December 19, 2022.

The Sustainability and Appointments Committee is composed of six (6) Directors, appointed by the Board of Directors, which is within the limits established in article 45 of the Consolidated Text of the Articles of Associations, article 25 of the Rules and Regulations of the Organisation and Functioning of the Board of Directors and article 3 of the Regulations of the Sustainability and Appointments Committee, which set a minimum of three (3) and a maximum of seven (7) Directors. It consists of six (6) Directors, of which four (5) are Independent Directors, including the Chairwoman and one (1) is a Proprietary Director. Article 3 of the Regulations of the Sustainability and Appointments Committee sets out that Directors who are members of this Committee shall be appointed by the Board of Directors, ensuring that they have knowledge and experience in areas such as human resources, selection of Directors and Senior Managers, corporate governance and sustainability in environmental and social matters.

The Sustainability and Appointments Committee must comprise a majority of Independent Directors and Executive Directors cannot sit on this committee. In addition, gender diversity and other diversity criteria of its members must be encouraged.

As set out in article 4 of the Regulations of the Sustainability and Appointments Committee, the Board of Directors shall elect the Chairperson of the Committee from among the Independent Directors of the Committee. The Chairperson shall not have a casting vote.

As established in article 5 of the Regulations of the Sustainability and Appointments Committee, the term of a Committee member shall be the same as the term of office for a Director. A member of the Sustainability and Appointments Committee shall vacate that office if he loses his status as Director of the Company or if so decided by the Board of Directors.

The remuneration of Committee members, as provided for in Article 6 of the Committee Regulations, will be approved as established in the Articles of Association and the Board Regulations for the setting of remuneration to Directors, subject to the same requirements of public disclosure.

In the exercise of their office, a member of this Committee shall, according to Article 7 of the Committee regulations, be under the same duties and subject to the same principles of action as those prescribed for Directors in the Articles of Association, the Board Regulations and current legislation.

Pursuant to article 9 of the Regulations of the Sustainability and Appointments Committee, said committee must meet at least four (4) times a year. In 2023, the Enagás Committee met six (6) times.

In addition, meetings shall be called by its Chairperson. The Committee may seek advice both internally and externally and request the attendance of senior management personnel of the Company and its Group, as deemed necessary in the execution of its duties. Each Committee meeting shall be reported at the first subsequent meeting of the full Board, and a copy of the minutes of the Committee proceedings shall be sent to every Director.

Pursuant to Article 8 of its Regulations, the basic objectives of the Committee are to select Directors, Senior Managers and positions on the Board of Directors, to ensure the adequate composition of the Board, to examine and organise the succession of the Chairperson of the Board and the Chief Executive Officer, to evaluate the Board and its Committees and to ensure the application of best practises in the areas of sustainability, environment and social matters and good corporate governance”.

The duties of the Sustainability and Appointments Committee are set out in article 45 of the Consolidated Text of the Articles of Association and expanded in article 25 of the Rules and Regulations of the Organisation and Functioning of the Board of Directors and article 8 of the Regulations of the Sustainability and Appointments Committee. For more information see Appendix I (“Explanatory notes”) to this Report.

Explain the functions, including, where appropriate, those additional to those legally provided, assigned to this body, and describe the procedures and rules of organisation and operation thereof. For each of these roles, indicate the most important actions during the year and how they have exercised in practice each of the functions attributed to them, whether in the law or in the articles of association or other corporate agreements.

The Remuneration Committee is governed by applicable legislation, the Consolidated Text of the Articles of Association and the Rules and Regulations of the Organisation and Functioning of the Board of Directors, the latest amendment of which was approved by the Board of Directors on December 19, 2022, and the Regulations of the Remuneration Committee approved, which was approved by the Board of Directors on December 19, 2022.

The Remuneration Committee is composed of three (3) Directors, appointed by the Board of Directors, which is within the limits established in article 45 of the Consolidated Text of the Articles of Associations, article 25 bis of the Rules and Regulations of the Organisation and Functioning of the Board of Directors and article 3 of the Regulations of the Remuneration Committee, which set a minimum of three (3) and a maximum of seven (7) Directors. It is composed of three (3) members, all of whom are Independent Directors.

Article 3 of the Regulations of the Remuneration Committee provides that the members of the Committee shall be appointed by the Board of Directors, ensuring that they have knowledge and experience in areas such as human resources, design of remuneration policies and plans, etc.

The Remuneration Committee shall be composed of a majority of independent directors and may not include executive directors, and efforts shall be made to achieve a balanced representation of gender and other forms of diversity.

As set out in article 4 of the Regulations of the Remuneration Committee, the Board of Directors shall elect the Chairperson of the Committee from among the Independent Directors of the Committee. The Chairperson shall not have a casting vote.

As established in Article 5 of the Remuneration Committee Regulations, the term of a Committee member shall be the same as the term of office for a Director. A member of the Remuneration Committee shall vacate that office if they lose their status as Director of the Company or if so decided by the Board of Directors. The remuneration of Committee members, as provided for in Article 6 of the Committee Regulations, will be approved as established in the Articles of Association and the Board Regulations for the setting of remuneration to Directors, subject to the same requirements of public disclosure.

In the exercise of their office, a member of this Committee shall, according to Article 7 of the Committee regulations, be under the same duties and subject to the same principles of action as those prescribed for Directors in the Articles of Association, the Board Regulations and current legislation.

Pursuant to article 9 of the Regulations of the Remuneration Committee, said committee must meet at least four (4) times a year. In 2023, the Enagás Committee met six (5) times.

In addition, meetings shall be called by its Chairperson. The Committee may seek advice both internally and externally and request the attendance of senior management personnel of the Company and its Group, as deemed necessary in the execution of its duties. Each Committee meeting shall be reported at the first subsequent meeting of the full Board, and a copy of the minutes of the Committee proceedings shall be sent to every Director.

According to Article 8 of its Regulations, the basic objectives of the Committee are to propose and monitor the remuneration policy and the contractual conditions of Directors and senior management.

The duties of the Remuneration Committee are set out in article 45 of the Consolidated Text of the Articles of Association and expanded in article 25 bis of the Rules and Regulations of the Organisation and Functioning of the Board of Directors and article 8 of the Regulations of the Remuneration Committee. Explain the functions, including, where appropriate, those additional to those legally provided, assigned to this body, and describe the procedures and rules of organisation and operation thereof. For each of these roles, indicate the most important actions during the year and how they have exercised in practice each of the functions attributed to them, whether in the law or in the articles of association or other corporate agreements.

The Audit and Compliance Committee is governed by applicable legislation, the Consolidated Text of the Articles of Association and the Rules and Regulations of the Organisation and Functioning of the Board of Directors, the latest amendment of which was approved by the Board of Directors on December 19, 2022, and the Regulations of the Audit and Compliance Committee, the latest amendment of which was approved by the Board of Directors on December 19, 2022.

This Committee comprises four (4) members, which is within the limits established in article 44 of the Consolidated Text of the articles of Association, article 26 of the Board Regulations, and article 3 of the Audit and Compliance Committee Regulations, which set a minimum of three (3) and maximum of seven (7) members, appointed by the Board of Directors based, in particular, on their knowledge and experience on accounting, auditing, and financial and non-financial risk management. Overall, the members of the Audit and Compliance Committee shall have the pertinent technical knowledge of the gas industry.

No Executive Director may sit on the Audit and Compliance Committee and the majority of its members must be independent. Three (3) of its members are Independent, among them, the Chairman of the Committee, MS JOSE MONTILLA AGUILERA as well as MS NATALIA FABRA PORTELA and MS PATRICIA URBEZ SANZ; one (1) of the committee members, SOCIEDAD ESTATAL DE PARTICIPACIONES INDUSTRIALES (SEPI) is Proprietary Director. MR JOSE MONTILLA AGUILERA, of SOCIEDAD ESTATAL DE PARTICIPACIONES INDUSTRIALES (SEPI) and MS NATALIA FABRA PORTELA were appointed by the Board of Directors

of Enagás based on their knowledge and experience on accounting, auditing or both, as provided for in articles 44 of the Consolidated Text of the Articles of Association and 26 of the Rules and Regulations of the Organisation and Functioning of the Board of Directors.

According to Article 4 of the Audit and Compliance Committee Regulations, the Committee Chairperson shall be selected from among the Independent Directors by the Board of Directors, and shall not have a casting vote.

As established in Article 5 of the Committee Regulations, the term of a Committee member shall be the same as the term of office for a Director. A member of the Audit and Compliance Committee shall vacate that office if they lose their status as Director of the Company or if so decided by the Board of Directors. The foregoing notwithstanding the Committee Chairman shall be replaced every four (4) years. A former Chairman may be re-elected after the lapse of one year from his vacating office. The foregoing shall be without prejudice to an outgoing Chairman remaining on the Committee if so resolved by the Board of Directors on adequately reasoned grounds.

The remuneration of Committee members, as provided for in Article 6 of the Committee Regulations, will be approved as established in the Articles of Association and the Board Regulations for the setting of remuneration to Directors, and will be subject to the same requirements of public disclosure.

In the exercise of his office, a member of this Committee shall, according to Article 7 of the Committee regulations, be under the same duties and subject to the same principles of action as those prescribed for Directors in the Articles of Association, the Board Regulations and current legislation.

#### D. RELATED-PARTY AND INTRAGROUP TRANSACTIONS

- D.1** Explain, if applicable, the procedure and competent bodies for the approval of related-party and intragroup transactions, indicating the criteria and general internal rules of the entity that regulate the abstention obligations of the affected directors or shareholders and detailing the internal reporting and periodic control procedures established by the company in relation to those related-party transactions whose approval has been delegated by the board of directors.

Pursuant to article 14 bis of the Rules and Regulations of the Organisation and Functioning of the Board of Directors of Enagás S.A.:

1. The Board of Directors shall be responsible for the knowledge and approval, following a report from the Audit and Compliance Committee, of the transactions that the Company or its subsidiaries carry out with Directors, or with shareholders holding 10% or more of the voting rights, or represented on the Board of Directors of the Company, or with any other persons who are considered related parties under the terms set out in the Law ("Related-Party Transactions"), unless their approval corresponds to the General Shareholders' Meeting. The affected Directors or those who represent or are related to the affected shareholders must refrain from participating in deliberating and voting on the resolution in question in accordance with the provisions of the law. The provisions of this section shall be understood to be without prejudice to the limitations on the ownership interest in the Company's share capital set out in the special sectoral regulations applicable to Enagás, S.A.
2. For the purposes of the provisions of the foregoing section, transactions between the Company and its directly or indirectly wholly-owned affiliates shall not be deemed to be related party transactions, nor shall the approval by the Board of Directors of the terms of any contract to be entered into between the Company and any Director who is to perform executive functions, including, where applicable, the Chief Executive Officer, or senior managers, or the determination by the Board of the specific amounts or remuneration to be paid under such contracts. The transactions carried out by the Company with its subsidiaries or affiliates shall not be considered as Related-Party Transactions, provided that no other party related to the Company has an interest in such subsidiaries or affiliates.
3. The General Shareholders' Meeting shall be responsible for the approval of related party transactions whose amount or value of which equals or exceeds 10% of the total assets according to the last annual balance sheet approved by the Company. The approval of all other related party transactions shall be the responsibility of the Board of Directors, which may not delegate this power, except for transactions between Group companies carried out in the ordinary course of business and at arm's length, and transactions with related parties entered into under contracts whose standard terms and conditions apply to a large number of customers, which are made at prices or rates generally fixed by the party acting as supplier of the good or service in question, and the amount of which does not exceed 0.5% of the Company's turnover.
4. The Audit and Compliance Committee shall issue a report prior to the approval of a Related-Party Transaction by the General Shareholders' Meeting or by the Board of Directors. In this report, the Committee must assess whether the transaction is fair and reasonable from the point of view of the Company and, if applicable, of the shareholders other than the related party, and give an account of the assumptions on which the assessment is based and the methods used. The members of the Audit and Compliance Committee affected by the Related-Party Transaction cannot participate in the preparation of the report. This report shall not be mandatory in connection with the execution of Related-Party Transactions whose approval has been delegated by the Board of Directors in the cases legally permitted and provided for in these Regulations.
5. In those cases in which, in accordance with the provisions of section 3 of this article, the Board of Directors delegates the approval of Related-Party Transactions, the Board of Directors itself shall establish an internal reporting and periodic control procedure to verify the fairness and transparency of these transactions and, if applicable, compliance with the applicable legal criteria.
6. In relation to Related-Party Transactions whose approval corresponds to the General Shareholders' Meeting, the proposed approval resolution adopted by the Board of Directors shall be submitted to the General Shareholders' Meeting with the indication of whether it has been approved by the Board of Directors with or without the vote against of the majority of the Independent Directors.
7. The Board of Directors shall ensure public disclosure of the performance of Related-Party Transactions entered into by the Company or companies of its Group, the amount of which reaches or exceeds either 5% of total assets or 2.5% of the annual amount of the Company's turnover. To this end, an announcement, with the legally stipulated content, must be published in an easily accessible place on the Company's website and, in turn, it must be communicated to the National Securities Market Commission. The announcement shall be published and notified, at the latest, at the time the Related-Party Transaction is entered into and shall be accompanied by the issued report, if applicable, by the Audit and Compliance Committee. Likewise, Related-Party Transactions shall be reported in the Annual Corporate Governance Report and in the periodic public information under the terms set forth in the applicable regulations.
8. To determine the amount of a Related-Party Transaction, the transactions entered into with the same counterpart in the last twelve months shall be taken into account in aggregate.

- D.2** List individually those transactions that are significant due to their amount or relevant due to their subject matter carried out between the company or its subsidiaries and shareholders holding 10% or more of the voting rights or represented on the board of directors of the company, indicating the competent body for their approval and whether any shareholder or director affected abstained. **D.6** List the mechanisms established to detect, determine and resolve any possible conflicts of interest between the company and/or its group, and its directors, senior managers, significant shareholders or other related parties.

Article 13 of the Regulations of the Organisation and Functioning of the Board of Directors establishes that Directors shall perform their positions with the loyalty of a reliable representative, acting in good faith and in the best interest of the company. In particular, the duty of loyalty requires that Directors: [...]

c) Refrain from participating in deliberating and voting on resolutions or decisions in which they or a related person have a direct or indirect conflict of interests. Resolutions or decisions that affect them in their capacity as Director, such as their appointment to or removal from posts on the governing body or others of a similar nature, will be excluded from the preceding obligation.

d) Perform their functions according to the principle of personal responsibility with freedom of judgement or judgement and independence relating to instructions from and links with third parties.

e) Adopt the measures required to avoid becoming involved in situations in which their interests, either for their own personal reasons or those of another party, may conflict with the Company's interest or with their duties with the Company.

In particular, the obligation to avoid conflicts of interest referred to in the preceding paragraph requires that Directors refrain from:

a) Conducting transactions with the Company, except for those that are subject to waiver in accordance with the provisions of Article 14 of these Regulations, or approved in accordance with the provisions of the Law and Article 14 bis of these Regulations in relation to Related-Party Transactions.

b) Using the name of the Company or invoking their position as director to improperly influence the conducting of private transactions.

c) Using the corporate assets, including the Company's confidential information, for private purposes.

d) Taking advantage of the Company's business opportunities.

e) Obtaining benefits and remunerations from third parties other than the Company and its Group associated with the performance of their duties, except for acts of mere courtesy.

f) Conducting activities for themselves or for another party that, actually or potentially, entail effective competition with the company or that, in any other manner, place them in permanent conflict with the Company's interests.

The above provisions will also be applicable if the beneficiary of prohibited acts or activities is a person related to the Director.

In any event, Directors must inform the other Directors and the Board of Directors of any direct or indirect situation of conflict that they or persons related to them may have with the Company's interests.

Direct and indirect conflicts of interest affecting Directors shall be disclosed in the Annual Report. (Continues in section H) OTHER INFORMATION OF INTEREST.- EXPLANATORY NOTES ON SECTION D6).

**D.7** Indicate whether the company is controlled by another entity according to the definition set forth in article 42 of the Commercial Code, whether listed or not, and has, directly or through its subsidiaries, business relationships with that entity or any of its subsidiaries (other than those of the listed company) or carries out activities related to those of any of them.

**E. RISK CONTROL AND MANAGEMENT SYSTEMS**

**E.1 Describe the scope of the Company's Risk Control and Management system for financial and non-financial risks, including fiscal.**

The Enagás Group has established a risk control and management model based on the principle of due control, aimed at guaranteeing the achievement of its targets in line with the company's risk tolerance level and the risk appetite approved by the governing bodies, and with a risk profile periodically assessed for all its risks.

This model allows you to adapt to the complexity of your business activity in a competitive environment globalised, in a complex economic context, where the materialisation of risks is faster and with a contagious effect evident.

The model is based on the following aspects:

- The establishment of a risk appetite framework, which sets out the levels of risk that the company considers acceptable. These risk levels are consistent with the Strategic Plan, with the business targets established, with the market context in which the company's activities are carried out, with the risk indicators identified and with the thresholds and tolerance limits associated with each type of risk.
- The general consideration of certain types of risks (financial and non-financial) to which the Enagás Group is exposed (see details in section E.4).
- The segregation and independence of the functions of risk control and management at the company, aligned with the "three lines of defence" model.
- The assignment to the Governing Bodies in matters of risk management (the Audit and Compliance Committee of the Board of Directors and the Executive Committee) of overseeing the level of risk of the company, ensuring that it remains within the levels that can be assumed.
- The development of the Risk Control and Management Policy through the General Risk Control and Management Regulations, procedures and methodological manuals with operational instructions, as well as other general regulations.
- The transparency of information supplied to third parties, to guarantee its reliability and accuracy.

The risk control and management function is articulated around three lines of defence, with differentiated roles and responsibilities, as follows.

These lines are the following:

- First line of defence: made up from the organisational units which assume the risks in the ordinary course of their activities. They are the owners of the risks and are responsible for identifying them.
  - Second line of defence: the Risk Unit, in charge mainly of ensuring that the risk control and management system works correctly, defining the regulatory framework and approach, and performing periodic monitoring and overall control of the company's risks.
  - Third line of defence: constituted by the Internal Audit Area, responsible for supervising the efficiency of the Integrated Risk System, as well as the effectiveness of the controls and mitigation measures established.
- The integral analysis of all risks permits the appropriate control and management thereof, an understanding of the relationships between them and facilitates their joint assessment. This is accomplished by taking into account, inter alia, the differences of each type of risk in terms of its nature, handling capacity and risk measurement tools.

Enagás has established a regulatory framework for risk through the "Risk Control and Management Policy" and the "General Regulations for Risk Control and Management" setting out the basic principles governing the risk function, which applies to all companies in which the Group has effective control and identifying the roles of the various decision-making bodies and the constituent parts of the risk management system. In those companies where it does not have effective control, the Company promotes the implementation of Risk Control and Management Models whose principles, guidelines and risk limits are consistent with the principles set out in the Group's Policy.

According to the nature of the events and the triggers, monitored risks are classified as: strategic and business risks, operational and technological risks, financial and fiscal risks, credit and counterparty risks, compliance and model risks, reputational risks and criminal liability risks. Enagás is also exposed to cross-cutting risks that do not correspond to a single risk category but may be correlated with several of them, namely risks related to the three pillars of sustainability: environmental, social and governance (ESG).

**E.2 Identify the governing bodies of the company responsible for preparing and implementing the Risk Control and Management system for financial and non-financial risks, including fiscal.**

The main bodies responsible for the Risk Management System and their main functions are:

A. Board of Directors: The Enagás Group Board of Directors is responsible for approving the risk control and management policy, including tax risks, and oversight of its internal information and control systems. Other responsibilities with respect to risks are carried out by the Audit and Compliance Committee.

B. Audit and Compliance Committee: The mission of this Committee is to assist the Board of Directors in all matters related to the company's risks. Its functions related to risk control and management are:

a. Overseeing and assessing the effectiveness of the control and management systems for financial and non-financial risks relating to the Company and its Group, including operational, technological, legal, social, environmental, political, tax and reputational risks or corruption and anti-bribery risks, so that any such risks are adequately mitigated within the framework of the Company's internal policy. Submitting recommendations or proposals to the Board of Directors to improve these systems along with the corresponding deadline for dealing with them. In particular, if warranted by its importance, overseeing the control and management measures implemented in relation to cybersecurity risk, including cyber-attack response and recovery plans.

b. Oversee the risk control and management unit, which shall, among other functions, ensure the proper functioning of the risk control and management systems and, in particular, identify, manage and adequately quantify all material risks affecting the Company; actively participate in the development of the risk strategy and major decisions on its management; and ensure that the risk control and management systems adequately mitigate risk under the policy defined by the Board of Directors, and ensure that they are effectively implemented in practice.

c. Assessing the company's risks and examining the analyses of risks that affect the business, the types of which are set out in the internal risk policies. This periodic information is prepared in accordance with internal rules, including the identification, measurement and establishment of management measures for the key risks affecting the company.

d. Reporting to the Board of Directors on any risks uncovered, with an assessment thereof, and any key issues concerning risks. In particular, it shall reassess, at least every year, the list of the most significant financial and non-financial risks and assess their tolerance level, proposing an adjustment of these to the Board, if necessary.

e. Holding at least one meeting annually with the senior managers of the business units in which they explain business trends and the associated risks.

f. Ensuring the independence of the risk control and management function, Ensuring that the compliance unit has the human and material resources needed for optimum performance of its functions, as well as reporting and proposing to the Board of Directors on the selection, appointment, renewal and replacement of the head of the risk control and management function.

C. Executive Committee: It coordinates the set of strategic and operational activities to maximise the profitability of the business with certain degrees of uncertainty. Part of the duties of this committee are:

a. Approve the overall risk framework and define the risk strategy.

b. Periodically review the risk profile determined for the main corporate risks and verify that they are at levels acceptable to the company. In cases where they exceed acceptable levels, review the proposed management and control measures, ensuring that they are aligned with the corporate strategy and its targets.

c. In relation to the company's risk appetite, approve its limits annually, before presenting them to the Audit and Compliance Committee, and ensure that risks remain within the established limits.

d. Ensure that the risk control and management model operates effectively within the organisation.

**E.3.** Indicate the main financial and non-financial risks, including fiscal risks and, to the extent that they are significant, those derived from corruption (the latter being interpreted under the scope of Royal Decree-Law 18/2017), which may affect the achievement of business objectives.

The main risks affecting the Enagás Group in the development of its business can be classified as follows:

-Strategic and Business Risks: These are risks which are inherent to the gas sector and are linked to potential losses of value or results derived from external factors, strategic uncertainties, economic cycles, changes to the environment, changes to patterns of demand, competition and market structure or changes to the regulatory framework, as well as those derived from taking the incorrect decisions in relation to business plans and company strategies. The activities carried out by the Enagás Group are mainly affected by risks associated with variations in the regulatory framework, obtaining licences and administrative authorisations, delays and cost overruns in the development of infrastructure projects, deployment of renewable gases and commercial risk.

- Operational and Technological Risks: During the operation of the infrastructures of the Enagás Group, losses of value or deterioration of results can occur due to the inadequacy, failures of physical equipment and computer systems, errors of human resources or derived from certain external factors.

The main operational and technological risks to which the Company is exposed are:

- Industrial risk, relating to incidents during operation of transmission infrastructure, regasification plants, and underground storage facilities, which potentially involve great damage. They are very often conditioned by the nature of the fluid under management.
  - Cybersecurity, cyber-attacks on the company's industrial and corporate systems (unwanted attempts to steal, expose, alter, disable or destroy information through unauthorised access to these systems), in the various forms in which they may occur (e.g. economic, espionage, activism or terrorism).
- Financial and Fiscal Risks: They correspond to possible losses or possible fluctuations in prices and market variables that lead to changes in the value or results of the company. Included:
- Interest rate risk: Interest rate fluctuations may affect the fair value of those assets and liabilities that accrue interest at fixed rates and the future cash flows from assets and liabilities that accrue interest at floating rates. The objective of interest rate risk management is to create a balanced debt structure that minimises finance costs over a multi-year period while also reducing volatility in the income statement.
  - Exchange rate risk: It relates to debt transactions denominated in foreign currency, income and expenses relating to companies whose functional currency is not the euro and the effect of converting the financial statements of those companies whose currency is not the euro during the consolidation process. Changes in exchange rates may affect debt positions denominated in foreign currency. The exchange rate risk management is designed to balance the cash flows of assets and liabilities denominated in foreign currency in each of its subsidiaries.
  - Liquidity and funding risk: In relation to liabilities, this risk arises when transactions cannot be executed or when the company fails to meet its operational or financial obligations due to insufficient own funds or the absence of access to financial markets. In relation to assets, it is the risk of not being able to obtain, at a given point in time, a purchaser for the asset for sale at market price or the lack of a market price. The Group maintains a liquidity policy that is consistent in terms of contracting credit facilities that are unconditionally available and temporary financial investments in an amount sufficient to cover the projected needs over a given period of time.
  - Tax risk: Uncertainties associated with the interpretation of tax issues or legal frameworks that negatively affect the company's results. With respect to these risks, the Company is exposed to possible modifications in tax regulatory frameworks and uncertainty relating to different possible interpretations of prevailing tax legislation, potentially leading to negative effects on results.
  - Credit and Counterparty Risks: Relate to the possible losses arising from the non-payment of monetary or quantifiable obligations of a counterparty to which the Company has actually granted net credit which is pending settlement or collection. Credit obligations before they mature, or upon their arrival, are included.

#### E.4. Identify if the company has a risk tolerance level, including fiscal.

The Enagás Group has established a risk assessment process based on the identification, quantification and measurement of the risks identified. The identification implies the qualitative individualisation of those risks to which the company is exposed in the ordinary course of business on a continuous and systematic basis. This process of continuous identification is necessary because the risk inventory is dynamic and is conditioned by changes in the business context, the strategic approach adopted and the performance of ordinary activities. The assessment is based on the quantification of the level of risk according to the overall vision of the company. Together, the Risk area and the business units set the assumptions to define and quantify the risk scenarios in terms of impact and probability of risks materialising. Various methodologies are used to measure risk, taking into account the characteristics of each risk or the information available. These methodologies can be used to construct the associated probability distributions and define risk scenarios (quantitative assessment using stochastic or deterministic methods, assessment using qualitative estimates). This process makes it possible to set the level of risk. There are four levels of risk, with thresholds that delimit them, determined according to the company's degree of risk tolerance.

The Enagás Group Risk Control and Management Model defines the risk appetite framework, which corresponds to the maximum level of risk the company is willing to take on in order to meet its targets, and which is expressed by means of risk limits. The level of risk tolerance is the result of the deviation in the level of risk the company takes on at a specific moment in relation to the Company's risk appetite. The Company has defined a set of limits for the main types of risk that it may present (strategic and business risks, operational and technological, including cybersecurity, financial and fiscal and compliance and model risks), with the establishment of the maximum acceptable level of risk, which must be in line with the Budget and the 2022-2030 Strategic Plan. These limits, which are specified in a series of indicators monitored periodically throughout the year, are reviewed annually and approved by the Board of Directors through the Audit and Compliance Committee, within the framework of its functions in the sphere of risk control and management of the Company. The Audit and Compliance Committee monitors the adherence to these limits on a quarterly basis, using the specified risk indicators.

**E.5 Identify any financial and non-financial risks, including fiscal, which have occurred during the year.**

The company had a medium-moderate risk profile over the course of 2023, partly due to the existence of corporate risk control and management systems. Seven claims have materialised, caused by extraordinary weather events (floods and atypical cyclonic storms) in different geographical areas where the company's assets are located. Around 80% of the total costs incurred has been recovered by the insurance consortium, with an excess of 7% of the total recovered. The material relevance of the economic impact of these claims in terms of cost overruns is very insignificant (0.08% of net profit). After these disasters, infrastructure protection measures have been reinforced (improving the existing breakwaters) to better withstand the rains. The costs associated with these improvements are already included in the previous calculation, so they do not represent an extra cost.

The regulated business experienced cost overruns in relation to deviations from the budget, primarily due to losses incurred in the transmission assets, and estimated to have an impact of approximately 3% of net profit. The company is actively working on measures to control and manage this risk. However, it should be noted that there are factors external to the company that have a significant effect on this risk, such as: gas prices, measurement differences in units carried out by third parties, gas quality or system operating conditions derived from demand levels. The company has implemented various measures to mitigate this risk, such as the monitoring of the metrological control of the units of measurement (to reduce real wastage) and some specific initiatives that have been carried out together with the regulator.

Finally, there has been a very insignificant impairment (0.57% of net profit) in the value of one of the affiliates.

**E.6 Explain the response and supervision plans for the main risks of the entity, including fiscal risks, as well as the procedures followed by the company to ensure that the board of directors responds to the new challenges that arise.**

A series of control activities defined by each of the business units and corporate departments are associated with the main risks identified by the company to ensure that it can respond adequately and in a timely manner.

The Board of Directors approves the Group's Risk Control and Management Policy and regularly monitors the main corporate risks on a quarterly basis in order to respond to the challenges posed by the various risks. In addition, the Audit Committee monitors the effectiveness of the risk control and management systems to ensure appropriate risk mitigation, makes recommendations or proposals to the Board of Directors to improve these systems, assesses the Group's risks on a quarterly basis and reviews the analyses of risks affecting the Group's activities, and reports to the Board of Directors on the risks identified and their assessment, as well as on all relevant risk prevention issues.

The Company has established a set of controls that provide a general framework at Group level that enables overarching and company-wide standards of behaviour or individual corporate bodies to be defined for the entire company.

This framework of general controls helps to prevent certain types of transversal risk:

To prevent the materialisation of compliance risk, the Group has procedures in place that describe actions aligned with applicable regulations at all times.

To prevent the risk of criminal liability for the company from materialising, the Enagás Group has a Crime Prevention Model and has implemented the measures necessary to prevent the commission of acts potentially constituting a crime.

To prevent and control reputational risks, among other actions, there are different communication and action measures with stakeholders (media, investors, regulator, etc.).

Other general controls include the following:

- ? Organisational culture and code of conduct and how they are communicated and implemented within the company
- ? Corporate policies and procedures and the effect they have on management and operations within the company
- ? Allocation of authority and responsibilities throughout the Group's organisation based on the organisational structure
- ? The communication protocols used within the group to share information, procedures or policies
- ? Centralised functions (e.g. legal department or treasury function) to enable consistent application of policies and procedures across the group.
- ? Those indirect controls within the company that address the risks of material misstatement due to fraud
- ? The nature and extent of the whistleblowing programmes implemented by management for the group

However, controls can vary considerably depending on the nature of the risk and the development of the specific type of control associated with it. For instance:

Regarding strategic and business risks related to international asset management, controls include monthly monitoring of planning for international assets and returns on investments, among others. Regarding regulatory risks, controls and mitigating actions include, inter alia, active participation in regulatory development through the elaboration of proposals, ongoing cooperation with (domestic and European) regulators and public administrations.

Regarding infrastructure operation (e.g. damage, incidents), risks are mitigated through the design of maintenance and continuous improvement plans, the definition and monitoring of quality indicators, and control systems and alerts, which ensure service continuity and quality. Likewise, there is an insurance schedule in place for transferring these risks to a third party. The company has various measures in place to control and manage cybersecurity risks, such as the Cybersecurity Master Plan with specific preventive action measures, indicators and alarm and detection and blocking systems, and specific contingency and remediation plans. Specific insurance policies and coverage for cyber-attacks are in place. Note that there is a Cybersecurity Committee to monitor the preventive and corrective measures carried out, and these are supervised by the Board of Directors through the Audit and Compliance Committee.

Credit and counterparty risks are mitigated via establishment of guarantee mechanisms, in accordance with specific regulatory requirements, such as continuous monitoring of the main counterparties' credit profiles. In addition, in accordance with IFRS9 international accounting standards, provision has been made for expected credit losses.

Financial and tax risks have associated controls and mitigating measures, among others, such as contracting hedging instruments such as derivatives to mitigate interest rate risks, natural hedges consisting of contracting financial instruments in the same currency in which the investment is made to mitigate exchange rate risks, conservative tax strategy and hiring expert advisors to control tax risks.

**F. INTERNAL RISK CONTROL AND MANAGEMENT SYSTEMS IN RELATION TO THE PROCESS OF ISSUING FINANCIAL INFORMATION (ICFR)**

Describe the mechanisms which comprise the internal control over financial reporting (ICFR) risk control and management systems at the company.

**F.1. The entity's control environment.**

Specify at least the following components with a description of their main characteristics:

F.1.1 The bodies and/or functions responsible for: (i) the existence and regular updating of a suitable, effective ICFR; (ii) its implementation; and (iii) its monitoring.

As part of the ICFR responsibilities at Enagás, S.A. and Subsidiaries (hereinafter the "Group"), the following bodies and/or functions develop, maintain and oversee the preparation of the Group financial information:

**Board of Directors**

The Board of Directors is responsible for "determining the Company's tax strategy, of its risk control and management policy, including tax risks, and the oversight of its internal information and control systems", as stated in Article 43 of the Articles of Association and Article 5 b) of the Rules and Regulations of the Organisation and Functioning of the Board of Directors, being ultimately responsible for guaranteeing an internal control environment conducive to complete, reliable and timely, financial reporting.

Pursuant to Article 26 of the said regulations, the Board of Directors, through the Audit and Compliance Committee, carries out the aforementioned duty of overseeing the internal information and control systems.

**Audit and Compliance Committee**

Pursuant to Articles 44 b) and c) of the Articles of Association, this Committee is responsible for overseeing "the effectiveness of the Company's and its Group's system of internal control, internal auditing and risk management, as well as discussing with the auditors any significant weaknesses in the internal control system identified during the course of the audit without impinging on its independence. For such purposes and, where applicable, they may submit recommendations or proposals to the Board of Directors and the corresponding deadline for dealing with them", and monitoring "the preparation process and integrity of the mandatory financial information, and submit recommendations or proposals to the Board of Directors, aimed at safeguarding its integrity". These functions are also set out in the Rules and Regulations of the Organisation and Functioning of the Board of Directors and in the Committee's Regulations.

In addition, the Audit and Compliance Committee is responsible for "overseeing and assessing the preparation and presentation of financial and non-financial information on the Company and the Group, checking compliance with regulatory requirements, the due definition of the consolidation scope and the correct application of accounting principles and in particular to know, understand and monitor the efficiency of the internal control over financial reporting system (ICFR)." It must also "report to the Board of Directors on recommendations or comments it deems necessary on the application of accounting criteria, internal control systems and any other relevant matter, and in particular, to present recommendations or proposals to the Board of Directors to safeguard the integrity of such financial information", according to article 8, sections 2 i) a) and 2 i) c), of the Regulations of the Audit and Compliance Committee of Enagás, S.A. Pursuant to Article 44 of the Consolidated Text of the Articles of Association, Article 26.3 of the Rules and Regulations of the Organisation and Functioning of the Board of Directors and Article 8.2 of the Regulations of the Audit and Compliance Committee of Enagás, S.A., the Audit and Compliance Committee is also responsible for seeing to the proper operation of the company's, and its Group's, internal audit and financial and non-financial risk control and management system, in addition to discussing any significant weaknesses in the internal control system detected in the course of audit with the auditors without impinging on its independence, concluding on the level of confidence and reliability of the system.

To carry out its duty of oversight of the effectiveness of internal control, the Audit and Compliance Committee has the support of the Audit, Control and Risk Department, as established in the General Internal Audit Regulations.

**Finance Department**

The Finance Department is responsible for designing, implementing and ensuring there is a suitable and efficient ICFR system. The Committee has the assistance of the Internal Control over Financial Reporting Unit for the performance of these duties. This function is key to managing ICFR and has the following tasks:

- Guaranteeing the integrity and internal coherence of the ICFR.
- Monitoring of the updating and documentation of the sub-cycles/processes that have an impact on the financial information (this is performed by the owners of each sub-cycle/process), closing the quarterly ICFR report in systems and publishing it on the corporate Intranet.
- Overseeing the updating and maintenance of the ICFR management tools.
- Managing the self-assessment of the ICFR system and monitoring the results.
- Coordinating the assessment of financial reporting risks and their periodic review by updating the ICFR Risk Matrix.
- Carrying out an annual evaluation of the requirements to update the document attributing the accounts to ICFR areas, in order to maintain the required standard of financial information.
- Drawing up and updating the Enagás Group Internal Control over Financial Reporting System Manual ("Enagás Group ICFR Manual").
- Updating and disseminating applicable ICFR system regulations, both internal and external.

- Identifying the training needs and organisational/execution needs for courses relating to ICFR or other related issues (these are channelled via the Training School programme included in the Training Plan and Training Procedure).
- Annual update of the "ICFR Scope Definition Model", defining the materiality threshold according to the Enagás Group's main figures.
- Collaborating with the Audit, Control and Risk Department, ensuring independence at all times.
- Collaborating in classifying any deficiencies detected during reviews of the ICFR system (material weaknesses, significant deficiencies, insignificant deficiencies).
- Collaborating in implementing corrective measures detected in the reviews of the ICFR.

**Audit, Control and Risk Department**

The Audit, Control and Risk Department reports functionally to the Chairperson of the Audit and Compliance Committee as per the General Internal Audit Regulation. It is responsible for "assessing and improving the efficiency of risk management processes, internal control and corporate governance".

Its main ICFR duties, which are coordinated by, overseen and supervised by the Audit and Compliance Committee, include:

- Performing tests and assessments of the design, implementation and operational effectiveness of the ICFR system.
- Conducting a series of limited checks on the documentation of cycles and sub-cycles to achieve a preliminary understanding of whether the documentation prepared by Enagás is up to date and to detect which potential control activities should be designed.
- Conducting a series of limited checks to gain a preliminary understanding of the degree of compliance and formalisation of the controls, manual and automated, established by Enagás.
- Collaborating with the Audit and Compliance Committee in fulfilling its duties, particularly with regard to the supervision of the internal control system and the risk control and management process, to relations with the external auditor and to supervision of the financial information preparation process.
- Participating in the review of the Internal Control over Financial Reporting (ICFR) system established by the company for its subsequent certification.

**Departments and Business Units involved in preparing financial information**

Owners of the sub-cycles/processes involved in the preparation of financial information and whose main duties are:

- Assist in the identification, design, documentation and implementation of the ICFR sub-cycles/processes within its remit, making sure that the established targets are achieved. Once the subcycle/process is defined, they must communicate changes in its procedure that have an impact on financial information.
- Establish, monitor and evaluate the continuous operation of the control activities of the sub-cycles/processes under its remit, primarily with regard to the assigning of responsibilities, separation of functions (including the management of access to information and other critical resources) and the correct operation of support systems.
- Keep the ICFR team informed of updates to standards, procedures, instructions, manuals or any other type of document for which they are responsible (either because it is published for the first time or because a new version has been created) as long as they have an impact on the financial information, working alongside the Organisation and Talent Department.
- Ensure that all documentation concerning the process is kept up to date (who, what, how, rules, proof, etc.) as well as that concerning the ICFR system control and risk objectives.
- Report, formally and periodically on the outcome of the self-assessments carried out.
- Collaborate in the ICFR Audit Plan carried out by the Audit, Control and Risk Department to test the continued operability and effectiveness of the controls in place (by providing evidence and participating in the walkthrough process - the process of reviewing the documentation associated with a transaction with impact on the financial statements from its inception to its end).
- Implement and promote the implementation of corrective actions for deficiencies detected, if any, in the ICFR.

The allocation of ICFR responsibilities is reflected in the positions within the Group's organisational structure, and included in the job analysis and description sheets containing the description of the assigned tasks. Any changes in the allocation of responsibilities are made to the organisational structure and these sheets, as set forth in the company's "Organisational Development and Processes" procedure.

**F.1.2 The existence or otherwise of the following components, especially in connection with the financial reporting process:**

- Departments and/or mechanisms in charge of: (i) the design and review of the organisational structure; (ii) defining clear lines of responsibility and authority, with an appropriate distribution of tasks and functions; and (iii) deploying procedures so this structure is communicated effectively throughout the company:

The design and review of the organisational structure, as well as the definition of the lines of responsibility, falls to the Board of Directors, as stated in Article 5 A)14 and A)15 of its Regulations: "To lay down, on the proposal of the Sustainability and Appointments Committee, the general policy regarding the guidelines relating to the appointment, selection, promotion and dismissal of senior managers, and at the proposal of the Remuneration Committee, the criteria governing remuneration policy, in order to ensure that the Company has highly qualified staff fit for administering its business at all times" and "to approve, upon receiving a proposal from the Company's chief executive, the appointment and, if applicable, removal of senior managers who report directly to the Board or to any of its members, as well as to approve, upon receiving a proposal from the Remuneration Committee the establishment of the basic terms of their contracts including their remuneration and, if applicable, compensation clauses".

The Board relies on the Sustainability and Appointments Committee to carry out these functions. In this regard, as stipulated in Article 8, section 2 (ii) f) of the Regulations of the Sustainability and Appointments Committee of Enagás, this Committee has among its duties "to submit proposals regarding the organisational structure of the Company and the creation of Senior Management positions that it considers necessary for a better and more efficient management of the Company to the Board of Directors, as well as guidelines regarding the appointment, selection, career, promotion and dismissal of Senior

Managers, in order to ensure that the Company has, at all times, highly qualified personnel suitable for the management of its activities." Likewise, the People and Transformation General Management is responsible for designing, implementing and updating the organisational structure within the Group. The internal mechanisms used by this department, to clearly define the lines of responsibility, are enumerated in:

- "Job Analysis and Description Sheets"
  - The "Human Resources Development Procedure"
  - The "Organisational Development and Processes Procedure"
- which, among other matters, establishes and develops the overall management model for processes and job descriptions, in accordance with the company's strategy and business and operating needs, the organisational structure of the Departments/Units. Specifically, the Organisational and Process Development Procedure establishes the process to be followed in order to incorporate changes affecting the Enagás Organisational Structure. The particular features of the ICFR lines of responsibility and authority are regulated by the "Enagás Group ICFR Manual" as well as various rules and regulations concerning the key governing bodies and Senior Management. Meanwhile, specific ICFR-related responsibilities are considered in the design of the model, aligned with those defined in the "Job Analysis and Description Sheets". Versions of the ICFR model are generated periodically to reflect the changes over time in job responsibility.
- Also, worth noting is the "Powers of Attorney and Electronic Signature Certificates Management" procedure, which sets out the actions to ensure that responsibilities are given appropriately.
- The organisational structure is available to all employees on the corporate Intranet in the form of an organisational chart which is kept up to date. In addition, the updated versions, and specific rules and procedures detailing the related responsibilities are published on the Intranet, as stipulated in the "General Regulations for Rules and Process Management".

- Code of conduct, approving body, dissemination and instruction, principles and values covered (stating whether it makes specific reference to record keeping and financial reporting), body in charge of investigating breaches and proposing corrective or disciplinary actions:

**Enagás Group Code of Ethics:**

Enagás has the "Enagás Group Code of Ethics", which was approved in 2008 and revised in 2012, 2014 and 2023. The version currently in force was approved by the Company's Board of Directors (in accordance with article 5.A)12 of its Rules and Regulations of the Organisation and Functioning of the Board of Directors) at its meeting of December 18, 2023, is available on the corporate website and on the Intranet and is intended to formalise "[...] the Enagás ethics and compliance model and is developed through policies, standards, processes and controls [...]". In addition, the Code of Ethics "reflects Enagás' ethical culture and sets out the guidelines that determine the behaviour of its employees, senior managers and directors and of third parties that have connections with the group".

The Code of Ethics "shall be kept updated, in accordance with the proposals made by the Ethical Compliance Committee, which shall review its content at least once a year. The update of the Code of Ethics must be carried out, invariably, within a period of three years from the previous update".

It also establishes that all Enagás professionals must understand and comply with the Code of Ethics and the rules that develop it. When so required by Enagás, they must accept knowledge of the Code and confirm compliance with it. "[...] All professionals must carry out the training plans that Enagás makes available to them on this Code of Ethics and the rules that develop it, participating in their own development and committing to keeping their knowledge of it up to date. [...]"

Its values address issues related to financial reporting:

- Transparency and reliability of information: "With regard to the preparation, recording, elaboration and review of financial and non-financial information, we ensure its reliability and rigour, and apply the accounting policies, control systems and supervisory mechanisms defined by Enagás with the aim of reflecting a true and fair view of the organisation".

- Anti-fraud, corruption and bribery policy: "[...] We must not directly or indirectly give, offer or accept gifts or hospitality from third parties, including public figures, that go beyond the purely symbolic or that are not proportionate to the circumstances and social customs, in accordance with the provisions of the Enagás Procedure for Managing the Offering and Acceptance of Gifts. If in doubt, we should reflect on whether we would feel comfortable making such a gift public and consult with the Legal Services and Compliance Department".

The aforementioned "Procedure for Managing the Offering and Acceptance of Gifts" was approved in 2013 and revised in 2020 and 2023. Furthermore, in 2015 the Board of Directors approved the "Anti-Fraud, Corruption and Bribery Policy", which was revised in 2019 and 2022.

- Information confidentiality: "[...] The information that we handle in our professional activity, except when its disclosure is expressly authorised, must be considered confidential and treated as such. We are all responsible for protecting the confidentiality of information, whether it relates to Enagás or to third parties with whom we engage, such as customers, suppliers or business partners, potential job applicants or any third party with whom we have a relationship in the course of our business. [...]"

The Code states that "[...] the Board of Directors is the body with ultimate responsibility for ensuring Enagás' ethical culture and the effectiveness of the ethics and compliance model. The Ethical Compliance Committee, which reports to the Audit and Compliance Committee, assumes the competences related to the ethics and compliance model. For its part, the Audit and Compliance Committee is responsible for supervising the implementation of the ethics and compliance model and for ensuring that the Ethical Compliance Committee has sufficient resources, autonomy and independence [...]"

In this regard, any non-compliance with the Code and with the regulations that implement it shall be analysed by the Ethical Compliance Committee. When it is found that a person has contravened the Code, the Ethical Compliance Committee, together with the Human & Corporate Resources General Management, will propose the corresponding disciplinary measures based on the regulations in force and the applicable labour framework. (In the event that it is a director who commits a breach, it will be managed in accordance with the provisions of the Rules and Regulations on the Board of Directors or other applicable rules.)

In addition, the Company also has a Compliance Policy, approved by the Board of Directors, to oversee the commitment to: “[...] uphold conduct that complies with the regulations, and ethical standards and internal procedures of Enagás. [...]” and “[...] promote a culture of integrity and respect for the law and ethical standards that takes into consideration not only the interests of Enagás but also the needs and expectations of its stakeholders [...]”. This policy is reinforced by the General Compliance Standard.

**Code of Conduct for the Technical Manager of the Spanish Gas System**

The Code of Conduct for the Technical Manager of the Spanish Gas System approved by the Board of Directors at its meeting on December 15, 2014, and reviewed in 2021 and at its meeting on October 24, 2022, available on the corporate website and Intranet, aims to “[...] ensure that the functions of the Technical Management of the Spanish Gas System are carried out independently from the rest of the Enagás Group’s activities, in compliance with the criteria established in Law 34/1998, of October 7, on the Hydrocarbons Sector [...]”.

As set out in the Code: “It is the obligation of Enagás GTS to keep the list of the individuals subject to this Code of Conduct updated at all times and to send each of these a copy of the Code, requiring them to furnish a letter in which they confirm they have received the Code and declare that they know and accept compliance with the obligations contained therein”.

It also states that: “[...] The Ethical Compliance Committee is entrusted with ensuring compliance with this Code of Conduct and the effectiveness hereof. It will therefore report periodically to the Audit and Compliance Committee of the Board of Directors of Enagás, S.A. on the results of its assessment and on any deficiencies detected. However, the Managing Director of the Technical Manager of the System will address any queries that may be raised by the employees of Enagás GTS and any other signatory of the Code of Conduct [...]”.

The Ethical Compliance Committee, pursuant to Article 63.4 d) of the Hydrocarbons Sector Law, shall prepare a report containing the following information:

- The measures adopted to guarantee the segregation of activities.
- The conflicts of interest reported and the measures adopted to resolve them [...]”.

**Internal Audit Code of Ethics**

The Internal Audit Code of Ethics, approved by the Audit and Compliance Committee in 2017 and updated in 2021, is available on the Intranet, and establishes the guidelines of the ethical culture that should govern the Internal Audit function as an independent activity. It includes, inter alia:

1. Principles relevant for the profession and practice of the internal audit:

- Integrity
- Objectivity and independence
- Confidentiality
- Competition

(Continues in section H) OTHER INFORMATION OF INTEREST.- EXPLANATORY NOTE ON SECTION F.1.2)

- Whistleblowing channel, for reporting any irregularities of a financial or accounting nature to the audit committee, as well as breaches of the code of conduct and malpractice within the organisation, stating, if applicable, whether reports made through this channel are confidential and whether it is possible to make anonymous reports, respecting the rights of the whistleblower and the accused.

The company has a confidential whistleblowing channel, the “Ethics Channel”, for consultation and reporting of irregularities or breaches of the Enagás Group Code of Ethics and the Code of Conduct of the Technical Manager of the Spanish Gas System.

This channel is available to all Enagás professionals, and to third parties related to Enagás, for use by the following means:

- Email: canal.etico@enagas.es
- Corporate Intranet / Corporate Website
- Post address: Paseo de los Olmos 19, 28005 - Madrid, Spain (addressed to the Chairperson of the Ethical Compliance Committee)
- At the whistleblower’s request, made through any of the above channels, they may also present themselves through a face-to-face meeting within a maximum period of seven days.

The processing of such queries and notifications is the responsibility of the Ethical Compliance Committee, which functionally reports to the Audit and Compliance Committee. This Committee shall respond to all reports and periodically prepare a report to be submitted to the Audit and Compliance Committee. However, according to the “Procedure for the management of consultations and reporting regarding irregularities or breaches of the Code of Ethics”, if the consultation or notification is of a financial or accounting nature or concerns internal control or fraud, it shall be forwarded directly to the Audit and Compliance Committee.

Communications may be anonymous and will be treated confidentially and in accordance with the provisions of the applicable legislation on data protection and in relation to persons reporting breaches of legislation and anti-corruption. Therefore, the identity of the person making a communication will not be disclosed to the person concerned or to a third party without their consent, thus ensuring the confidentiality of the identity of the person making the communication. Without prejudice to the foregoing, the data of persons making communications may be communicated to administrative or judicial authorities to the extent that they are required by these authorities in the context of proceedings arising from the subject matter of the communication.

Any disciplinary actions that may be taken against individuals involved in irregularities will be proposed in accordance with existing internal regulations and the relevant labour framework. If Enagás professionals are affected, the Ethical Compliance Committee will collaborate with the People and Transformation General Management to evaluate the appropriate implementation of such measures within the applicable labour framework.

- Training and refresher courses for personnel involved in preparing and reviewing financial information or evaluating ICFR, which address, at least, accounting rules, auditing, internal control and risk management:

The Organisation and Talent Department, which reports to the People and Transformation General Management, has a "Training School" which manages and plans all the training programmes and other instruction initiatives for all employees included in the Training Plan and in the Training Procedure. In coordination with the Finance Department, the Audit, Control and Risk Department and the Organisation and Talent Department, identifies and analyses the specific training needs of all personnel involved in preparing and reviewing financial reporting, including issues concerning accounting, internal control and risk management.

In 2023, the Finance Department together with the Audit, Control and Risk Department carried out a total of 1,925.54 hours of training, including participation in the following training activities: Cybersecurity awareness, Segregation of duties, Introduction to derivatives as financial risk management instruments, Accounting and finance risks and Risk management and quantification.

In addition, since 2019 the Enagás Group, together with other relevant companies, participates in a collaborative space on the ICFR to share experiences, knowledge and best practices in this area.

## **F.2. Risk assessment in financial reporting.**

Report at least:

### **F.2.1 The main characteristics of the risk identification process, including risks of error or fraud, stating whether:**

- The process exists and is documented:

Identifying risk is one of the core fundamentals in risk analysis with regards to the preparation of financial information. The process follows the COSO 2013 (Committee of Sponsoring Organisations of the Treadway Commission) framework. One of the objects is to help ensure that transactions are recorded faithfully in accordance with the related accounting framework so it can provide reasonable assurance regarding the prevention or detection of errors that could have a material impact on the information contained in the consolidated annual accounts.

The "Enagás Risk Control and Management Policy" provides a reference in the area of risk identification, as it states the company's policies on how to deal effectively with uncertainty, risks and the associated opportunities, thereby improving its capacity to generate value in order to achieve the aims of the Group, such as reliable financial reporting.

The principles set out in the "Enagás Risk Control and Management Policy" are set out in the "General Risk Control and Management Policy", which creates a framework for integrated risk management and defines the individual components and the functions to be performed by the various company bodies. Specific risks related to the company's Internal Control over Financial Reporting System are classified in this framework under the Group's operational risk category. The identification and measurement of these risks are performed as set out in the Internal Control over Financial Reporting System Manual.

- If the process covers all of the objectives of financial information, (existence and occurrence; completeness; valuation; delivery; breakdown and comparability; and rights and obligations), whether it is updated and with what frequency:

Pursuant to the "Enagás Group ICFR Manual", the risk identification process covers all financial reporting objectives to ensure the accuracy and completeness of the same. The manual describes the risks related to the financial reporting process as follows:

- **Completeness:** the risk that not all transactions, and other circumstances and events are recorded.
- **Rights and obligations:** the risk that not all financial information at any given date does reflect the rights and obligations through the corresponding assets and liabilities in accordance with applicable standards.
- **Existence and occurrence:** the risk that not all transactions, circumstances and events exist or not all are recorded at the appropriate time.
- **Valuation:** the risk that not all transactions, circumstances and events are recorded and valued in conformity with applicable standards.
- **Presentation, disclosure and comparability:** the risk that not all transactions, circumstances and events are classified, presented and disclosed in the financial information in accordance with applicable standards.
- **Internal fraud risk:** includes the risk of manipulation of files, software and information, and the risk of unauthorised activities (involving employees) leading to intentional financial statement misstatements and misappropriation of funds and assets due to inappropriate use of corporate assets.

Periodically, the ICFR Unit fully evaluates all control processes and corresponding specific risks mitigation measures in place, and at the same time, assesses whether new risks need to be added.

A specific process is in place to define the consolidation scope, with reference to the possible existence of complex corporate structures, special purpose vehicles or holding companies:

The Finance Department operates a management and updating process to identify those companies which should be included in the consolidation scope. This process is detailed in the "Period-End Procedures for Consolidated Financial Statements and Annual Accounts". In determining the companies covered by the ICFR scope, the Group considers those in which it directly or indirectly exercises control. Both for these and for the other companies that are consolidated in the Group, controls are included to ensure the consistency, validity and reliability of the financial information provided for inclusion in the consolidated financial statements. Finally, in compliance with article 8 of the Regulations of the Audit and Compliance Committee, and with regards to the Financial Statements, the Committee's duties and competencies include "overseeing and assessing the preparation and presentation of financial and non-financial information on the Company and the Group, checking compliance with regulatory requirements, the due definition of the consolidation scope and the correct application of accounting principles and, in particular, to know, understand and monitor the efficiency of the internal control over financial reporting system (ICFR)."

- Whether the process addresses other types of risk (operational, technological, financial, legal, reputational, environmental, etc.) insofar as they may affect the financial statements:

The process of identifying risks associated with achieving the financial reporting objectives takes into account the possible effects derived from the materialisation of other types of risks contained in the risk control and management model described in section e) of this document. These effects would arise, as the case may be, through strategic and business risks, operational and technological risks, financial and fiscal risks, credit and counterparty risks, reputational risks, criminal liability risks, compliance and model risks and cybersecurity.

- Which of the entity's governing body oversees the process:

Pursuant to Article 8.2 section (v) b of the Regulations of the Audit and Compliance Committee of Enagás S.A., the Audit and Compliance Committee is responsible for "[...] Overseeing and evaluating the effectiveness of the control and management systems for financial and non-financial risks relating to the Company and its Group, including operational, technological, legal, social, environmental, political, fiscal and reputational risks or corruption and anti-bribery risks, so that any such risks are adequately mitigated within the framework of the Company's internal policy. Submitting recommendations or proposals to the Board of Directors to improve these systems along with the corresponding deadline for dealing with them. In particular, if warranted by its importance, overseeing the control and management measures implemented in relation to cybersecurity risk, including cyber-attack response and recovery plans".

### **F.3. Control activities.**

Indicate the existence of at least the following components, and specify their main characteristics:

- F.3.1 Procedures for reviewing and authorising the financial information and description of ICFR to be disclosed to the securities markets, stating who is responsible in each case and documentation and flow charts of activities and controls (including those addressing the risk of fraud) for each type of transaction that may materially affect the financial statements, including procedures for the closing of accounts and for the separate review of critical judgements, estimates, evaluations and projections.

Procedures for reviewing and authorising financial information to be disclosed to the markets. The following documents are available to safeguard the reliability of the financial information to be disclosed to the securities markets:

- The "Manual of Accounting Policies (PGC)" and the "Manual of Accounting Policies (IFRS)", which establish and provide clear information on the accounting policies required for performing accounting estimates and preparing the Company's Individual and Consolidated Financial Statements and Annual Accounts, to ensure that these provide a true and fair view of its equity, financial position, results of operations, changes in net equity and changes in cash flows.

- "Period-end procedures for the Individual Financial Statements and Annual Accounts" and "Period-End Procedures for Consolidated Financial Statements and Annual Accounts", approved by the Financial General Manager. These establish the process of preparing, processing, reviewing and authorising the financial information at the closing of accounts by the persons in charge. These also establish the controls of judgements, estimates and evaluations which may materially affect the financial statements.

- "Procedure on the provision of Regular Reports to Securities Market Regulators" which establishes the process to be followed when preparing periodic financial information to be disclosed to the regulated markets regarding interim financial reports, interim management reports and, if applicable, quarterly financial reports, and defines the persons responsible of approval of said financial information.

At this level, with regard to the preparation and subsequent disclosure of financial reporting, the Communication, Public Affairs & Investor Relations General Management, the Finance Department, the Legal Services and Corporate Affairs General Management, the Board of Directors and the Chairman of the Board all play a key role at the various levels within the organisation in the validation and approval of all financial information.

Description of ICFR: Control and Activities The Group's ICFR control structure is based on the five components of the COSO Model included in the Internal Control-Integrated Framework report (2013):

1. Control environment
2. Risk assessment
3. Control activities
4. Information and communication
5. Monitoring of the system

Likewise, the recommendations of the report on "Internal Control over Financial Reporting at Listed Companies" prepared by the CNMV's Internal Control Working Group (ICWG) (2010) are taken into consideration.

In this regard, the ICFR model states a number of key control objectives which, if fully implemented, allow reliability and transparency in preparing financial reporting. The implementation of these objectives is intrinsically tied to the effectiveness of "Control activities" at each stage of their execution. In this context, the control structure defined is based on two classes of control:

- General controls

- Process controls

General controls

The General Controls form the basis of the ICFR model. These are interlinked controls that directly affect the organisational structure and procedures. These are known as the "control environment" in the CNMV and COSO recommendations.

At the end of 2023, there were 46 ICFR general controls in operation. Senior Management is responsible for overseeing these controls, which are split between the following departments:

- Secretariat of the Board of Directors
- General Secretariat
- Finance Department
- People and Transformation General Management
- Communication Public Affairs & Investor Relations General Management
- Energy Transition General Management

These controls are assessed once a year to incorporate any updates and to identify new control components.

Process controls Process Controls (control activities) are controls over an organisation's operating processes that are more specific than general controls. These are part of each of the main cycles and sub-cycles comprising the ICFR procedures, guaranteeing the reliability and transparency of Enagás financial reporting. These are factors which mitigate the risks inherent in the financial reporting procedure mentioned above to ensure the established control objectives are met.

These control activities are used throughout all the ICFR model and the eight Areas which affect financial reporting:

- Acquisitions
- Fixed assets
- Inventories
- Revenue
- Payroll and personnel Financial management
- Support services
- Financial reporting

These Areas in turn affect a further 28 cycles and 60 subcycles and are formally documented in a corporate IT tool.

These process controls can be classified with the following different characteristic attributes:

- According to their nature:
  - Preventive: Preventing errors or any irregularities which may affect the information, i.e. preventing the impact of financial risks.
  - Detective: Identifying errors or irregularities which may affect the financial information, i.e. identifying errors when they arise.
  - Corrective: Correcting errors or irregularities which may affect the financial information, i.e. rectifying errors when they arise.
- According to level of automation:
  - Manual: control mechanisms directly executed by people.

- Semi-automated: control mechanisms executed by people and validated by "IT support" or vice-versa.
- Automated: control mechanisms with "IT support".

The quarterly self-assessment process carried out by the ICFR unit allows to confirm the validity of the description of these controls by the people responsible, identifying any updates (new process controls, elimination, automation, etc.).

At year-end 2023, there were 205 ICFR process controls, approximately 32% of which were automated.

Operating activities In addition to the controls we have mentioned above, when designing the ICFR subcycles a series of operating activities are defined to establish a flow chart showing how these impact financial reporting. Likewise, these activities are included in a corporate IT tool which establishes the models for the ICFR subcycles.

At year-end 2023, there were 694 operating activities, approximately 17% of which were automated.

### F.3.2 Internal control policies and procedures for Information Technology (IT) systems (including secure access, control of changes, system operation, continuity and segregation of duties) giving support to key company processes regarding the preparation and publication of financial information.

IT systems play an important role and are configured to support the preparation, processing and extraction of the financial information to be disclosed. This is why they are included in the ICFR actions and configuration.

All actions concerning information systems are regulated in the Cybersecurity Policy which defines the principles to effectively manage information security in the IT systems, as well as the assets involved in the processes.

Based on the principles of this policy, Enagás has designed the "General Rules for Management of IT Systems" establishing the responsibilities and the relationship between the requesting units and the Digitalisation and Technology Department.

We also have General Computer Controls ("GCCs"). These provide a control framework designed to offer a reasonable level of security in IT systems used for financial reports, guaranteeing, to the greatest degree possible, that the information is confidential, available and complete. At year-end there were 46 General Computer Controls included in the "IT INFORMATION TECHNOLOGY" area, broken down into the following cycles:

- Logical and physical security cycle.
- Application development and maintenance cycle.
- Operating and support of networks, databases and operating systems cycle.
- Management and planning of information systems cycle.
- Fraud prevention and detection cycle.

Within the operation and support of networks, databases and operating systems cycle is the GCC relating to the Business Continuity and Disaster Recovery Plan.

The objectives established within the framework of General Computer Controls help achieve control objectives related to the processing of computer-generated information, through the defining, development, implementation and reviewing of control activities such as user and authorisation management, administrator management, access control, incident management, change management, business continuity, information storage and recovery, operations monitoring, etc.

Integral to the objectives of control of IT systems is the need to establish an appropriate segregation of duties, which is a prerequisite for an ICFR system to function efficiently and effectively. It is therefore of vital importance that there is a clear distinction between who has to execute actions related to the treatment of financial information, and who has to review and/or approve them. For this reason, correctly allocating profiles, both in IT systems and in terms of positions and functions, is critical to the success of the process.

### F.3.3 Internal control policies and procedures for overseeing the management of outsourced activities, and of the appraisal, calculation or valuation services commissioned from independent experts, when these may materially affect the financial statements.

Enagás is particularly vigilant about any activities carried out by third parties which may significantly impact the financial statements to ensure maximum control over key procedures that may be outsourced, and that the activities are carried out to a standard that the Group demands.

The internal rules regulating this can be found in the Identification and Treatment for Service Organisations Procedure.

The Group also has the following regulations and internal procedures regulating the contracting process and ensuring quality control of third parties:

- "General Regulations for the Management of Awarding and Contracting"
- "Hiring External Advisors Procedure"
- "Purchase Management Procedure"
- "Supplier Registration and Approval Procedure"
- "Supplier Reliability Procedure"

When the Group engages the services of independent experts for appraisal, calculation or valuation services, we request that they certify they are reputable firms in their field and are independent. This helps ensure that the Group's management is able to supervise and take the ultimate decisions on the estimate processes which may impact accounting records.

#### **F.4. Information and communication.**

Indicate the existence of at least the following components, and specify their main characteristics:

- F.4.1 A specific function in charge of defining and maintaining accounting policies (accounting policies area or department) and settling doubts or disputes over their interpretation, which is in regular communication with the team in charge of operations, and a manual of accounting policies regularly updated and communicated to all the company's operating units.

The Accounting Policies Department, which reports to the Accounting Department, is responsible for keeping all accounting policies regularly updated and communicating these to all personnel involved in the financial reporting process. It has therefore drawn up the "Accounting Policies Manual (PGC)" and the "Accounting Policies Manual (IFRS)", internal documents which outline all procedures and the accounting policies required for performing accounting estimates and preparing the Company's Individual and Consolidated Financial Statements and Annual Accounts, to ensure that these provide a true and fair view of its equity, financial position, results of operations, changes in net equity and changes in cash flows. In accordance with current regulations, and in order to keep these manuals duly updated, their content shall be reviewed at least on an annual basis. The resulting updates are made known to the employees to whom they apply via the Intranet. In the current year, the "Accounting Policies Manual (IFRS)" has been updated.

- F.4.2 Mechanisms in standard format for the capture and preparation of financial information, which are applied and used in all units within the Entity or Group, and support its main financial statements and accompanying notes as well as disclosures concerning ICFR.

The preparation, review and approval of all financial information in standard format is regulated by the "Period-end procedures for the Individual Financial Statements and Annual Accounts" and the "Period-end procedures for the Consolidated Financial Statements and Annual Accounts", as well as the "Accounting Policies Manual (PGC)" and the "Accounting Policies Manual (IFRS)", which serve as guides to carrying out these tasks. Furthermore, there is a specific mechanism for the process of preparing the Annual Accounts, where the Audit and Compliance Committee, as an internal Board Committee, takes on a special relevance, overseeing this process (e.g. monitoring the supervision work of the Internal Audit unit, being cognisant of the internal control over financial reporting system (ICFR) as well monitoring the work performed by the external auditor) before the annual accounts are certified by the Board of Directors. The functions of the Audit and Compliance Committee in this regard are detailed in Article 8 of the "Regulations of the Audit and Compliance Committee of Enagás, S.A.". The SAP S/4 HANA IT tool is available for the recording and processing of financial information to meet the needs of individual reporting and through SAP Business Planning and Consolidation (BPC) in the case of reporting at the level of the Consolidated Group.

**F.5. Monitoring of the system.**

Indicate the existence of at least the following components, describing their main characteristics:

- F.5.1 The ICFR monitoring activities undertaken by the audit committee and an internal audit function whose competencies include supporting the audit committee in its role of monitoring the internal control system, including ICFR. Describe the scope of the ICFR assessment conducted in the year and the procedure for the person in charge to communicate its findings. State also whether the company has an action plan specifying corrective measures for any flaws detected, and whether it has taken stock of their potential impact on its financial information.

In this context, one of Enagás' top priorities is to take a proactive, and thereby preventative role during a phase of constantly overseeing the model, to ensure that the model is updated and aligned with both the business and the best regulatory practices.

Constant analysis of and follow up of ICFR, detecting possible flaws and making sure the corresponding improvements and adjustments are achieved by taking the following measures:

- A regular evaluation of the design and effectiveness of current anti-fraud programmes and controls. Its scope and frequency depends on the importance of the associated risk and the demonstrated effectiveness of the controls in place.
- The participation of the Audit, Control and Risk Department, through the supervision functions attributed by the ICFR model through the "General Internal Audit Regulations", the "Enagás Group ICFR Manual" and the "Regulations of the Audit and Compliance Committee of Enagás, S.A.".
- Effective supervision by the Audit and Compliance Committee, relative to overall control of the ICFR model, and instrumented by Internal Audit.
- Reporting on weaknesses found, taking corrective measures to solve them, establishing mechanisms to track them and assigning the necessary resources to achieve them, according to the instructions in the "Enagás Group ICFR Manual".
- The Audit, Control and Risk Department, will support the ICFR area in the implementation of the improvements detected in each Annual Certification, incorporating certain auditing work to promote and ensure the implementation of such improvements before the end of the following financial year.
- Finally, once finalised, and subsequent to the implementation of the proposed measures, a design and final validation process will be undertaken, which will eventually be incorporated into the ICFR model.

Key throughout this oversight process is the function of Internal Audit which, as set out in the "General Internal Audit Regulations", is responsible for:

- Collaborating with the Audit and Compliance Committee in fulfilling its duties, particularly with regard to the supervision of the effectiveness of the internal control system and the risk control and management process, to relations with the accounts auditor and to supervision of the financial and non-financial information preparation and publication process.

Regarding relations with the external auditor, there is an Accounts Auditor Contracting and Relationship Procedure, which will be monitored for the maintenance of an objective, professional and continuous relationship with the auditor of the Company, respecting at all times its independence.

- Participating in the review of the Internal Control over Financial Reporting (ICFR) system established by the Company for its subsequent certification. In order to ensure that these objectives are met, there is an "Internal Audit Annual Plan", which is overseen and approved by the Audit and Compliance Committee, and includes a review of the ICFR system.

The Group's management conducted an internal assessment of the ICFR system and concluded that the system in place for Enagás, S.A. and Subsidiaries at December 31, 2023 is effective and contains no significant deficiencies.

- F.5.2 If a discussion procedure is in place, whereby the auditor (pursuant to TAS), the internal audit function and other experts can report any significant internal control weaknesses encountered during their review of the annual accounts or other assignments, to the company's senior management and its audit committee or board of directors. State also whether the entity has an action plan to correct or mitigate the weaknesses found.

Article 8 of the Regulations of the Audit and Compliance Committee of Enagás, S.A. details the objectives and functions of the Committee, including "[...] liaise with the external auditor to obtain information on any issues that could compromise the latter's independence. Specifically, the discrepancies that may arise between the auditor of accounts and the Company's management, for review by the Committee, and any other discrepancies relating to the audit process, as well as the possible safeguard measures to be adopted, discussing the significant weaknesses detected in internal control

with the auditor of accounts, and never jeopardising the independence of the audit, concluding on the level of confidence and reliability of the system [...]".  
The reports on the activities of the Audit and Compliance Committee contain important information about communication procedures and the conclusions reached at the end of each year.

**F.6. Other relevant information.**

There is no other relevant information regarding ICFR at the Group to add to that which we have provided above.

**F.7. External auditor report.**

State whether:

F.7.1 The ICFR information supplied to the market has been reviewed by the external auditor, in which case the corresponding report should be attached. Otherwise, explain the reasons for the absence of this review.

The Group has voluntarily subjected its ICFR to review since 2008. All reviews have been carried out by the accounts auditor of Enagás, S.A. and Subsidiaries. The report for the financial year 2023 is attached as Appendix III.

**G. DEGREE OF IMPLEMENTATION OF CORPORATE GOVERNANCE RECOMMENDATIONS**

Indicate the degree of the company's compliance with the recommendations of the good governance code of listed companies.

In the case where a recommendation is not implemented or only partially implemented, a detailed explanation of the reasons for this is to be included so that shareholders, investors and the market in general have sufficient information in order to evaluate the company's course of action. General explanations are not acceptable.

1. The Articles of Association of publicly listed companies should not place an upper limit on the votes that can be cast by a single shareholder, or impose other obstacles to the takeover of the company by means of share purchases on the market.

Compliant [ ] Explain [ X ]

Additional Provision 31 of Law 34/1998, of October 7, on the Hydrocarbons Sector, in force since the enactment of Act 12/2011, of May 27, governing civil liability for nuclear damage or damage caused by radioactive materials, specifies in section 2 that:

"No natural or legal person may hold, directly or indirectly, an interest in the parent company (ENAGÁS, S.A.) representing more than 5% of share capital or exercise more than 3% of its voting rights. Under no circumstances may such shareholdings be syndicated. Any party operating within the gas sector, including natural or legal persons that directly or indirectly own equity holdings in the former of more than 5%, may not exercise voting rights over 1%. These restrictions do not apply to direct or indirect interests held by public sector enterprises. Under no circumstances may share capital be syndicated. Likewise, the combined total of direct or indirect holdings owned by parties that operate within the natural gas sector may not exceed 40%. For the purposes of calculating the stake in that shareholding structure, in addition to the shares or other securities held or acquired by entities belonging to its same group, as defined by article 4 of Act 24/1988, dated July 28, on the Securities Market, stakes shall be attributed to one and the same natural or legal person when they are owned by:

- a) Those parties who act in their own name but on behalf of that natural or legal person in a concerted fashion or forming a decision-making unit with them. Unless proven otherwise, the members of a governing body shall be presumed to act on account of or in concert with that legal person.
- b) Partners with those with which one of them exercises control over a dominant company in accordance with article 4 of Securities Market Act 24/1988, of July 28.

In any event, regard shall be had to the proprietary ownership of the shares and other securities and the voting rights attached to each.

Non-compliance with the limit on interests in the share capital referred to in this article shall be deemed a very serious breach in accordance with the terms set out in article 109 of this Law. Responsibility shall lie with the natural or legal persons found to be the owners of the securities or whoever the excess interest in the share capital or in the voting rights can be attributed to, pursuant to the provisions of the preceding paragraphs. Whatever the case, the penalty system stipulated herein will apply.

Enagás, S.A. may not transfer the shares of the subsidiaries carrying out regulated activities to third parties."

Meanwhile, section 3 of Additional Provision 31 of this law states that:

"The restrictions of shareholding percentages and non-transfer of the shares referred to in this provision are not applicable to other subsidiaries that ENAGÁS, S.A. may constitute for business activities other than transmission regulated by Article 66 of Act 34/1998, of October 7, on the hydrocarbons sector, management of the transmission network and technical management of the national gas system".

Meanwhile, article 6 bis of the company's Articles of Association ("Limitations on holdings in share capital") establishes that:

"No natural or legal person may hold a direct or indirect stake of more than 5% in the equity capital of the company, nor exercise voting rights in such company of over 3%. Under no circumstances may such shareholdings be syndicated. Those parties that operate within the gas sector, including those natural or legal persons that directly or indirectly possess equity holdings in the former of more than 5%, may not exercise voting rights in the company of over 1%. These restrictions do not apply to direct or indirect interests held by public sector enterprises. Under no circumstances may share capital be syndicated. Likewise, the combined total of direct or indirect holdings owned by parties that operate within the natural gas sector may not exceed 40%.

For the purposes of calculating the stake in that shareholding structure, the Hydrocarbons Industry Act shall apply.

Enagás may not transfer to third parties shares of the subsidiaries included in its Group that undertake transmission and technical management activities, which are regulated businesses under Hydrocarbons legislation."

2. When the company is controlled by another entity according to the definition set forth in Article 42 of the Commercial Code, whether listed or not, and has, directly or through its subsidiaries, business relationships with that entity or any of its subsidiaries (other than those of the listed company) or carries out activities related to those of any of them, it must make accurate public disclosures about:

- a) The respective areas of activity and any business relationships between the listed company or its subsidiaries on the one hand and the parent company or its subsidiaries on the other.
- b) The mechanisms in place to resolve possible conflicts of interest.

Compliant [  ]      Partially compliant [  ]      Explain [  ]      Not applicable [  ]

3. During the ordinary general meeting the Chairman of the Board should verbally inform shareholders in sufficient detail of the most relevant aspects of the company's corporate governance, supplementing the written information circulated in the annual corporate governance report. In particular:

- a) Changes taking place since the previous ordinary general meeting.
- b) The specific reasons for the company not following a given Good Governance Code recommendation, and any alternative procedures followed in its stead.

Compliant [  ]      Partially compliant [  ]      Explain [  ]

4. The company should draw up and implement a policy on communication and contacts with shareholders and institutional investors in the context of their involvement in the company, as well as with proxy advisors, that complies in full with market abuse regulations and accords equitable treatment to shareholders in the same position. This policy should be disclosed on the company's website, complete with details of how it has been put into practice and the identities of the relevant interlocutors or those charged with its implementation.

Notwithstanding legal obligations to disclose inside information and other types of regulated information, the company must also have a general policy regarding the reporting of economic-financial, non-financial and corporate information through the channels it deems appropriate (media, social media or other channels) to enhance the dissemination and quality of the information available to the market, investors and other stakeholders.

Compliant [  ]      Partially compliant [  ]      Explain [  ]

5. The board of directors should not make a proposal to the general meeting for the delegation of powers to issue shares or convertible securities without pre-emptive subscription rights for an amount exceeding 20% of capital at the time of such delegation.

When the Board approves the issuance of shares or convertible securities without pre-emptive subscription rights, the company should immediately post a report on its website explaining the exclusion as envisaged in company legislation.

Compliant [ X ]      Partially compliant [ ]      Explain [ ]

6. Listed companies drawing up the following reports on a voluntary or compulsory basis should publish them on their website well in advance of the ordinary general meeting, even if their distribution is not obligatory:

- a) Report on auditor independence.
- b) Reports of the operation of the audit committee and the appointments and remuneration committee.
- c) Report of the audit committee on related party transactions.

Compliant [ X ]      Partially compliant [ ]      Explain [ ]

7. The company should broadcast its general meetings live on the corporate website.

The company must have mechanisms in place to enable proxy voting and remote voting and also, if they are large-caps and to the extent proportionate, to attend and to actively participate in the General Shareholders' Meeting.

Compliant [ X ]      Partially compliant [ ]      Explain [ ]

8. The Audit Committee must make sure that the annual accounts which the Board of Directors presents to the General Shareholders' Meeting are prepared in accordance with accounting regulations. In those cases where the auditor has included any qualification in its audit report, the Chairman of the Audit Committee must clearly explain the opinion of the Audit Committee in terms of its content and scope at the General Shareholders' Meeting. A summary of this opinion will be made available to the shareholders at the time of publication of the notice of the meeting, along with other Board proposals and reports.

Compliant [ X ]      Partially compliant [ ]      Explain [ ]

9. The company should disclose its conditions and procedures for admitting share ownership, the right to attend general meetings and the exercise or delegation of voting rights, and display them permanently on its website.

Such conditions and procedures should encourage shareholders to attend and exercise their rights and be applied in a non-discriminatory manner.

Compliant  Partially compliant  Explain

10. When an accredited shareholder exercises the right to supplement the agenda or submit new proposals prior to the general meeting, the company should:

- a) Immediately circulate the supplementary items and new proposals.
- b) Disclose the model of attendance card or proxy appointment or remote voting form duly modified so that new agenda items and alternative proposals can be voted on in the same terms as those submitted by the board of directors.
- c) Put all these items or alternative proposals to the vote applying the same voting rules as for those submitted by the Board of Directors, with particular regard to presumptions or deductions about the direction of votes.
- d) After the general meeting, disclose the breakdown of votes on such supplementary items or alternative proposals.

Compliant  Partially compliant  Explain  Not applicable

11. In the event that a company plans to pay for attendance at the general meeting, it should establish a general, long-term policy in this respect.

Compliant  Partially compliant  Explain  Not applicable

12. The board of directors should perform its duties with unity of purpose and independent judgement, affording the same treatment to all shareholders in the same position. It should be guided at all times by the company's best interests, understood as the creation of a profitable business that promotes its sustainable success over time, while maximising its economic value.

In pursuing the corporate interest, it should not only abide by laws and regulations and conduct itself according to principles of good faith, ethics and respect for commonly accepted customs and good practices, but also strive to reconcile its own interests with the legitimate interests of its employees, suppliers, customers and other stakeholders, as well as with the impact of its activities on the broader community and the natural environment.

Compliant  Partially compliant  Explain

13. The Board of Directors should be of an optimal size to promote its efficient functioning and maximise participation. The recommended range is between five and fifteen members.

Compliant  Explain

14. The Board of Directors must approve a policy aimed at encouraging an appropriate composition of the Board of Directors and which:
- a) Is concrete and verifiable.
  - b) ensures that proposals for appointment or re-election are based on a prior analysis of the skills required by the Board of Directors; and
  - c) that it encourages diversity of knowledge, experience, age and gender. Measures that encourage the company to have a significant number of senior female managers are considered to favour gender diversity.

The results of the prior analysis of the skills required by the board should be written up in the appointments committee's explanatory report, to be published when the general meeting is convened that will ratify the appointment and re-election of each director.

The appointments committee should run an annual check on compliance with this policy and set out its findings in the annual corporate governance report.

Compliant  Partially compliant  Explain

15. Proprietary and independent directors should constitute an ample majority on the board of directors, while the number of executive directors should be the minimum practical bearing in mind the complexity of the corporate group and the ownership interests they control.

The number of female directors should represent at least 40% of the members of the Board of Directors by the end of 2022 and onwards, and before that it must not be less than 30%.

Compliant  Partially compliant  Explain

16. The percentage of proprietary directors out of all non-executive directors should not be greater than the proportion between the ownership stake of the shareholders they represent and the remainder of the company's capital.

This criterion can be relaxed:

- a) In large cap companies where few or no equity stakes attain the legal threshold for significant shareholdings.
- b) In companies with a plurality of shareholders represented on the board but not otherwise related.

Compliant  Explain

17. Independent directors should be at least half of all board members.

However, when the company does not have a large market capitalisation, or when a large cap company has shareholders individually or concertedly controlling over 30% of capital, independent directors should occupy, at least, a third of Board places.

Compliant  Explain

18. Companies should disclose the following director particulars on their websites and keep them regularly updated:

- a) Background and professional experience.
- b) Directorships held in other companies, listed or otherwise, and other paid activities they engage in, of whatever nature.
- c) Statement of the Director class to which they belong, in the case of proprietary directors indicating the shareholder they represent or have links with.
- d) Dates of their first appointment as a board member and subsequent re-elections.
- e) Shares held in the company, and any options on the same.

Compliant  Partially compliant  Explain

19. The Annual Corporate Governance Report, with prior verification by the Appointments, Remuneration and CSR Committee is to provide an explanation for the reasons Proprietary Directors were appointed at the behest of shareholders whose stake in the company is less than 3% of share capital, and reasons given for the rejections of formal requests for board representation from shareholders whose equity interest is equal to or greater than that of other shareholders who have successfully requested the appointment of Proprietary Directors.

Compliant  Partially compliant  Explain  Not applicable

20. Proprietary directors are to submit their resignation when the shareholder whom they represent fully disposes of their stake. They shall also do so, in the appropriate number, when that shareholder reduces their stake to a level requiring a reduction in the number of its proprietary directors.

Compliant  Partially compliant  Explain  Not applicable

21. The board of directors should not propose the removal of independent directors before the expiry of their tenure as mandated by the articles of association, except where just cause is found by the board, based on a report from the appointments and remuneration committee. In particular, it shall be understood that there is just cause when the director takes on new offices or assumes new obligations that prevent him from devoting the time necessary to perform the duties of the office of director, breaches the duties inherent to his position or is affected by one of the circumstances that cause him to lose his independent status in accordance with the provisions of applicable law.

The removal of independent directors may also be proposed as a consequence of offers for the takeover, merger or similar corporate actions affecting the company that may involve a change in the company's capital structure, whenever such changes in the board of directors arise under application of the proportionality criterion pointed out in Recommendation 16.

Compliant  Explain

22. Companies are to stipulate rules obliging directors to report and, where appropriate, resign when situations arise that affect them, whether or not related to their actions at the company itself, that may harm the credit and reputation of the company. In particular, they are to inform the Board of Directors of any criminal cases for which they are under investigation, and of their legal proceedings.

If it has been informed of or has otherwise learned of any of the situations mentioned in the preceding paragraph, the Board should examine the case as soon as possible and, in view of the specific circumstances, decide, after a report from the Appointments and Remuneration Committee, whether or not to adopt any measure, such as opening an internal investigation, asking the director to step down from their duties or propose their dismissal. It must be reported in the annual corporate governance report, unless special circumstances warrant it, in which case the details must be put down in the minutes. This is without prejudice to the company's disclosures, where appropriate, when the relevant measures are taken.

Compliant  Partially compliant  Explain

23. All directors are to clearly express their opposition when they consider that any proposal subject to the decision of the board of directors may be detrimental to corporate interests. The independent directors and other directors who are not affected by the potential conflict of interest are to voice their opposition in a special manner whenever such decisions may be of detriment to shareholders not represented on the board of directors.

When the Board makes material or reiterated decisions about which a Director has expressed serious reservations, then he or she must draw the pertinent conclusions. Directors resigning for such causes should set out their reasons in the letter referred to in the next recommendation.

The terms of this recommendation also apply to the secretary of the board, even if he or she is not a director.

Compliant       Partially compliant       Explain       Not applicable

24. When, either through resignation or by resolution of the general meeting, a director leaves their position before the end of their mandate, they shall properly explain the reasons for their resignation. Non-executive directors shall write down their opinion on the reasons why, if applicable, the General Shareholders' Meeting relieves them of their duties, in a letter to be sent to all members of the Board of Directors.

Aside from reporting such facts in the annual corporate governance report, insofar as it is relevant for investors, the Company must announce the departure as soon as possible, including sufficient reference to the reasons or circumstances provided by the Director.

Compliant       Partially compliant       Explain       Not applicable

25. The Appointments Committee should ensure that non-executive directors have sufficient time available to discharge their responsibilities effectively.

The board of directors regulations should lay down the maximum number of company boards on which directors can serve.

Compliant       Partially compliant       Explain

26. The Board should meet with the necessary frequency to properly perform its functions, eight times a year at least, in accordance with a calendar and agendas set at the start of the year, to which each Director may propose the addition of initially unscheduled items.

Compliant       Partially compliant       Explain

27. Director absences should be kept to a strict minimum and quantified in the annual corporate governance report. In the event of absence, directors should delegate their powers of representation with the appropriate instructions.

Compliant       Partially compliant       Explain

28. When Directors or the secretary express concerns about some proposal or, in the case of Directors, about the company's performance, and such concerns are not resolved at the meeting, they should be recorded in the minute book if the person expressing them so requests.

Compliant  Partially compliant  Explain  Not applicable

29. The company should provide suitable channels for directors to obtain the advice they need to carry out their duties, extending if necessary to external assistance at the company's expense.

Compliant  Partially compliant  Explain

30. Regardless of the knowledge directors must possess to carry out their duties, they should also be offered refresher programmes when circumstances so advise.

Compliant  Explain  Not applicable

31. The agendas of board meetings should clearly indicate on which points directors must arrive at a decision, so they can study the matter beforehand or gather together the material they need.

For reasons of urgency, the chairman may wish to present decisions or resolutions for board approval that were not on the meeting agenda. In such exceptional circumstances, their inclusion will require the express prior consent, duly recorded in the minutes, of the majority of directors present.

Compliant  Partially compliant  Explain

32. Directors should be regularly informed of movements in share ownership and of the views of major shareholders, investors and rating agencies on the company and its group.

Compliant  Partially compliant  Explain

33. The Chairman, as the person charged with the efficient functioning of the Board of Directors, in addition to the functions assigned by law and the company's Articles of Association, should prepare and submit to the Board a schedule of meeting dates and agendas; organise and coordinate regular evaluations of the Board and, where appropriate, the company's Chief Executive Officer; exercise leadership of the Board and be accountable for its proper functioning; ensure that sufficient time is given to the discussion of strategic issues, and approve and review refresher courses for each Director, when circumstances so advise.

Compliant  Partially compliant  Explain

34. When an independent leading director has been appointed, the articles of association or board of directors regulations should grant him or her the following powers over and above those conferred by law: chair the board of directors in the absence of the chairman or vice chairman give voice to the concerns of non-executive directors; maintain contacts with investors and shareholders to hear their views and develop a balanced understanding of their concerns, especially those that have to do with the company's corporate governance; and coordinate the chairman's succession plan.

Compliant  Partially compliant  Explain  Not applicable

35. The board secretary should strive to ensure that the board's actions and decisions are informed by the governance recommendations of the good governance code of relevance to the company.

Compliant  Explain

36. The Board in full should conduct an annual assessment, adopting, where necessary, an action plan to correct weakness detected in:

- a) The quality and efficiency of the Board's operation.
- b) The performance and membership of its committees.
- c) The diversity of board membership and competences.
- d) The performance of the chairman of the board of directors and the company's chief executive.
- e) The performance and contribution of individual directors, with particular attention to the chairman of board committees.

The evaluation of board committees should start from the reports they send the board of directors, while that of the board itself should start from the report of the appointments committee.

Every three years, the Board of Directors should engage an external facilitator to aid in the assessment process. This facilitator's independence should be verified by the Appointments Committee.

Any business dealings that the facilitator or members of its corporate group maintain with the company or members of its corporate group should be detailed in the annual corporate governance report.

The process followed and areas evaluated should be detailed in the annual corporate governance report.

Compliant  Partially compliant  Explain

37. When there is an executive committee, it should include at least two non-executive directors, at least one of whom should be independent; and its Secretary should be the Secretary to the Board of Directors.

Compliant  Partially compliant  Explain  Not applicable

38. The board should be kept fully informed of the business transacted and decisions made by the executive committee. To this end, all board members should receive a copy of the committee's minutes.

Compliant       Partially compliant       Explain       Not applicable

39. All members of the audit committee, particularly its chairperson, should be appointed with regard to their knowledge and experience on accounting, auditing, and financial and non-financial risk management.

Compliant       Partially compliant       Explain

40. Listed companies should have a unit in charge of the internal audit function, under the supervision of the audit committee, to monitor the effectiveness of reporting and control systems. This unit should report functionally to the board's non-executive chairman or the chairman of the audit committee.

Compliant       Partially compliant       Explain

41. The head of the unit responsible for the internal audit function should present the annual work plan to the audit committee for approval by the committee or the Board, report directly to it on its implementation, including any issues and limitations on scope arising in the course of its implementation, the results and follow-up of its recommendations, and submit an activities report at the end of each year.

Compliant       Partially compliant       Explain       Not applicable

42. The audit committee should have the following functions over and above those legally assigned:

1. With respect to internal control and reporting systems:
  - a) Oversee and evaluate the preparation and integrity of financial and non-financial information, and the control and management systems for financial and non-financial risks relating to the Company and, as applies, its group, including operational, technological, legal, social, environmental, political and reputational risks or corruption and anti-bribery risks, making sure that regulatory requirements are met, that the consolidation scope is properly defined, and that accounting criteria are correctly applied.
  - b) Monitor the independence of the unit handling the internal audit function; propose the selection, appointment, and removal of the head of the internal audit service; propose the service's budget; approve or propose approval to the Board of the annual internal audit orientation and work plan, ensuring that it focuses primarily on the main risks the company is exposed to (including reputational risks); receive regular report-backs on its activities; and verify that senior management is acting on the findings and recommendations of its reports.
  - c) Prepare and oversee a mechanism that allows employees and other persons related to the company, such as directors, shareholders, suppliers, contractors or subcontractors to report potentially significant irregularities, including financial and accounting irregularities, or irregularities of any other nature, concerning the company and which come to light within the company or its group. These mechanisms must guarantee confidentiality and, invariably, cover situations where cases may be reported anonymously, respecting the rights of the whistleblower and the accused.
  - d) In general, see to it that the policies and systems established for internal control are effectively implemented in practice.
2. With regard to the external auditor:
  - a) In the event of resignation of any external auditor, the committee should investigate the issues giving rise to the resignation.
  - b) Ensure that the remuneration of the external auditor does not compromise its quality or independence.
  - c) Ensure that the company notifies any change of external auditor through the CNMV, accompanied by a statement of any disagreements arising with the outgoing auditor and the reasons for the same.
  - d) Ensure that the external auditor has a yearly meeting with the board in full to inform them of the work undertaken and developments in the company's risk and accounting positions.
  - e) Ensure that the company and the external auditor adhere to current regulations on the provision of non-audit services, limits on the concentration of the auditor's business and other requirements concerning auditor independence.

43. The audit committee should be empowered to meet with any company employee or manager, even ordering their appearance without the presence of another senior officer.

Compliant  Partially compliant  Explain

44. The Audit Committee should be informed of any fundamental changes or corporate transactions the company is planning, so the committee can analyse the operation and report to the Board beforehand on its economic conditions and accounting impact and, when applicable, the exchange ratio proposed.

Compliant  Partially compliant  Explain  Not applicable

45. The risk control and management policy should identify or determine at least:

- a) The different types of financial and non-financial risks the company is exposed to (including operational, technological, legal, social, environmental, political, reputational and those related to corruption), with the inclusion under financial or economic risks of contingent liabilities and other off-balance-sheet risks.
- b) A multi-tier risk control and management model, which will include a specialised risk committee where required according to industry regulations or where the company deems it appropriate.
- c) The risk level the company sees as acceptable.
- d) The measures in place to mitigate the impact of risk events should they occur.
- e) The internal reporting and control systems to be used to control and manage the above risks, including contingent liabilities and off-balance-sheet risks.

Compliant  Partially compliant  Explain

46. That under the direct supervision of the audit committee or, as the case may be, of a specialised committee of the board of directors, there is an internal function of risk control and management exercised by a unit or internal department of the company that has been assigned expressly the following functions:

- a) Ensure the proper functioning of the risk control and management systems and, in particular, that all important risks affecting the company are identified, managed and quantified adequately.
- b) Participating actively in the preparation of risk strategies and in key decisions about their management.
- c) Ensure that risk control and management systems mitigate risks adequately within the framework of the policy defined by the board of directors.

Compliant  Partially compliant  Explain

47. Members of the Appointments and Remuneration Committee - or of the appointments committee and remuneration committee, if separately constituted - should have the right balance of knowledge, skills and experience for the functions they are called on to discharge. The majority of their members should be independent directors.

Compliant  Partially compliant  Explain

48. Large cap companies should operate separately constituted appointments committees and remuneration committees.

Compliant  Explain  Not applicable

49. The appointments committee should consult with the board's chairman and chief executive officer, especially on matters relating to executive directors.

When there are vacancies on the board, any director may approach the appointments committee to propose candidates that it might consider suitable.

Compliant  Partially compliant  Explain

50. The remuneration committee should operate independently and have the following functions in addition to those assigned by law:

- a) Propose to the board the standard conditions for senior managers contracts.
- b) Monitor compliance with the remuneration policy set by the company.
- c) Periodically review the remuneration policy for directors and senior managers, including share-based remuneration systems and their application, and ensure that their individual compensation is proportionate to the amounts paid to other directors and senior managers in the company.
- d) Ensure that possible conflicts of interest do not undermine the independence of any external advice offered to the committee.
- e) Verify the information on remuneration of directors and senior managers contained in the various corporate documents, including the annual report on directors' remuneration.

Compliant  Partially compliant  Explain

51. The remuneration committee should consult with the chairman and chief executive, especially on matters relating to executive directors and senior managers.

Compliant  Partially compliant  Explain

52. The terms of reference of supervision and control committees should be set out in the Board of Directors regulations and aligned with those governing legally mandatory Board Committees as specified in the preceding sets of recommendations. They should include at least the following terms:
- a) Committees should be formed exclusively by non-executive directors, with a majority of independents.
  - b) Committees should be chaired by an independent director.
  - c) The board should appoint the members of such committees with regard to the knowledge, skills and experience of its directors and each committee's terms of reference; discuss their proposals and reports; and provide reports on their activities and work at the first board plenary following each committee meeting.
  - d) They may engage external advice, when they feel it necessary for the discharge of their functions.
  - e) Meeting proceedings should be recorded/notified in the minutes and a copy made available to all board members.

Compliant [ X ]      Partially compliant [ ]      Explain [ ]      Not applicable [ ]

53. The task of supervising compliance with the company's policies and rules on environmental, social and corporate governance issues and internal codes of conduct should be assigned to one board committee or split between several, which could be the audit committee, the appointments committee, the sustainability committee or the corporate social responsibility committee or any other specialised committee that the Board of Directors, in exercise of its powers of self-organisation, has decided to create. Such a committee must be made up solely of non-executive directors, the majority of whom should be independent and should be specifically assigned the minimum functions indicated in the following recommendation.

Compliant [ X ]      Partially compliant [ ]      Explain [ ]

54. The minimum functions referred to in the above recommendation are as follows:

- a) Overseeing compliance with corporate governance rules and the company's internal codes of conduct, also ensuring that the corporate culture is aligned with its purpose and values.
- b) Overseeing the application of the general policy for reporting economic-financial, non-financial and corporate information, reporting to shareholders and investors, proxy advisors and other stakeholders. Oversight of the way in which the company communicates with and relates to small and medium sized shareholders.
- c) Evaluation and periodic review of the corporate governance system and the company's environmental and social policies, to confirm that they fulfil its mission of promoting the corporate interest and catering, as appropriate, to the legitimate interests of other stakeholders.
- d) Monitoring that the company's practices in environmental and social matters are aligned with the set strategy and policies.
- e) Monitor and assess the processes of liaising with different stakeholders.

Compliant  Partially compliant  Explain

55. Ensure that sustainability policies in environmental and social matters identify at least:

- a) The principles, commitments, objectives and strategy with regard to shareholders, employees, customers, suppliers, social issues, the environment, diversity, fiscal responsibility, respect for human rights and the prevention of corruption and other illegal conduct.
- b) The methods or systems for monitoring compliance with policies, associated risks and their management.
- c) Mechanisms for monitoring non-financial risk, including those related to ethics and business conduct.
- d) Channels for stakeholder engagement, participation and dialogue.
- e) Responsible communication practices that prevent the manipulation of information and protect the company's honour and integrity.

Compliant  Partially compliant  Explain

56. Directors' remuneration should be sufficient to attract and retain individuals with the desired profile and compensate the commitment, abilities and responsibility that the post demands, but not so high as to compromise the independent judgement of non-executive directors.

Compliant  Explain

57. Variable remuneration linked to the company and the director's performance, the award of shares, options or any other right to acquire shares or to be remunerated on the basis of share price movements, and membership of long-term savings schemes such as pension plans should be confined to executive directors.

The company may consider the share-based remuneration of non-executive directors provided they retain such shares until the end of their mandate. The above condition will not apply to any shares that the director must dispose of to defray costs related to their acquisition.

Compliant  Partially compliant  Explain

58. In the case of variable awards, remuneration policies should include limits and technical safeguards to ensure they reflect the professional performance of the beneficiaries and not simply the general progress of the markets or the company's sector, or circumstances of that kind.

In particular, variable remuneration items should meet the following conditions:

- a) Be subject to predetermined and measurable performance criteria that factor the risk assumed to obtain a given outcome.
- b) Promote the long-term sustainability of the company and include non-financial criteria that are relevant for the company's long-term value, such as compliance with its internal rules and procedures and its risk control and management policies.
- c) Be focused on achieving a balance between the delivery of short, medium and long-term objectives, such that performance-related pay rewards ongoing achievement, maintained over sufficient time to appreciate its contribution to long-term value creation. This will ensure that performance measurement is not based solely on one-off, occasional or extraordinary events.

Compliant  Partially compliant  Explain  Not applicable

59. For variable remuneration components to be paid it must be properly verified that the performance or other pre-defined conditions have been effectively met. In the annual report on directors' remuneration, companies shall include the criteria for the time required and the methods for such verification, depending on the nature and characteristics of each variable component.

Companies must also consider introducing a malus clause based on the deferral for a sufficient period of time of the payment of a part of the variable components, in which they are totally or partially forfeited if an event occurs prior to the time of payment whereby it is deemed advisable to do so.

Compliant  Partially compliant  Explain  Not applicable

60. Remuneration linked to company earnings should bear in mind any qualifications stated in the external auditor's report that reduce their amount.

Compliant  Partially compliant  Explain  Not applicable

61. A major part of executive directors' variable remuneration should be linked to the award of shares or financial instruments whose value is linked to the share price.

Compliant  Partially compliant  Explain  Not applicable

62. Once the shares, options or financial instruments which are part of the remuneration systems have been allocated, executive directors should not be able to transfer ownership or exercise them until at least three years have elapsed.

This is unless the director maintains, at the time of the transfer or exercise, a net economic exposure to share price changes of a market value equivalent to an amount of at least twice their annual fixed remuneration through the ownership of shares, options or other financial instruments.

This exception shall not apply to shares that the director may need to dispose of to cover the costs related to their acquisition or to cope with extraordinary situations that require it, in this latter case depending on the favourable opinion of the Appointments and Remuneration Committee.

Compliant  Partially compliant  Explain  Not applicable

Enagás is partially compliant as its Directors' Remuneration Policy includes a two-year retention period.

The Policy also requires the executive director to maintain an exposure equivalent to twice his annual fixed remuneration by holding shares, options or other financial instruments. The Policy sets a time limit of 5 years from the approval of the Policy to reach this amount.

63. Contractual arrangements should include provisions that permit the company to reclaim variable components of remuneration when payment was out of step with the director's actual performance or based on data subsequently found to be misstated.

Compliant  Partially compliant  Explain  Not applicable

64. Payments for termination or expiry of the contract should not exceed an amount equivalent to two years of the director's total annual remuneration and should not be paid until the company confirms that said director has met the conditions or criteria established for their collection.

For the purposes of this recommendation, termination or contractual termination payments include any payments whose accrual or payment obligation arises as a result of or in connection with the termination of the director's contractual relationship with the company, including amounts not previously vested in long-term savings schemes and amounts paid under post-contractual non-competition agreements.

Enagás partially complies with the recommendation given that, in addition to two years' total annual remuneration for termination or extinction, 80% of the fixed annual remuneration for each of the two years of the post-contractual non-compete agreement is paid. The latter amount will not be paid if at the time of termination of the contract the Executive Director had vested an equivalent or higher amount in the Directors' Pension Plan.

### **APPENDIX I,**

### **EXPLANATORY NOTES**

#### **EXPLANATORY NOTE ON SECTION A.2.**

The list of direct and indirect holders of significant stakes set out in section A.2 of this Report includes those significant shareholders who on December 31, 2023 qualified as such in the relevant official register of the Spanish National Securities Market Commission (CNMV). The foregoing is independent of the question of whether or not the issuer received timely notice from any relevant shareholder in pursuance of Article 23 of Royal Decree 1362/2007, of October 19.

#### **EXPLANATORY NOTE ON SECTION A.3.-**

The table for this section uses information published in the Official Registers of the CNMV, in accordance with the communication filed by the Company's Directors.

#### **EXPLANATORY NOTE ON SECTION A.6**

This refers to Mr Bartolomé Lora Toro as the natural person representative of the Director of the Sociedad Estatal de Participaciones Industriales (SEPI).

#### **EXPLANATORY NOTE ON SECTION A.8.-**

At the date of preparation of this report, the SOCIEDAD ESTATAL DE PARTICIPACIONES INDUSTRIALES (SEPI), in addition to having a seat on the Board, also had a significant holding (5%) in the share capital of Enagás, S.A.

SEPI cannot exercise control over Enagás, S.A. as it is not in any of the circumstances set out in Article 4 of Law 6/2023, of March 17, on Securities Markets and Investment Services (hereinafter "LMV").

Accordingly, no natural or legal person exercises or could exercise control over Enagás, S.A in accordance with Article 4 of the LMV.

#### **EXPLANATORY NOTE ON SECTION A.12.-**

Further text of section 2 of the 31 additional provision of the Hydrocarbons Sector Law 34/1998, of October 7 (hereinafter, also called "LSH"):

*In the event of any discrepancy between the Spanish version and this translation into English, the Spanish version shall prevail.*

(...) "For the purposes of calculating the stake in that shareholding structure, in addition to the shares or other securities held or acquired by entities belonging to its same group, as defined by Article 4 of Act 24/1988, of July 28, on the Securities Market, stakes shall be attributed to one and the same natural or legal person when they are owned by:

- a) Those parties who act in their own name but on behalf of that natural or legal person in a concerted fashion or forming a decision-making unit with them. Unless proven otherwise, the members of a governing body shall be presumed to act on account of or in concert with that legal person.
- b) To partners with whom it exercises control over a dominant company in accordance with Article 4 of the LMV".

In any event, regard shall be had to the proprietary ownership of the shares and other securities and the voting rights attached to each.

Non-compliance with the limit on interests in the share capital referred to in this Article shall be deemed a very serious breach in accordance with the terms set out in Article 109 of this Law. Responsibility shall lie with the natural or legal persons found to be the owners of the securities or whoever the excess interest in the share capital or in the voting rights can be attributed to, pursuant to the provisions of the preceding paragraphs. Whatever the case, the penalty system stipulated herein will apply.

Enagás, S.A. may not transfer the shares of the subsidiaries carrying out regulated activities to third parties".

Meanwhile, section 3 of Additional Provision 31 of this law states that:

"The restrictions of shareholding percentages and non-transfer of the shares referred to in this provision are not applicable to other subsidiaries that ENAGÁS, S.A. may constitute for business activities other than transmission, regulated by Article 66 of Law 34/1998, of October 7, on the Hydrocarbons Sector, management of the transmission network and technical management of the national gas system".

Restrictions under the Company's Articles of Association:

In accordance with the aforementioned legal provision, Article 6 bis of Enagás' Articles of Association ("Limitations on holdings in share capital") establishes that:

"No natural or legal person may hold a direct or indirect stake of more than 5% in the equity capital of the company, nor exercise voting rights in such company of over 3%. Under no circumstances may such shareholdings be syndicated. Those parties that operate within the gas sector, including those natural or legal persons that directly or indirectly possess equity holdings in the former of more than 5%, may not exercise voting rights in the Company of over 1%. These restrictions do not apply to direct or indirect interests held by public sector enterprises. Under no circumstances may share capital be syndicated.

*In the event of any discrepancy between the Spanish version and this translation into English, the Spanish version shall prevail.*

Likewise, the combined total of direct or indirect holdings owned by parties that operate within the natural gas sector may not exceed 40%.

For the purposes of calculating the stake in that shareholding structure, the Hydrocarbons Industry Act shall apply.

Enagás may not transfer to third parties shares of the subsidiaries included in its Group that undertake transmission and technical management of the system, which are regulated businesses under Hydrocarbons legislation”.

**EXPLANATORY NOTE ON SECTION C.1.10.-**

The Director Mr Arturo Gonzalo Aizpiri also holds the position of Director of Tallgrass Energy G.P., a company that is not part of the Enagás Group and in which Enagás S.A. holds a 30.2% indirect stake.

**EXPLANATORY NOTE ON SECTION C.1.14.-**

During financial year 2023, the total remuneration of the Senior Management of the Company amounted to 5,657 thousands of euros.

This includes the remuneration accrued by the Director of Audit, Control and Risk (Ms Rosa Sánchez Bravo).

*In the event of any discrepancy between the Spanish version and this translation into English, the Spanish version shall prevail.*

The aforementioned amount represents the remuneration accrued for the following items: fixed remuneration, annual variable remuneration, remuneration under the 2022-2024 ILP and remuneration in kind.

### **EXPLANATORY NOTE ON SECTION C.1.16.-**

#### **DURATION IN CHARGE AND CO-OPTION:**

Article 10 of the Rules and Regulations of the Organisation and Functioning of the Board of Directors stipulates that Directors may hold office for a period of four years, and may be re-elected for similar periods. Directors appointed by co-option will perform their duties until the date of the first General Meeting, or until the date of the following meeting, if the vacancy arises after the General Meeting has been convened and before it is held.

#### **RE-ELECTION OF DIRECTORS:**

Article 11 of the Rules and Regulations of the Organisation and Functioning of the Board of Directors stipulates that the Sustainability and Appointments Committee, responsible for evaluating the quality of work and dedication to their offices of the Directors proposed during the previous term of office, shall provide the information required to assess proposals for re-election of Non-Independent Directors presented by the Board of Directors to the General Meeting and proposals for the re-election of Independent Directors.

Proposals for re-election shall always be accompanied by a report from the Board justifying the competencies, experience and merits of the candidate. This report shall be attached to the minutes of the General Meeting or of the Board.

As a general rule, appropriate rotation of Independent Directors should be ensured. For this reason, when an Independent Director is proposed for re-election, the circumstances making this Director's continuity in the post advisable must be justified.

#### **REMOVAL:**

Directors shall leave their post after the first General Meeting following the end of their term of appointment and in all other cases in accordance with the law, the Articles of Association and the Board's Regulations (Article 12.1 of the Rules and Regulations of the Organisation and Functioning of the Board of Directors).

The Board of Directors shall not propose the removal of Independent Directors before the expiry of their tenure as established on the Articles of Association, except where just cause is found by the Board, based on a report from the Sustainability and Appointments Committee. In particular, it shall be understood that there is just cause when the Director takes on new offices or assumes new obligations that prevent them from devoting the time necessary to perform the duties of the office of Director, breaches the duties inherent to their position or is affected by one of the circumstances that cause them to lose their independent status in accordance with

the provisions of applicable legislation (Art. 12.3 of the Rules and Regulations of the Organisation and Functioning of the Board of Directors).

### **EXPLANATORY NOTE ON SECTION C.1.30.-**

In relation to the financial year 2023:

On February 16, 2023, the Audit, Control and Risk Department submitted the amount of fees to be received for those recurrent services that Ernst & Young will provide to Enagás, S.A. and its consolidated group during financial year 2023 to the Audit and Compliance Committee for its approval. In addition, at the quarterly meetings of the Committee on April 20, and July 20, 2023, fees for additional services to be performed by the External Auditor, which were not known at the beginning of the year, were submitted for approval, as well as certain minor variations resulting from improvements to the initial estimates. In all the meetings held in 2023, the Committee drafted a report to be submitted for approval on the total fees for services commissioned from the external auditor which were approved during the year, plus a preliminary report on the ratio of non-audit services.

Enagás' Audit Committee, in accordance with section 4.e) of the Corporate Enterprises Act, has established the appropriate relations with the Accounts Auditor, in order to receive all the information necessary to assess its independence, as well as to evaluate the process of carrying out the audit of the accounts. The External Auditor has not informed Enagás of any issue concerning lack of independence. In turn, the Accounts Auditor appeared before the Board of Directors on the occasion of the approval of the six-monthly interim Financial Statements and of the preparation of the Annual Accounts. The External Auditor did not inform of any issue concerning lack of independence.

The Auditor informed the Audit and Compliance Committee about independence issues:

- At the meeting on February 16, 2023, the Auditor presented its conclusions on the audit of the annual accounts of Enagás, S.A. and its tax consolidation group at December 31, 2022, and submitted the Letter of Independence to the Audit and Compliance Committee, stating that: *"The audit engagement team, the statutory auditor or audit firm and, where appropriate, other persons within the audit firm and, where applicable, other firms in the network, with any applicable extensions, have complied with the applicable independence requirements in accordance with the provisions of Law 22/2015 of July 20, on the Audit of Accounts and Regulation (EU) No. 537/2014 of April 16"*.

They conclude by stating *"...No circumstances have been identified that, either individually or as a whole, could prove a significant threat to our independence and*

*In the event of any discrepancy between the Spanish version and this translation into English, the Spanish version shall prevail.*

*would require the application of safeguards or could prove to be causes of incompatibility.”*

- At the quarterly meetings to present the conclusions of the limited review, the Auditor expressed its compliance with the independence requirements established in the regulations governing the auditing of accounts in Spain, and no circumstances were identified which, individually or as a whole, could pose a significant threat to its independence and which, therefore, would require the application of safeguard measures or which could give rise to grounds for incompatibility.

At the closing preview meeting on December 12, 2023, the Auditor also emphasised compliance with the procedures that the audit firm EY has in place, aimed at identifying and assessing any threats that may arise from circumstances related to audited entities, including those that may represent causes of incompatibility and, where appropriate, implementing necessary safeguards. Finally, in relation to the annual accounts of Enagás, S.A. and its consolidated group, he stated that all audit and non-audit services to be performed are subject to presentation to and pre-approval by the Audit and Compliance Committee.

Lastly, the Audit and Compliance Committee of Enagás, S.A. and its subsidiaries, pursuant to the provisions of article 529 quaterdecies 4.f) of the Corporate Enterprises Act, issued its report on the independence of the auditor of Enagás S.A. and its subsidiaries during the financial year 2022 on February 20, 2023, prior to issuing the Audit Report. This report expresses an opinion on the independence of the accounts auditors, and contains a reasoned assessment of the provision of each and every one of the services rendered by the External Auditor, assuring that these do not impair its independence, under prevailing law and regulations for the auditing of accounts.

This report was duly published on the Company’s website, in accordance with recommendation 6. A) of the Good Governance Code of Listed Companies.

In relation to the **mechanisms established to preserve the independence of financial analysts, investment banks and rating agencies**, Enagás regulates the framework for its relations with shareholders, analysts, institutional investors, asset managers, proxy advisors and other stakeholders through the Policy on communication of information, contacts and involvement with shareholders, institutional investors, asset managers, proxy advisors and other Enagás, S.A. stakeholders, approved for updating by the Board of Directors in 2023, to include the aspects set out in the Code of Best Practices for Institutional Investors, Asset Managers and Proxy Advisors and in the Public Communication Policy approved by the CNMV in 2023.

*In the event of any discrepancy between the Spanish version and this translation into English, the Spanish version shall prevail.*

Specifically, this internal policy is developed in line with the principles of good corporate governance and the corporate values through general principles of action, such as transparency, clarity, truthfulness and accuracy of information, continuity, accessibility and immediacy, promotion of trust in the Company, promotion of shareholder involvement in the Company, dialogue, availability and cooperation, equal treatment and non-discrimination, information symmetry, innovation, improvement and development in the use of new technologies and compliance with current legislation and Enagás' Corporate Governance System, as well as the adoption and implementation of the recommendations, principles and good governance practises adopted by the Company and cooperation with the supervisory bodies.

In line with Enagás' Corporate Governance System, the Board of Directors has put in place systems allowing for regular information exchange with shareholders on topics such as investment strategy, assessment of performance figures, the composition of the Board of Directors and management efficiency. Under no circumstances can this information create situations of privilege or attribute special advantages with regard to the other shareholders. In addition, within the scope of its activities the Finance Department provides investment banks with the information they need.

To this end, Enagás has an Investor Relations Area, to permanently deal with enquiries or suggestions from institutional investors (professionals or qualified persons), asset managers, rating agencies or bondholders, by providing a telephone number and email address for this purpose.

Shareholders, institutional investors, analysts and other Enagás stakeholders have access to complete and updated information through the following communication channels: Communication, Public Affairs & Investor Relations General Management, the Shareholder Information Office, Enagás corporate website ([www.enagas.es](http://www.enagas.es)), CNMV website ([www.cnmv.es](http://www.cnmv.es)), Enagás ENERGYDATA App, social media, Sustainable General Shareholders' Meeting, briefing sessions (road shows), the media, Investor Agenda, WhatsApp and Shareholder's newsletter. In addition to the information and communication channels available to the Company, Enagás establishes dialogue and cooperation processes with other stakeholders (regulatory bodies, different administrations, employees, customers, suppliers, financial institutions and associations and foundations), in order to identify their needs and expectations.

As stipulated in Article 5 of the Rules and Regulations of the Organisation and Functioning of the Board of Directors of Enagás, the Board shall adopt and execute all acts and measures required to ensure transparency of the company with regard to the financial markets, uphold the proper formation of prices for the company's

*In the event of any discrepancy between the Spanish version and this translation into English, the Spanish version shall prevail.*

and its subsidiaries' shares, and perform all functions attending the company's status as a listed company pursuant to current laws and regulations.

Finally, Article 8 of the Regulations of the Audit and Compliance Committee of Enagás, in relation to Corporate Governance, Internal Codes and Regulatory Compliance establishes that this Committee is responsible for supervising compliance with the rules of corporate governance and the Internal Codes of Conduct, ensuring that the corporate culture is in line with its purpose and values and, in particular, with the Internal Code of Conduct on matters relating to the Securities Markets in force at any given time and these Regulations, and for making the necessary proposals for their improvement. In fulfilling this duty, the Audit and Compliance Committee liaises with the Sustainability and Appointments Committee in considering Company Directors' and senior managers' compliance with the Code.

It also assists with drafting the Annual Corporate Governance Report, especially in areas concerning transparency of information and conflicts of interests.

#### **EXPLANATORY NOTE ON SECTION C.1.32.-**

As disclosed in note 4.6 c) to the Annual Accounts, Law 22/2015 on the Audit of Accounts establishes that non-audit services provided by the auditor must be less than 70% of the average fees paid for audit services for four consecutive years. In this regard, the amount of non-audit services rendered by the auditor of accounts (Ernst & Young, S.L.) amounts to 40% of the audit service fees invoiced during 2023 (33% for the Group).

#### **EXPLANATORY NOTE ON SECTION C.1.39**

In accordance with Article 529 octodecies of Corporate Enterprises Act, the Board is informed of the main terms and conditions of Director's contracts in the Remuneration Policy and Remuneration Report that is submitted to the Board every year.

#### **EXPLANATORY NOTE ON SECTION C.2.1.-**

##### **AUDIT AND COMPLIANCE COMMITTEE** *(Continued)*:

The duties and responsibilities of the Audit and Compliance Committee are:

**(i) With regards to the financial statements and other accounting information**

- a) Overseeing and assessing the preparation and presentation of financial and non-financial information on the Company and the Group, and checking compliance with regulatory requirements, the due definition of the consolidation scope and the correct application of accounting standards and,

*In the event of any discrepancy between the Spanish version and this translation into English, the Spanish version shall prevail.*

in particular, knowing, understanding and monitoring the efficiency of the Internal Control over Financial Reporting (ICFR) system.

- b) Examining the information on activities and results of the Company which is prepared and published periodically in accordance with the prevailing regulations relating to the securities markets, seeking to ensure transparency and exactness in the information.
- c) Reporting to the Board of Directors on recommendations or comments it deems necessary on the application of accounting criteria, internal control systems and any other relevant matter, and in particular, to present recommendations or proposals to the Board of Directors to safeguard the integrity of such financial information.
- d) Informing the Board of Directors, prior to their preparation, on the Annual Accounts and the Management Report, which shall include the mandatory non-financial information, as well as on financial and non-financial information which the Company must periodically disclose.
- e) Ensure that the Annual Accounts presented by the Board of Directors to the General Shareholders' Meeting are prepared in accordance with accounting regulations. In those cases where the auditor has included any qualification in its audit report, the Chairman of the Committee should clearly explain the opinion of the Audit and Compliance Committee at the General Shareholders' Meeting in terms of its content and scope. A summary of this opinion will be made available to the shareholders at the time of publication of the notice of the meeting, along with other Board proposals and reports.
- f) The Board of Directors must properly explain any departure from the Audit and Compliance Committee's prior Report in the Annual Accounts finally authorised for issue.
- g) Assessing any proposals made by senior managers regarding changes in accounting practices.

## **(ii) Powers relating to legality**

- a) Reporting to the Board of Directors prior to it approving the creation or acquisition of shares in special purpose vehicles and/or entities resident in jurisdictions considered tax havens, and any other transactions or operations of a similar nature that, by their nature, might impair the transparency of the company or the Group.
- b) To report on related-party transactions that must be approved by the General Shareholders' Meeting or the Board of Directors under the terms provided for in Article 14 bis of the Rules and Regulations on the Board of Directors and supervise the internal procedure established by the Company for transactions whose approval has been delegated by the Board.

- c) Preparing a report on related-party transactions, for posting on the Company's website, sufficiently in advance of the Ordinary Shareholders' Meeting.
- d) Receiving and analysing information on the fiscal criteria applied by the Company during the year, particularly with regard to the degree of compliance with corporate tax policy, prior to the preparation of the Annual Accounts.

### **(iii) Powers relating to the Internal Audit unit**

- a) Seeing to the proper operation of the internal audit as well as ensuring the independence of the unit that performs internal audit functions, which reports functionally to the Chairman of the Committee. It also ensures the smooth running of internal control and information systems submitting recommendations and proposals to the Board of Directors, with related monitoring periods, as it deems appropriate.

The head of the unit responsible for the internal audit function shall submit to the Committee its annual work plan, report directly to it on its implementation, including any incidents and limitations to the scope of its implementation, the results and the follow-up of its recommendations, and submit a report on its activities at the end of each financial year.

- b) Ensuring the unit has sufficient resources and suitably qualified personnel for optimum performance of the function.
- c) Approving the Internal Audit Plan and related work plans, and proposing the annual budget for this, ensuring that activity focuses mainly on the most significant risks facing the Company (including reputational risks).
- d) Supervising the Company's Internal Audit services, receiving regular information on its activities and verifying that senior management takes its conclusions and recommendations into account.
- e) Making proposals to the Board of Directors on the selection, appointment and removal of the head of Internal Audit.
- f) Assessing annually the functioning of the internal audit unit and the performance of their duties by its head, for which purpose the opinion of the executive management will be sought.

### **(iv) Powers relating to the relationship with the external auditor**

- With regards to the **appointment, re-election and replacement of the accounts auditor:**

- a) Taking responsibility for the selection process, pursuant to applicable legislation, and, for this purpose it shall:

*In the event of any discrepancy between the Spanish version and this translation into English, the Spanish version shall prevail.*

- 1) define the procedure for selecting the auditor;
  - 2) issue a reasoned proposal containing at least two alternatives for the selection of the auditor, except in the case of re-election.
- b) Report on the remuneration of the external auditors and other contract conditions.
  - c) Propose the selection, appointment, re-election or replacement of the external auditors of the Enagás Group to the Board of Directors for presentation at the General Shareholders' meeting.
  - d) As applicable, ensure that the Company notifies any change of external auditor to the CNMV, accompanied by a statement of any disagreements arising with the outgoing auditor and the reasons for the same.
- With regard to the **independence of the external auditors and absence of causes for prohibition and incompatibility**:
- a) Regularly gather information from the external auditor on the auditing plan and its implementation, in addition to preserving their independence in the exercise of their duties.
  - b) **Liaise with the external auditors** to obtain information on any issues that could compromise the latter's independence. Specifically, the discrepancies that may arise between the auditor of accounts and Company management for review by the Committee, and any other discrepancies relating to the audit process, as well as the possible safeguard measures to be adopted, discussing the significant weaknesses detected in internal control with the auditor of accounts, and never jeopardising the independence of the audit in order to be able to conclude on the level of confidence and reliability of the system.
  - c) Receive those other communications provided for in audit legislation and audit standards.
  - d) Proceed with the authorisation of services other than those prohibited, in accordance with prevailing regulations.
  - e) Ensure that the Company and the External Auditor adhere to current regulations on the provision of non-audit services, limits on the concentration of the auditor's business and, in general, other requirements concerning auditor independence.
  - f) Ensure that the fees of the external auditor do not threaten their quality and independence, and are not based on any form of contingency, as well as establish an indicative limit on the fees that the auditor may receive annually for non-audit services.

- g) In the event of resignation of the Accounts Auditor, the Committee should investigate the issues giving rise to the resignation.
  - h) Receive the annual statement from the external auditors on their independence with respect to the Enagás Group (included in the delivery of the supplementary report) or entities directly or indirectly related to it, in addition to detailed and individual information on additional services of any kind rendered to these entities by the external auditor or by persons or entities related to it, in conformity with audit regulations.
  - i) Issue an annual report, prior to the issue of the audit report, giving an opinion on whether the independence of the auditors is compromised. This report shall include in all cases a reasoned assessment of each additional service rendered, as referred to in the previous section, that could compromise the independence of the Accounts Auditor, considered separately and in their totality, other than statutory audits and how they relate to the requirement of independence or to the audit regulations and shall be published on the website of the Company sufficiently in advance of the date of the Ordinary General Shareholders' Meeting.
  - j) Establish a maximum term of auditor engagement, ensuring a gradual rotation with the main audit partners.
- With regard to **audit reports**:
- a) Review the content of audits, limited review reports of interim financial statements and other required reports of statutory auditors prior to their issue in order to prevent qualifications.
  - b) Supervise the responses of senior management to its recommendations, mediating and arbitrating in the event of any disagreement with regard to the principles and criteria applicable to the preparation of the financial statements.
  - c) Foster and ensure that the external auditor who audits the individual and/or consolidated Annual Accounts takes full responsibility for the audit report issued, even when the annual accounts of affiliates are audited by other external auditors.
  - d) Report to the General Shareholders' Meeting on the audit results, explaining that this process contributes to the reliability of the financial information, and on the role performed by the Committee in this process.
  - e) Ensure that the external auditors have a yearly meeting with the Board of Directors in full to inform them of the work undertaken and developments in the Company's risk and accounting positions.

- f) Make a final assessment of the external auditors' performance and how they have contributed to the quality of the audit and the integrity of the financial reporting.

**(v) Powers relating to the Company's risk control and management function**

- a) Ensuring the independence of the risk control and management function.
- b) Overseeing and assessing the effectiveness of the control and management systems for financial and non-financial risks relating to the Company and its Group, including operational, technological, legal, social, environmental, political, tax and reputational risks or corruption and anti-bribery risks, so that any such risks are adequately mitigated within the framework of the Company's internal policy. Submitting recommendations or proposals to the Board of Directors to improve these systems along with the corresponding deadline for dealing with them.

In particular, if warranted by its importance, overseeing the control and management measures implemented in relation to cybersecurity risk, including cyber-attack response and recovery plans.

- c) Oversee the risk control and management unit, which shall, among other functions, ensure the proper functioning of the risk control and management systems and, in particular, identify, manage and adequately quantify all material risks affecting the Company; actively participate in the development of the risk strategy and major decisions on its management; and ensure that the risk control and management systems adequately mitigate risk under the policy defined by the Board of Directors, and ensure that they are effectively implemented in practice.
- d) Assessing the Company's risks and examine the analyses of risks that affect the business, which are set out in the internal risk policies. This periodic information is prepared in accordance with internal rules, including the identification, measurement and establishment of management measures for the material risks affecting the Company.
- e) Reporting to the Board of Directors on any risks uncovered, with an assessment thereof, and any key issues concerning risks. In particular, it shall reassess, at least every year, the list of the most significant financial and non-financial risks and assess their tolerance level, proposing an adjustment of these to the Board, if necessary.
- f) Holding at least one meeting annually with the senior managers of the business units in which they explain business trends and the associated risks.

- g) Ensuring that the risk control and management unit has the human and material resources needed for optimum performance of its functions.
- h) Report and propose to the Board of Directors on the selection, appointment, renewal and replacement of the head of the risk control and management function.

**(vi) In relation to Corporate Governance, Internal Codes and Compliance**

- a) Reporting in advance to the Board of Directors on structural and corporate changes that the Company plans to carry out, their economic conditions and their accounting impact and, in particular, where appropriate, the proposed exchange ratio.
- b) Overseeing compliance with corporate governance rules and with the Internal Codes of Conduct, ensuring that the corporate culture is aligned with its purpose and values, and, in particular, with the Internal Code of Conduct in matters relating to the Securities Markets in force at any given time and with these Regulations, and making the necessary proposals to improve them. In fulfilling this duty, the Audit and Compliance Committee liaises with the Sustainability and Appointments Committee in considering Company Directors' and senior managers' compliance with the Code.
- c) Overseeing a mechanism that allows employees and other persons related to the Company, such as directors, shareholders, suppliers, contractors or subcontractors to report potentially significant irregularities, including financial and accounting irregularities, or irregularities of any other nature, concerning the Company and which may come to light within the Company or its Group. These mechanisms must guarantee confidentiality and, invariably, cover situations where cases may be reported anonymously, respecting the rights of the whistleblower and the accused, providing regular information about how the mechanisms function, being able to propose appropriate actions to improve them and reduce the risk of irregularities in the future, always observing prevailing data protection regulations and the basic rights of the parties concerned.
- d) Preparing an Annual Activity Report of the Audit and Compliance Committee, which will form part of the corporate governance report, and which will be published on the Company's website sufficiently in advance of the Ordinary General Meeting.
- e) Assisting with drafting the Annual Corporate Governance Report, especially in areas concerning information transparency and conflicts of interests.

**(vii) Powers relating to the compliance function**

- a) Ensuring the independence of the Compliance unit.

- b) Ensuring that the compliance unit performs its mission and competences with regard to regulatory compliance and the prevention and correction of behaviour that is illegal or fraudulent or otherwise breaches the Enagás Group Code of Ethics.
- c) Ensuring that the compliance unit has the human and material resources needed for optimum performance of its functions.
- d) Providing information and putting forward proposals to the Board of Directors regarding the selection, appointment, reappointment and dismissal of the head of Compliance.

**(viii) In relation to shareholders**

- a) Providing information on issues within the scope of its duties at the General Meeting.

**SUSTAINABILITY AND APPOINTMENTS COMMITTEE**

*(continued):*

The duties and powers of the Sustainability and Appointments Committee are:

**(i) Powers relating to the composition of the Board**

- a) To evaluate the competencies, knowledge and experience required on the Board of Directors. To this end, it shall determine the functions and capacities required of the candidates to fill each vacancy, and evaluate the precise amount of time and degree of dedication necessary for them to effectively perform their duties, while ensuring that Non-Executive Directors have sufficient time available to properly perform their functions, in accordance with the Board Diversity and Director Selection Policy.

To this end, the Committee will prepare and regularly update a matrix with the necessary competencies of the Board that defines the skills and knowledge of the candidates for Directors, especially those of the Executive and Independent Directors.

- b) Reviewing the structure of the Board of Directors, as well as the criteria that must be reported, the statutory renewal of Directors, the incorporation of new members, guaranteeing that their access to the Board does not affect the Company's status as transmission grid operator, in accordance with the provisions of the applicable regulations on hydrocarbons. Likewise, any other aspect related to its composition that it considers appropriate will be reviewed, making the necessary proposals to the Board of Directors.

- c) Establishing a representation objective for the underrepresented gender on the Board of Directors and to draw up guidelines on how to achieve this objective, also proposing to the Board of Directors the policy of diversity of directors, based on the criteria of age, disability, training, professional experience and gender, among others.
- d) Reviewing periodically the category of the Directors.

**(ii) Powers relating to the selection of Directors and Senior Managers**

- a) To forward to the Board of Directors proposed appointments of Independent Directors for them to be designated by co-option or subject to the decision of the General Shareholders' Meeting, as well as on proposals for their re-election or removal by the General Shareholders' Meeting.
- b) To report proposed appointments of the remaining Directors for them to be designated by co-option or subject to the decision of the General Shareholders' Meeting, as well as on proposals for their re-election or removal by the General Shareholders' Meeting.
- c) To report to the Board of Directors concerning proposals for the removal of Directors when situations arise that affect them and which may compromise the good name and reputation of the Company, according to prevailing laws or the internal regulations of the Company.
- d) The Committee shall verify on an annual basis compliance with the Board Diversity and Director Selection Policy approved by the Board of Directors.
- e) To report on proposals for the appointment and removal of Senior Managers.
- f) To submit proposals to the Board of Directors regarding the Company's organisational structure and the creation of Senior Management positions that it considers necessary for better and more efficient management of the Company, as well as the guidelines regarding the appointment, career selection, promotion and dismissal of Senior Management, to ensure the Company has, at all times, highly qualified personnel suitable for the management of its activities.

**(iii) Powers relating to the offices of the Board**

- a) To report on the appointment of the Chairman and Vice Chairman of the Board of Directors.
- b) To report on the appointment and dismissal of the Secretary and Vice Secretary of the Board of Directors.
- c) To propose the appointment of the Independent Leading Director.

- d) To examine and organise the succession of the Board of Director's Chairperson and the Company's CEO and, if appropriate, to make proposals to the Board to ensure the succession is smooth and well planned, drawing up and regularly reviewing a succession plan to that effect.

**(iv) Powers relating to the corporate governance of the Company and sustainability**

- a) To report to the Board on general policy concerning Sustainability and Good Corporate Governance, ensuring the adoption and effective application of best practices, both those which are compulsory and those that are in line with generally accepted recommendations. To this end, the Committee shall be responsible for the following functions:
- (i) To submit to the Board the initiatives and proposals it deems appropriate and provide information on proposals submitted to the Board and information the Company releases to shareholders annually regarding these issues.
  - (ii) Assess and periodically review the Company's corporate governance system and the Company's environmental and social policy to ensure that they fulfil their mission of promoting the corporate interest and take into account, as appropriate, the legitimate interests of other stakeholders.
  - (iii) Oversee the application of the general policy for reporting economic-financial, non-financial and corporate information, reporting to shareholders and investors, proxy advisors and other stakeholders. Oversight of the way in which the Company communicates with and relates to small and medium sized shareholders.
  - (iv) See to it that the Company's practices in environmental and social matters are aligned with the set strategy and policies.
  - (v) To oversee and assess the processes of liaising with different stakeholders.

In particular, the Committee shall ensure that sustainability policies in environmental and social matters identify at least:

- Principles, commitments and targets in matters relative to shareholders, employees, customers, suppliers, social welfare issues, the environment, diversity, fiscal responsibility, respect for human rights and the prevention of illegal conducts.
- Methods or systems for monitoring compliance with policies, associated risks and their management.

- Mechanisms for monitoring non-financial risk, including those related to ethics and business conduct.
  - Channels for stakeholder engagement, participation and dialogue.
  - Responsible communication practices that prevent the manipulation of information and protect the Company's honour and integrity.
- b) To report to the Board of Directors on measures to be taken in the event of breach of these Board Regulations or the Internal Code of Conduct on matters relating to the securities markets on the part of Directors or other persons subject to those rules. In performing this duty, the Sustainability and Appointments Committee shall work in coordination with the Audit and Compliance Committee wherever appropriate.
- c) Ensure that the information disseminated by the Company via its website on matters within its remit is sufficient and appropriate and complies with the recommendations on good corporate governance adopted by the Company.
- d) To prepare an Annual Report on the activities of the Sustainability and Appointments Committee, which shall be published on the Company's website sufficiently in advance of the Ordinary General Meeting.

**(v) Other powers**

- a) To spearhead, where appropriate, together with the Independent Leading Director, the annual evaluation of the performance of the Board and its Committees, and to provide the Board with the results of its assessment together with a proposal for an action plan or with recommendations to correct possible deficiencies detected or to improve performance.
- b) To design and organise regular programmes to update Directors' knowledge.
- c) To ensure that any conflicts of interest do not impair the independence of external advisors to the Committee in connection with the performance of its duties.

**REMUNERATION COMMITTEE**

*(continued):*

The duties and powers of the Remuneration Committee are:

**(i) Powers relating to the remuneration of Directors and Senior Managers**

- a) To propose to the Board of Directors the remuneration policy for Directors and Senior Managers, verifying that this is observed. To this end, the

*In the event of any discrepancy between the Spanish version and this translation into English, the Spanish version shall prevail.*

committee will periodically review the remuneration policy for Directors and Senior Management and ensure that their individual remuneration is proportional to that paid to the other Directors and Senior Management of the Company.

- b) To propose to the Board of Directors the individual remuneration and other contractual conditions of the Executive Directors, verifying that they are consistent with the remuneration policies in force.
- c) To report to the Board of Directors, in advance, on the individual determination of the remuneration of each Director in their capacity as such within the statutory framework and the remuneration policy, as well as for the performance of the executive functions attributed to them in the remuneration policy and in accordance with the provisions of their contract.
- d) To propose to the Board of Directors the basic conditions of the Senior Management contracts, verifying that they are consistent with the remuneration policies in force.
- e) To verify information on remuneration of Directors and senior managers contained in the various corporate documents, including the Annual Report on Directors' Remuneration.

**(ii) Other powers**

- a) To submit to the Board the initiatives and proposals on remuneration it deems appropriate and provide information on proposals submitted to the Board and information the Company releases to shareholders annually regarding this issue.
- b) Ensure that the information disseminated by the Company via its website on matters within its remit is sufficient and appropriate and complies with the recommendations on good corporate governance adopted by the Company.
- c) To prepare an Annual Report on the Remuneration Committee's activities, which will be published on the Company's website sufficiently in advance of the Ordinary General Meeting.
- d) To ensure that any conflicts of interest do not impair the independence of external advisors to the Committee in connection with the performance of its duties.

**EXPLANATORY NOTE ON SECTION D.5.-**

Since accounting and corporate regulations may differ, the transactions carried out in 2023 and reported in section D.5, which, although they do not meet the requirements to be considered as related-party transactions from a corporate perspective, would be considered as such under current accounting regulations, are detailed below:

*In the event of any discrepancy between the Spanish version and this translation into English, the Spanish version shall prevail.*

<b>Corporate name</b>	<b>Brief description of the transaction</b>	<b>Amount (thousands of euros)</b>

*6. In relation to Related-Party Transactions whose approval corresponds to the General Shareholders' Meeting, the proposed approval resolution adopted by the Board of Directors shall be submitted to the General Shareholders' Meeting with the indication of whether it has been approved by the Board of Directors with or without the vote against of the majority of the Independent Directors.*

*7. The Board of Directors shall ensure public disclosure of the performance of Related-Party Transactions entered into by the Company or companies of its Group, the amount of which reaches or exceeds either 5% of total assets or 2.5% of the annual amount of the Company's turnover.*

*To this end, an announcement, with the legally stipulated content, must be published in an easily accessible place on the Company's website and, in turn, it must be communicated to the National Securities Market Commission. The announcement shall be published and notified, at the latest, at the time the Related-Party Transaction is entered into and shall be accompanied by the issued report, if applicable, by the Audit and Compliance Committee.*

*Likewise, Related-Party Transactions shall be reported in the Annual Corporate Governance Report and in the periodic public information under the terms set forth in the applicable regulations...".*

With regard to possible conflicts of interest, all those described as being subject to this Internal Code of Conduct must:

- Notify the Board of Directors, through the Secretary, of any possible conflicts of interest to which they may be subject due to family relationships, their personal assets and liabilities or any other reason. Communications must be made within fifteen (15) days and, in any case, before the decision that may be affected by the potential conflict of interest is taken.
- Keep the information updated, taking into account any modification or cessation of previously reported situations as well as the emergence of new conflicts of interest.
- Refrain from participating in any decision-making process that may be affected by such a conflict of interest with the Company.

The Audit and Compliance Committee is the body responsible for regulating and resolving any conflicts of interest that may arise and, pursuant to Article 26 of the Rules and Regulations of the Organisation and Functioning of the Board of Directors, is assigned the following duties:

*3.e.) Reporting on Related-Party Transactions that must be approved by the General Shareholders' Meeting or the Board of Directors under the terms provided for in Article 14 bis of these Regulations and supervise the internal procedure established by the Company for transactions whose approval has been delegated by the Board.*

**EXPLANATORY NOTE ON SECTION E.2.-**

*(continued):*

- D. Internal Audit, Control and Risk Department (Risk Unit): The Risk Unit is in charge of the overall management of all regulations related to risk, supervising that risk management is applied correctly, disclosed, monitored and improved continuously so that it is aligned with the business needs at all times. Part of their duties are:
- a. Ensuring that the risk control and management systems are functioning correctly. Defining the framework of rules and methodologies for the identification, measurement and management of the main risks affecting the company.
  - b. Participating actively in the preparation of risk strategies and in key decisions about their management.
  - c. Reporting to the Executive Committee on the company's risk appetite and tolerance proposed by the specialist areas, and the structure of the related limits.
  - d. Analysing, from a risk perspective, the most important operations.
  - e. Monitor and control all the company's risks, validating the measurements made by the business units and/or departments.
  - f. Advising the company's departments in risk assessment.
  - g. Supervising that the risk control and management actions proposed by the business units mitigate risks effectively in the frame of the policy and strategy drawn up.
  - h. Proposing a global and consistent view of the company's risk through an internal information and control system.
  - i. Disclosing the Group's risks and reporting on the key matters relating to risks to the Senior Management and Governing Bodies.
- E. Business and corporate units: These are the various business and corporate units that assume risk in the ordinary course of their activities. Part of their duties are:
- a. Identify risks in their activity on a regular and systematic basis through the year.
  - b. Assess and measure risks following the established identification and assessment methodologies.
  - c. Define risk-management and risk-mitigation and impact control actions in accordance with the defined strategy and the nature of the risks.
  - d. Passing down risk limits and thresholds to lower levels.

*In the event of any discrepancy between the Spanish version and this translation into English, the Spanish version shall prevail.*

### **EXPLANATORY NOTE ON SECTION E.3.-**

*(continued):*

Broadly, these include: the risk of insolvency, bankruptcy or insolvency proceedings, or uncertainty about a counterparty's ability or willingness to meet its contractual obligations.

The Company monitors in detail this type of risk which is particularly relevant in the current economic setting. The activities carried out include analysing the risk level and monitoring the credit quality of counterparties, regulatory proposals to compensate the Company for any possible failure to comply with payment obligations on the part of shippers (an activity that takes place in a regulated environment) or requesting guarantees. In this regard, regulations were developed establishing standards for managing guarantees in the Spanish gas system and which oblige shippers to provide guarantees for: (i) contracting capacity in infrastructure with regulated third-party access and international connections, (ii) settlement of imbalances; and (iii) participation in the organised gas market.

The measures for managing credit risk involving financial assets include the placement of cash at highly-solvent entities, based on the credit ratings provided by the rating agencies with the highest international prestige. Likewise, interest rate and exchange rate derivatives are contracted with financial entities with the same credit profile.

**Reputational Risks:** Any action, event or circumstance that could have an unfavourable or negative impact on the perceptions and opinions held by Stakeholders (public administrations and regulators, shareholders and investors, employees, communications media and social media, and society in general) about the company.

**Compliance and Model Risks:** These include possible sanctions (financial or otherwise) for non-compliance with laws or regulations that are mandatory for the company, as well as non-compliance with internal policies and procedures. This is the result of improper business practices or operational events leading to regulatory non-compliance. It also includes the risk of corruption and internal and/or external fraud.

The Company may also be affected by risks associated with the improper use of assessment models and/or risk measurement, and hypotheses that are outdated or do not have the necessary precisions to be able to correctly evaluate their results.

**Criminal Liability Risks:** This includes the offences that give rise to criminal liability of the company (as a legal entity) for acts or omissions committed by its directors, officers or employees in the exercise of their functions and for the direct or indirect benefit of the company, as established by the applicable criminal law.

*In the event of any discrepancy between the Spanish version and this translation into English, the Spanish version shall prevail.*

The reforms of the criminal codes of some of the countries in which the company operates (including Spain) establish the criminal liability of legal persons only for certain types of criminal offences, known as "catalogue of offences".

To prevent this risk from materialising, the Enagás Group has developed a Crime Prevention Model in accordance with the requirements established in the Spanish Criminal Code, implementing the measures necessary to prevent the commission of crimes in its business environment and thus exempt the company from criminal liability.

The types of risks detailed above can also be classified according to each of the three pillars of sustainability (Environment, Social and Government). This is a category of risks transversal to the others previously identified, which groups together the different types of risks identified according to their effect on the material topics identified by the company from the sustainability point of view.

The material topics that have been identified, and therefore into which the risk typologies have been classified, include: People and Local Communities, Health and Safety, Governance, Ethics and Integrity, Climate Change, Natural Capital, Supply Chain, Operational and Financial Excellence and Affiliates Relations.

Finally, given the dynamic nature of the business and its risks, and despite having a risk control and management system that responds to the best international recommendations and practices, it is not possible to guarantee that some risk is not identified in the risk inventory of the Company.

#### **EXPLANATORY NOTE ON SECTION F.1.2.-**

*(continued):*

2. The Rules of Conduct which describe the behaviour expected from all internal auditors. These rules help interpret the Principles when applied in practical situations and are intended to guide the ethical conduct of all internal auditors.

Once a year all internal auditors must sign a declaration stating that they are cognisant of, understand and uphold these rules. In turn, professionals who work with the Audit, Control and Risk Department must also sign this declaration, when they start to provide their services.

#### **Enagás Internal Code of Conduct in matters relating to Securities Markets (RIC):**

These Regulations are available on the corporate website and on the Intranet, approved by the Board of Directors at its meeting of December 16, 2019, and are intended to protect the interests of investors in the securities of the

*In the event of any discrepancy between the Spanish version and this translation into English, the Spanish version shall prevail.*

company and its Group and to prevent and avoid any situation of abuse by establishing the rules for:

- The management and control of Privileged Information and the handling of such information;
- The trading of Affected Securities of Enagás or companies in its business Group;
- The performance of treasury shares transactions;
- The obligations of publication and dissemination of privileged information to the market;
- Generally, compliance with securities market regulations.

Persons subject to the obligations established in the Internal Code of Conduct will receive a copy of the regulations and must sign a statement acknowledging receipt and declaring that they are aware of their obligations.

The Audit and Compliance Committee is responsible for ensuring compliance with the regulations and for making suggestions, as necessary, to improve them (Article 8 of the Regulations of the Audit and Compliance Committee of Enagás, S.A.). The Head of Legal Affairs and Compliance shall ensure exact and faithful compliance with the obligations contained therein, adopting such measures, including disciplinary measures, as may be deemed appropriate in view of the particular circumstances of the case, except in the case of members of the Board of Directors and Enagás senior managers, in respect of whom she shall propose to the Enagás Board of Directors the adoption of the corresponding resolution and, where appropriate, sanction (art. 17.1 of the Internal Code of Conduct). Likewise it will report regularly to the Audit and Compliance Committee on the degree of compliance and any incidents detected in relation to its application for evaluation by the Committee (Article 19.2 of the Internal Code of Conduct).

Since July 1, 2023

During 2023, the following changes took place in the composition of the Audit and Compliance Committee, which were approved by the Board of Directors on April 24, 2023:

- Stepping down of Mr Rafael Piqueras Bautista, due to his retirement, from the positions of non-director Secretary and of Legal Advisor to the Board of Directors with effect from July 1, 2023, also ceasing to perform his duties as Secretary of the Audit and Compliance Committee.
- Appointment of Mr Diego Trillo Ruiz as Secretary and Legal Advisor to the Board of Directors, with effect from July 1, 2023, the date on which he also began to perform the duties of Secretary of the Audit and Compliance Committee.

The members of the Audit and Compliance Committee were appointed on the basis of their knowledge, skills and experience in accounting, auditing, financial and non-financial risk management and information technology.

All the information on the members of the Board of Directors, including their work experience, is available on the [Enagás' corporate website](#) .

## ATTENDANCE

Pursuant to the provisions of the Regulations of the Audit and Compliance Committee, the Committee held its meetings in accordance with the Annual Calendar of Activities approved by the Committee at the beginning of the year.

During 2023, five meetings were held: four ordinary and one preparatory meeting. All meetings were convened to be held in person at the company's registered office, with the option of connecting via remote channels.

All members of the Audit and Compliance Committee attended these meetings.

## COMMITTEE OPERATION

*The Committee conducted its activity in 2023 following the best practices of Corporate Governance and the recommendations of both the Good Governance Code of Listed Companies of June 2020, and the Technical Guide 3/2017 on Audit Committees in public interest entities dated June 27, 2017.*

In accordance with the provisions of the corporate texts, the Audit and Compliance Committee was assisted by the Head of Audit, Control and Risks, Ms Rosa Sánchez Bravo, in her capacity as advisor to the Committee, and from July 1, 2023 by Ms Belén Barandiarán Odriozola in her functions of support to

the General Secretariat to the Board, as head of the Corporate Governance area.

In addition, during 2023, at the invitation of the Chairman of the Committee, the Committee requested the frequent presence of certain members of the Company's senior management to discuss matters within their competence in accordance with the agenda. In particular, it was attended by the Chief Financial Officer, Mr Luis Romero, as well as by the Head of Legal Counsel and Compliance, Ms Sofia de las Cuevas, and the Head of Digitalisation and Technology, Mr César Corachán.

Likewise, the representatives of the external auditor, Ernst & Young, S.L., attended the ordinary and preparatory meetings of the Committee.

None of the persons invited to the Committee meetings attended the deliberation and voting phases.

The documentation relative to each meeting, as well as the agenda and the minutes from the previous meeting, were given to Committee members sufficiently in advance.

Ordinarily, after each Audit and Compliance Committee meeting, the Chairman of the Committee reported to the Board of Directors with regard to the actions taken and matters addressed in each meeting.

# 2 Audit and Compliance Committee regulation

*The Audit and Compliance Committee is governed by the provisions of applicable laws and regulations, the provisions contained in the Articles of Association, the Rules and Regulations for the Organisation and Functioning of the Board of Directors of Enagás, S.A., as well as the Regulations of the Audit and Compliance Committee, dated December 19, 2022.*

These documents are available on the [website](#).

The main functions and tasks performed during 2023 by the Audit and Compliance Committee are summarised in the following basic categories, which are set out in detail in article 8 of the Committee Regulations:

## 2.1. ANNUAL ACCOUNTS AND OTHER FINANCIAL AND NON-FINANCIAL INFORMATION

**i.** Overseeing and assessing the preparation and

presentation of financial and non-financial information on the Company and the Group, and checking compliance with regulatory requirements, the due definition of the consolidation scope and the correct application of accounting standards and, in particular, knowing, understanding and monitoring the efficiency of the Internal Control over Financial Reporting (ICFR) system.

**ii.** Examining the information on activities and results of the Company which is prepared and published periodically in accordance with the prevailing regulations relating to the securities markets, seeking to ensure transparency and exactness in the information.

**iii.** Informing the Board of Directors of any recommendations or comments that it deems necessary on the application of accounting

criteria, internal control systems, submitting recommendations or proposals to the Board of Directors aimed at safeguarding the integrity of the financial and non-financial information.

**iv.** Informing the Board of Directors, prior to their preparation, on the Annual Accounts and the Management Report, which shall include the mandatory non-financial information, as well as on financial and non-financial information which the Company must periodically disclose.

**v.** Ensuring that the Annual Accounts presented by the Board of Directors to the General Shareholders' Meeting are prepared in accordance with accounting regulations.

**vi.** Assessing any proposals made by senior managers regarding changes in accounting practices.

## 2.2. EXTERNAL AUDITOR

### WITH REGARD TO THEIR INDEPENDENCE:

- i.** Regularly gather information on the auditing plan and its implementation, in addition to preserving their independence in the exercise of their duties.
- ii.** Establishing appropriate relations with the external auditor to receive information on any matters that may threaten its independence, in particular any discrepancies that may arise between the accounts auditor and Company management, for consideration by the Committee, and any others related to the process of implementation of the accounts audit, as well as any possible safeguards to be adopted.
- iii.** Proceeding with the authorisation of services other than those prohibited in accordance with prevailing regulations.
- iv.** Ensuring that the Company and the external auditor adhere to current regulations on the provision of non-audit services, limits on the concentration of the auditor's business and, in general, other requirements concerning auditor independence.

- v.** Ensuring that the fees of the external auditor do not threaten their quality and independence, and are not based on any form of contingency, and establish an indicative limit on the fees that the auditor may receive annually for non-audit services.
- vi.** Receiving the annual statement from the accounts auditors on their independence with respect to the Enagás Group or entities directly or indirectly related to it, in addition to detailed and individual information on additional services of any kind rendered to these entities, and the corresponding fees received, by the external auditor or by persons or entities related to it. All of this is in accordance with the provisions of the regulations governing the accounts auditing activity.
- vii.** Issuing an annual report, prior to the issue of the audit report, giving an opinion on whether the independence of the auditors is compromised. This report contains a reasoned assessment of the provision of each and every one of the services rendered by the auditor, ensuring that they do not compromise the independence of the auditor, both individually and overall, in accordance with the provisions of the regulations governing the auditing of accounts.

This report will be published on the Company's website sufficiently in advance of the Ordinary Shareholders' Meeting.

- viii.** Establishing a maximum duration for the audit task, guaranteeing a gradual rotation of the signing partner in accordance with the Audit Act.

### IN RELATION TO THE ACCOUNTS AUDIT PROCESS AND OTHER LIMITED REVIEWS OF INTERIM FINANCIAL STATEMENTS:

- i.** Reviewing the contents of audit reports, reports on limited review of interim financial statements and other statutory reports required of the accounts auditors prior to their issuance, in order to prevent qualifications.
- ii.** Supervising the responses of senior management to its recommendations, and mediating and arbitrating in the event of any disagreement with regard to the principles and criteria applicable to the preparation of the financial statements.
- iii.** Fostering and ensuring that the external auditor who audits the individual and/or consolidated annual accounts takes full responsibility for the audit report issued, even when the annual accounts of affiliates are audited by other external auditors.

- iv. Reporting to the General Shareholders' Meeting on the audit results, explaining that this process contributes to the reliability of the financial information, and on the role performed by the Committee in this process.
- v. Ensuring that the external auditor has a yearly meeting with the Board of Directors to inform them of the work undertaken and developments in the Company's risk and accounting positions.
- vi. Conducting an annual assessment of the auditor's performance and how it has contributed to the quality of the audit and the integrity of the financial reporting.

### 2.3. INTERNAL AUDIT

- i. Overseeing the proper operation of internal audit and ensuring the independence of the Company's internal audit function, ensuring the provision of sufficient resources and suitably qualified personnel for the optimum performance of its duties.
- ii. Approving the Internal Audit Plan, their related work plans and the annual budget for this, ensuring that the activity focuses mainly on the most significant risks facing the Group, including reputational risks.

- iii. Supervising the internal audit services, receiving regular information on their activities and verifying that senior management takes their conclusions and recommendations into consideration.
- iv. Annually assess the internal audit function and the performance of its functions by its manager, for which purpose it shall seek the opinion of executive management.

### 2.4. RISK CONTROL AND MANAGEMENT

- i. Ensuring the independence of the risk control and management function.
- ii. Overseeing and assessing the effectiveness of the control and management systems for financial and non-financial risks relating to the Company and its Group, including operational, technological, legal, social, environmental, political, cybersecurity and reputational risks or corruption and anti-bribery risks, so that any such risks are adequately mitigated within the framework of the Company's internal policy. In particular, if warranted by its importance, overseeing the control and management measures implemented in relation to

cybersecurity risk, including cyberattack response and recovery plans. Submitting recommendations or proposals to the Board of Directors to improve these systems along with the corresponding deadline for dealing with them.

- iii. Supervising the Risk Control and Management Unit, whose functions will include ensuring the proper functioning of the risk control and management systems. Participating actively in the preparation of risk strategies and in key decisions about their management.
- iv. Evaluating the Company's risks and examining the analyses of risks that affect its activities.
- v. Reporting to the Board of Directors on the risks detected and the assessment thereof, as well as any other relevant risk-related matters, reassessing the most significant financial and non-financial risks at least once a year.
- vi. Ensuring that the compliance function is provided with the necessary staff and material resources needed for the optimum performance of its duties.

## 2.5. COMPETENCIES RELATING TO LEGALITY

- i.** Reporting to the Board of Directors prior to it approving the creation or acquisition of shares in special purpose vehicles or entities resident in tax havens.
- ii.** Reporting on related-party transactions that must be approved by the General Shareholders' Meeting or the Board of Directors in accordance with Article 14 bis of the Board's Regulations and supervise the internal procedure established by the Company for transactions whose approval has been delegated by the Board.
- iii.** Preparing a report on related-party transactions, for posting on the Company's website, sufficiently in advance of the Ordinary Shareholders' Meeting.
- iv.** Receiving and analysing information on the tax-related criteria applied by the Company during the year, particularly with regard to the degree of compliance with the Corporate Tax Policy, prior to the preparation of the Annual Accounts.

## 2.6. CORPORATE GOVERNANCE, INTERNAL CODES AND COMPLIANCE

- i.** Reporting in advance to the Board of Directors on operations involving structural and corporate modifications planned by the Company.
- ii.** Supervising compliance with the rules of corporate governance and the Internal Codes of Conduct, ensuring that the corporate culture is aligned with its purpose and values and, in particular, with the Internal Code of Conduct on matters relating to the securities markets, acting in coordination with the Sustainability and Appointments Committee.
- iii.** Overseeing a mechanism that allows employees and other persons related to the Company to report potentially significant irregularities, including financial and accounting irregularities, or irregularities of any other nature, concerning the Company and which may come to light within the Company or its Group. Such mechanisms must guarantee confidentiality of the parties concerned.
- iv.** Preparing this Annual Activity Report of the Audit and Compliance Committee that will form

a part of the Annual Corporate Governance Report.

- v.** Assisting with drafting the Annual Corporate Governance Report, especially in areas concerning information transparency and conflicts of interest.

## 2.7. COMPLIANCE

- i.** Ensuring the independence of the compliance function.
- ii.** Ensuring that the compliance function performs its mission and competencies with regard to regulatory compliance and the prevention and correction of behaviour that is illegal or fraudulent or otherwise breaches the Enagás Code of Ethics.
- iii.** Ensuring that the compliance function is provided with the necessary staff and material resources needed for the optimum performance of its duties.

## 2.8. SHAREHOLDERS

- i.** Providing information on issues within the scope of its duties at the General Meeting.

# 3 Activities of the Audit and Compliance Committee in 2023

*During 2023, the Audit and Compliance Committee effectively executed its schedule of actions, in accordance with the recommendations of the Technical Guide and the Good Governance Code of Listed Companies.*

The most relevant activities conducted by the Audit and Compliance Committee in 2023 are summarised below.

## **WITH REGARD TO FINANCIAL AND NON-FINANCIAL INFORMATION**

### **INFORMATION TO THE BOARD OF DIRECTORS ON ENAGÁS' ANNUAL ACCOUNTS FOR FINANCIAL YEAR 2022**

In its meeting held on February 16, 2023, the Committee analysed and debated the 2022 annual accounts, reporting favourably on them to the Board of Directors. On February 20, 2023, the Board of Directors proceeded to prepare the annual accounts for the year ending December 31, 2022 under the terms set out by the Committee.

The Committee also verified that the Non-Financial Information Statement, which is included in the Management Report of the Consolidated Annual Accounts, included all the reporting required by Law 11/2018, of December 28 on non-financial information and diversity, reporting in this regard to the Board of Directors.

Finally, the Annual Accounts and Management Report for the 2022 financial year, both for Enagás, S.A. and its Consolidated Group, were approved by the General Shareholders' Meeting on March 30, 2023.

### **OVERSIGHT OF THE 2023 INTERIM FINANCIAL STATEMENTS**

Throughout 2023, in accordance with the recommendations on good governance, the Committee has reviewed the interim financial statements on the occasion of the quarterly and half-yearly closing, based on the reports provided by the Chief Financial Officer and the external auditor.

The Committee views this activity to be of vital importance in maintaining strict control of the Company's accounts and thus to facilitate the issuance of an unqualified audit report at year-end.

As a result of its work, the Committee presented at its meetings in April and October 2023 reports to the Board of Directors regarding the interim economic and financial information of Enagás, and the economic and financial information for the first half of 2023, at its meeting held on July 2023.

### **INTERNAL CONTROL OVER FINANCIAL REPORTING SYSTEM ("ICFR")**

During 2023, the Committee monitored, through the information provided by the external auditor, internal auditor and the Finance Department, the effectiveness of the Internal Control over Financial Reporting System (ICFR).

Specifically, on February 16, 2023, the external auditor issued a favourable report to the Committee on the ICFR Certification as of December 31, 2022, not detecting any significant weaknesses.

### **INTERNAL CONTROL OVER NON-FINANCIAL REPORTING SYSTEM ("ICNFR").**

On February 16, 2023, the external auditor informed the Committee of the issuance of a Report on Agreed Procedures on the Internal Control over Non-Financial Reporting ("ICNFR") System, not having detected any material event.

### **OTHER FINANCIAL INFORMATION**

During 2023, the Committee assessed and monitored other financial information such as the follow-up of the 2023 budget, the progress of the financial statements, the progress of the 2024 budget and certain reports related to key audit issues.

### **WITH REGARD TO THE EXTERNAL AUDITOR AUDIT PROCESS**

In accordance with the established agenda, the external auditor participated in the four ordinary meetings held by the Committee, and in the preparatory meeting held in 2023 to prepare for the end of the accounting period, which has allowed the

Committee to adequately perform its duty to serve as a communication channel between the Board of Directors and the external auditor.

Specifically, at its February meeting, the external auditor reported on the Consolidated Annual Accounts Report, the Report on the Annual Accounts of Enagás S.A., and the Consolidated Non-Financial Information Statement Audit Report at December 31, 2022. The auditor also presented the Audit Report on the ICFR and the Report on agreed procedures on the ICFR as at December 31, 2023.

On March 30, 2023, the Chairman of the Committee informed the General Shareholders' Meeting of the favourable outcome of the audit of the 2022 annual accounts, explaining how this had contributed to ensure the integrity of the financial information, as well as the functions that the Committee has performed during this process.

On a quarterly basis, the external auditor has been reporting to the Committee on the quarterly limited reviews, as well as the Report on the Interim Financial Statements as at June 30, 2023.

The external auditor was not present at the decision-making part of the Committee's meetings, as its

appearance was limited to the agenda items for which it had been convened.

In addition, the external auditor reported to the Board of Directors in detail on the development of its activities on two occasions: February 20 and July 24, 2023.

### **ANALYSIS OF THE INDEPENDENCE OF THE ACCOUNTS AUDITOR BY THE AUDIT AND COMPLIANCE COMMITTEE**

During the meetings held in 2023, the Committee:

- a) Reviewed and approved all the services rendered by the external auditor, to check that they complied with the requirements established in the Regulations of the Audit and Compliance Committee, the Audit Act 22/2015, the European Regulation 537/2014, and in the procedure for the contracting and relations with the external auditor.
- b) Verified the relationship between the fees received by the auditor during the fiscal year for non-audit services and that those related to audit services did not exceed 70% of the average fees paid for audit services in the last three years.

At the date of this report, non-audit services fees accounted for 40% of total auditor fees for the Enagás consolidated Group.

Likewise, the external auditor EY informed the Committee that it had not detected any circumstance that could constitute grounds for incompatibility in terms of independence in accordance with the provisions of the Accounts Auditing Law 22/2015 and European Regulation 537/2014.

At the meeting held on February 16, 2023, the external auditor delivered to the Audit and Compliance Committee their Accounts Auditor Independence Report certifying fulfilment of the independence requisites set out in the applicable laws.

#### **EXTERNAL AUDITOR PERFORMANCE ASSESSMENT**

In February 2023, the Committee carried out an assessment of the external auditor's performance during financial year 2022 and of its contribution to the integrity of the financial and non-financial information, considering, among other matters, its performance before the Committee, as well as the opinion gathered from the different areas.

#### **WITH REGARD TO THE INTERNAL AUDITOR**

The Committee supervised the Company's Internal Audit services, ensuring their independence and effectiveness throughout 2023.

At its meeting on February 16, 2023, the Committee evaluated and approved the Internal Annual Audit Plan and Budget for 2023, verifying how the plan covered the Company's most relevant risks and ensuring that the function had sufficient and adequate resources to carry out its duties and to execute that plan. It also approved the objectives of the function for the 2023 financial year, following up during its various meetings.

Likewise, in this session, the Audit, Control and Risk Department presented the Annual Activity Report of internal audit carried out during 2022.

At all meetings held during 2023, the Committee received regular information on the internal audit activity, allowing it to have exhaustive control over the recommendations identified in its Audit Reports and verifying the degree of progress of the Annual Plan and the degree of implementation of its recommendations by the areas.

In 2023, the Committee worked with a quarterly internal audit plan, proposing and approving the addition of new work to the Plan, based on the agile methodology. This ensured that the existing control framework was adequately covered at all times in relation to emerging and key risks, thereby maximising the contribution of Internal Audit to the achievement of the objectives and Strategic Plan.

Internal Audit has maintained continuous communication with the external auditor in relation to the Quarterly, Half-Yearly and Annual Financial Statements, as well as the Non-Financial Information Statement, both for the preparation of the Annual Audit Plan and the quarterly updates carried out.

The Chairman of the Committee informed the Board of Directors after each meeting of the Audit and Compliance Committee.

Finally, the Committee carried out an assessment of the performance of the duties and responsibilities assumed by both the Audit, Control and Risk Department and the internal audit function as a whole, as well as the compliance with the implemented Quality Assurance and Improvement Plan. The evaluation questionnaire assesses aspects such as the strategic positioning of the function, good

governance and auditor independence, as well as performance in the execution of its duties through the year, in its dual role as internal auditor and trusted advisor to the Committee.

### WITH REGARD TO RISK CONTROL AND MANAGEMENT

The Committee supervised the risk control and management unit, ensuring its independence and effectiveness throughout 2023.

Specifically, on February 16, 2023, the results of the annual measurement were presented, consisting of the estimation of possible prospective scenarios that could eventually have a negative impact on the company's interests, as well as their probability of materialisation. "Standard methodologies by risk type" were used: stochastic, deterministic, qualitative.

At this meeting, the Committee also assessed and approved the plan, annual budget and objectives of the Risk Control and Management function for the 2023 financial year. In addition, it approved the risk limits set for the main risk indicators, defined to monitor the company's risk appetite.

In relation to the Activity Report for the 2022 financial year, the Committee reported on the following:

- The Aggregate Corporate Risk Map, which covers all risks in the company's inventory and is reviewed and updated at least annually.
- Updating the analysis of physical risks arising from climate change in Enagás facilities, in accordance with the Regulation and delegated acts of the European taxonomy for sustainable activities, which assesses the climate variables to which the infrastructures are most exposed based on climate projections, so that, in addition to quantifying the impact of physical risks on them, the necessary adaptation measures to protect them can be defined.
- The update of ESG risks (Environmental, Social & Governance) as transversal risks in the Enagás Risk Control and Management Model, as well as the ESG risk matrix, in which risks with a transversal ESG component are classified in accordance with the material topics included in the Enagás ESG MODEL.

The Head of Audit, Control and Risks has been reporting to the Committee on a quarterly basis on the company's risk profile, through the updating of the corporate risk map, as well as the level of compliance with the established risk limits.

In April, the Committee was briefed on the assessment of risks and opportunities arising from climate change risks, in line with the recommendations of the Task Force on Climate-related Financial Disclosures (TCFD), the European Taxonomy for Sustainable Activities and the Climate Change and Energy Transition Act.

In addition, the Audit, Control and Risk Department informed the Committee on the risks associated with each of the possible relevant transactions occurring during 2023.

Specific analyses and continuous monitoring of the reputation and integrity profile of current and potential business partners (partners, suppliers, customers, contractors, etc.) were also carried out in order to identify irregular or unethical business practices.

During 2023, the Committee was informed of the following improvements to the Risk Control and Management Model:

- a) Alignment of the Risk Model with the Strategic Plan, considering the projections of the Strategic Plan as a base case for the sensitivity analyses envisaged in the Corporate Risk Map.

- b)** Incorporation of new KRIs that determine the Company's risk appetite in terms of sustainability, strategic plan and other operational indicators.
- c)** Interconnections map of the main corporate risks, where the level of relative influence of the main corporate risks is determined.

In December, the Committee was informed about the update of the Risk Control and Management Policy, with the aim of adopting some of the recommendations of the Good Governance Code on Cybersecurity drafted by the National Cybersecurity Forum and issued by the CNMV in June 2023, which was subsequently approved by the Board of Directors.

### WITH REGARD TO CYBERSECURITY

On a quarterly basis, the Committee has been informed by the Digitalisation and Technology Department of the actions taken by the Company to mitigate cybersecurity risk.

Also, at its July meeting, the Committee was briefed on the Cybersecurity Strategic Plan and the strategic levers of cybersecurity.

In October, the Committee was informed of the recommendations included in the Good Governance

Code on Cybersecurity published by the CNMV, as well as the satisfactory compliance with these recommendations.

These are some of the key reinforcement actions implemented in 2023:

- Improvement of internal and external cybersecurity KRIs, defining a specific KRI for industrial systems.
- Reinforcement of phishing exercises as well as employee awareness/training actions.
- Improved authentication measures for both the IT network and the OT network.
- Drills to measure the level of resilience.

No notable cybersecurity incidents were reported in 2023.

### WITH REGARD TO LEGALITY

#### RELATED-PARTY TRANSACTIONS

On July 20, 2023 and December 12, 2023, the Audit and Compliance Committee issued, in accordance with the applicable regulations in force, supporting reports on related-party transactions, which it submitted to the Board of Directors for approval.

On February 15, 2024, the Committee was informed of the related-party transactions carried out in 2023, the approval of which was delegated by the Board, in accordance with the provisions of the Protocol on Related Party Transactions and the new regulation established in the consolidated text of the Corporate Enterprises Act in relation to this matter.

### FISCAL TRANSPARENCY REPORT

In 2017, the Board of Directors approved Enagás' accession to the Code of Good Tax Practises (CBPT) adopted in the Forum for Large Companies, in which the State Tax Administration Agency (AEAT) participates, as Enagás acted in compliance with this Code in 2022.

In accordance with the recommendations of the CBPT, on October 19, 2023, the Committee was informed by the Chief Financial Officer of the Annual Tax Transparency Report as well as of the policies applied in 2022 and compliance with the tax strategy. This Report describes in particular: the company's tax strategy, main business areas, corporate structure, dividend policy, the group's financial position and other matters of particular tax importance that arose during the year.

This report was approved by the Board on October 23 and presented to the AEAT on October 25, 2023.

## WITH REGARD TO CORPORATE GOVERNANCE AND COMMUNICATIONS WITH THE REGULATOR

### ANNUAL CORPORATE GOVERNANCE REPORT

The Committee reported favourably to the Board of Directors on the Annual Corporate Governance Report (ACGR) for 2022, dated February 20, 2023.

### WITH REGARD TO COMPLIANCE

On February 16, 2023, the Committee approved the budget of the Compliance Department for the 2023 financial year as well as the Objectives and the Activity Plan for that financial year. In addition, it evaluated the Compliance Report for the 2022 financial year.

On at least a quarterly basis, the Committee was informed of the details of the communications received via the Internal Reporting System (previously the Ethics Channel), as well as the operational report on the performance of the function.

On April 20, 2023, the Committee was informed of compliance with the Code of Conduct of the Technical Manager of the Spanish Gas System and measures to guarantee the separation of activities and the independence of the Technical Manager of the Gas System, through the presentation of the report prepared for this purpose by the Ethical Compliance

Committee and made available to the Ministry and the CNMC in accordance with the obligation included in article 63.4.d) of Law 34/1998, of October 7, on the Hydrocarbons Sector.

At the same meeting, the Committee also agreed to report in favour of updating the Conflicts of Interest Policy and to refer it to the Board of Directors for approval. At the same meeting, the Committee agreed to approve the new wording of the General Anti-Corruption Standard and was informed of the updating of the Procedure for Managing the Offering and Acceptance of Gifts.

At the above-mentioned meeting, the Committee proceeded to evaluate the performance of the Head of Legal Counsel and Compliance.

On July 20, 2023, the Committee was informed of the implementation of the Internal Reporting System (Whistleblowing Channel), in accordance with Law 2/2023 of February 20, regulating whistleblower protection; and the Committee agreed to report in favour of (i) approval of the Internal Reporting System Policy; (ii) ratification of the Operating Procedure of the Ethical Compliance Committee; (iii) ratification of the Procedure for handling notifications and queries regarding irregularities or breaches of the Ethics and

Compliance Model; (iv) appointment of the Ethical Compliance Committee as head of the Internal Reporting System and the delegation to its secretary of the powers to manage the system and process investigation files, to be submitted to the Board of Directors for approval.

At this meeting, the Committee was informed of the update of the Corruption Prevention Model and the Crime Prevention Model, as the company's Crime Prevention Body for the purposes of article 31 bis 2 2 of the Spanish Criminal Code.

On October 19, 2023, the Committee was informed that the follow-up audit of the ISO 37001 Certification on Anti-Bribery Management Systems had been successfully passed. At this meeting and in connection with the Antitrust Model, the Committee was also informed of the development of an antitrust guide incorporating recommended guidelines for behaviour when interacting with competitors. With regard to the separation of activities, it was informed of the drawing up a protocol to guarantee the independence of the activity of developing hydrogen and other renewable gas transmission infrastructures with respect to the activities carried out by Enagás Renewable, S.A.

On December 12, 2023, the Committee agreed to report in favour of updating the Code of Ethics and to refer it to the Board of Directors for approval.

The Committee also agreed to report in favour of amending the Compliance Policy and approving a Separation of Activities Policy for the Enagás Group and to refer it to the Board of Directors for approval.

In accordance with article 20.2 of the Internal Code of Conduct, the Secretary to the Board of Directors informed the Audit and Compliance Committee of the degree of compliance and incidents relating to the application of the Internal Code of Conduct in matters of the securities market.

The Committee was informed by the Head of Legal Counsel and Compliance on a quarterly basis of the Activity Report.

### **WITH REGARD TO THE ACTIVITY OF THE AUDIT AND COMPLIANCE COMMITTEE**

On February 16, 2023, the Committee approved the Annual Activity Report of the Committee for 2022, and reported to the Board on the same date.

Communication between the Audit and Compliance Committee, the external auditor, the internal auditor and with the other areas was continuous and fluid, without this posing a threat to the independence of the work of the Committee, the internal auditor or the external auditor.

# 4 Performance assessment of the Audit and Compliance Committee

*In accordance with the provisions set for in the Regulations, the Audit and Compliance Committee underwent a quality and efficiency assessment of the performance of their functions and competencies during 2023, by an external consultant, using the applicable regulations and best practices in corporate governance as the evaluation reference framework.*

During 2023, the members of the Committee assessed its performance on its areas of responsibility. The assessment was carried out by an independent third party and coordinated by the Sustainability and Appointments Committee.

The result of this evaluation highlighted the fact that the Committee performs its duties in accordance

with the best corporate governance practices and the provisions of the Committee's Regulations and the CNMV Technical Guide 3/2017.

The results of this evaluation were approved by the Board of Directors on January 22, 2024.

# 5 Progress made in 2023 and priorities for 2024

*The Audit and Compliance Committee has made progress in its performance during financial year 2023, in accordance with best practices. As stated in Technical Guide 3/2017, Enagás has an annual Training Programme, which, together with the “Welcome Programme” for new Committee members, ensures that all members have adequate and up-to-date knowledge in their respective areas of expertise.*

During the 2023 financial year, training and informative sessions were held on the following matters:

- Comprehensive Risk Control and Management Model: the Head of Audit, Control and Risks, together with the head of the Risk Control and Management area, held individualised preparatory training meetings with each member of the Committee on the Risk Control and Management

Model, internal regulations, international standards and the assessment methodologies used in relation to the risk profile and risk appetite indicators. Subsequently, a training session was held for the members of the Committee as a whole.

- Cybersecurity: training was given on the challenges of Cybersecurity for the Board of Directors by a third-party specialist, specifically, in relation to the regulations applicable to Cybersecurity in the energy sector and as critical infrastructure, the Governance model, etc.
- Compliance Model and Code of Ethics: new features included in the updated Code of Ethics approved in December. The session was lead by the Head of Legal Counsel and Compliance.
- Adaptation to the Cybersecurity Good Governance Code of June 2023, prepared by the National

Cybersecurity Forum, taught by the head of Digitalisation and Information Technology.

- Security of supply, highlighting the 2022 balance sheet together with the role of the Technical Manager of the System and the challenges of 2023, a session which was given by the Technical System General Manager, Ms Susana de Pablo García.
- Hydrogen and its value chain, focusing on the characteristics of its production, transport, storage and use, as well as its emissions. The session was led by the Energy Transition General Manager, Ms Natalia Latorre Arranz.

The Committee has made progress during 2023, implementing certain improvements:

- Significant increase in the duration of meetings.

- Inclusion on the Committee's agenda of the report from the Digitalisation and Technology Department, to oversee monitoring of the actions carried out to mitigate cybersecurity risk.

During 2024, work will continue in a cross-functional and coordinated manner, with the objectives of digital transformation, adaptation to the NIS 2 Cybersecurity Directive in all aspects that affect the Board of Directors, as well as improving the Risk Control and Management Model focusing on key risks in Cybersecurity, Sustainability and Geopolitics.

# 6 Conclusions

## INDEPENDENT ASSURANCE REPORT ON THE "INFORMATION REGARDING THE INTERNAL CONTROL OVER FINANCIAL REPORTING (ICFR) SYSTEM"

To the Shareholders of  
ENAGÁS, S.A.

### Scope

In accordance with your request, we have carried out a reasonable assurance engagement to report on design and effectiveness of the Internal Control over Financial Reporting (ICFR) system of ENAGÁS, S.A. and its subsidiaries (the Group) and on the description included in the Section F of the Annual Corporate Governance Report for the year ended December 31, 2023. This system is based on the criteria and policies defined by the Directors of ENAGÁS, S.A. and in accordance with the guidelines established by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in its Internal Control-Integrated Framework (2013) report.

An internal control over financial reporting system is a process designed to provide reasonable assurance on the reliability of financial information in accordance with the accounting principles and standards applicable to it. A system of internal control over financial reporting includes policies and procedures that: (i) enable the records reflecting the transactions performed to be kept accurately and with a reasonable level of detail, (ii) guarantee that these transactions are performed only in accordance with the authorizations established; (iii) provide reasonable assurance that transactions are recognized appropriately to enable the preparation of the financial information in accordance with the accounting principles and standards applicable to it; and (iv) provide reasonable assurance in relation to the prevention or timely detection of unauthorized acquisition, use or sale of the company's assets that could have a material effect on the financial information.

### Inherent limitations

Given the inherent limitations of any Internal Control System over Financial Reporting, regardless of the quality of its design and operation, it can only allow reasonable, but not absolute, security in relation to the objectives it pursues, so that errors, irregularities or fraud may occur that may not be detected. On the other hand, the projection of the internal control assessment into future periods is subject to risks, such as that internal control may become inadequate as a result of future changes in applicable conditions, or that the level of compliance with established policies or procedures may be reduced in the future.

### Directors' responsibility

The Directors of ENAGÁS, S.A. are responsible for adopting the appropriate measures to reasonably guarantee the implementation, maintenance and supervision of an adequate Internal Control System over Financial Information, as well as the evaluation of its effectiveness, the development of improvements to said system and the preparation and establishment of the content of the information related to the ICFR attached.

## **Our responsibility**

Our responsibility is to express an opinion on the design, effectiveness and description of the Internal Control System over Financial Reporting based on the work performed by us and on the evidence we have obtained.

We conducted our engagement in accordance with the International Standard for Assurance Engagements Other Than Audits or Reviews of Historical Financial Information (ISAE 3000), issued by the International Auditing and Assurance Standards Board (IAASB) of the International Federation of Accountants (IFAC).

Reasonable assurance work includes understanding the Internal Control System over Financial Reporting, assessing the risk that there may be material internal control weaknesses, that controls are not adequately designed or operating effectively, and conducting tests and evaluations on the design and effective implementation of the system, which are based on our professional judgment, and the performance of such other procedures as may be deemed necessary.

We believe that the evidence obtained is sufficient and appropriate to provide a basis for our opinion.

## **Our independence and quality management**

We have maintained our independence and confirm that we have met the requirements of the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants and have the required competencies and experience to conduct this assurance engagement.

EY also applies International Standard on Quality Control 1, Quality Control for Firms that Perform Audits and Reviews of Financial Statements, and Other Assurance and Related Services Engagements, and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

## **Other issues**

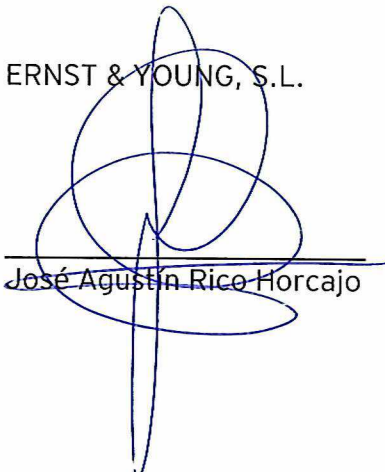

This report can under no circumstances be considered an audit report carried out in accordance with prevailing audit regulations in Spain. This question does not change our opinion.

## Opinion

In our opinion, as of December 31, 2023, the Group maintained, in all material respects, an effective Internal Control over Financial Reporting (ICFR) based on the criteria and policies defined by the Directors of ENAGÁS, S.A. and in accordance with the guidelines established by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in its Internal Control-Integrated Framework (2013) report.

In addition, the description of the SCIIF included in Section F of the Group's Annual Corporate Governance Report as of December 31, 2023 has been prepared, in all material respects, in accordance with the requirements established in article 540 of the Corporate Enterprises Act and with Circular 5/2013 of the Spanish National Securities Market Commission (CNMV) dated June 12, 2013 and amendments the most recent being CNMV Circular 3/2021, of September 28, for the purposes of the description of the ICFR in the Annual Corporate Governance Reports.

## INDEPENDENT ASSURANCE REPORT ON THE "INFORMATION REGARDING THE ANNUAL CORPORATE GOVERNANCE REPORT"

To the Shareholders of  
ENAGÁS, S.A.

---

### Scope

In accordance with your request, we have carried out a reasonable assurance assignment on the Annual Corporate Governance Report (IAGC) of ENAGÁS, S.A. and subsidiaries contained in the attached Management Report as of December 31, 2023.

For those recommendations of the Unified Good Corporate Governance Code that have not been implemented by the Company, the Directors of ENAGÁS, S.A. offer the explanations they consider appropriate. In relation to these, due to their nature, in these cases, our work has consisted solely of verifying that the statements contained in the Annual Corporate Governance Report do not contradict the evidence obtained in the application of the procedures performed.

---

### Criteria applied by ENAGÁS, S.A.

To prepare the IAGC, ENAGÁS, S.A. has applied the Article 540 of the Corporate Enterprises Act and Circular 5/2013 of June 12, 2013 of the Spanish National Securities Market Commission and subsequent amendments, the most recent being Circular 3/2021 of September 28, 2021 (hereinafter, the "Criteria").

---

### Directors' responsibility

The directors of ENAGÁS, S.A. are responsible for selecting the Criteria, and for presenting the Subject Matter in accordance with that Criteria, in all material respects. This responsibility includes establishing and maintaining internal controls, maintaining adequate records and making estimates that are relevant to the preparation of the subject matter, such that it is free from material misstatement, whether due to fraud or error.

The directors of ENAGÁS, S.A. are also responsible for defining, implementing, adapting and maintaining the management systems from which the information necessary for the preparation of the IAGC is obtained.

---

## Our responsibility

Our responsibility is to express an opinion on the IAGC presentation based on the work done and the evidence we have obtained.

We conducted our engagement in accordance with the International Standard for Assurance Engagements Other Than Audits or Reviews of Historical Financial Information (ISAE 3000), issued by the International Auditing and Assurance Standards Board (IAASB) of the International Federation of Accountants (IFAC). Those standards require us to plan and carry out the engagement to obtain reasonable assurance as to whether the IAGC is presented, in all material respects, in accordance with the Criteria, and to issue a report. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risk of material misstatement, whether due to fraud or error.

We believe that the evidence obtained is sufficient and appropriate to provide a basis for our opinion.

---

## Our independence and quality management

We have complied with the independence and other ethical requirements of the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board of Accountants and have the required competencies and experience to conduct this assurance engagement.

Our firm applies International Standard on Quality Control 1, Quality Control for Firms that Perform Audits and Reviews of Financial Statements, and Other Assurance and Related Services Engagements, which requires the firm to design, implement and operate a quality management system that includes policies or procedures relating to compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements.

---

## Other issues

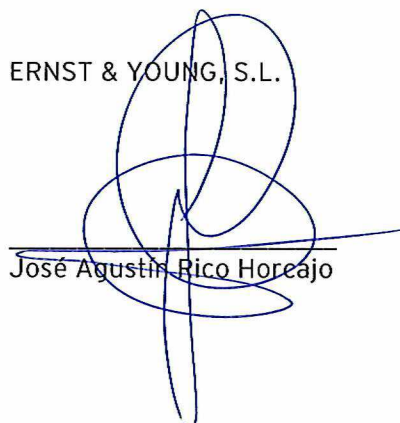

This report can under no circumstances be considered an audit report carried out in accordance with prevailing audit regulations in Spain.

---

## Opinion

In our opinion, the content of the accompanying IAGC of ENAGÁS, S.A. and subsidiaries as of December 31, 2023 is presented, in all material respects, in accordance with the requirements established in article 540 of the Corporate Enterprises Act and with Circular 5/2013 of the Spanish National Securities Market Commission (CNMV) dated June 12, 2013 and amendments the most recent being CNMV Circular 3/2021, of September 28.
