

REPORT FROM THE AUDIT AND COMPLIANCE COMMITTEE ON RELATED-PARTY TRANSACTIONS.

1. INTRODUCTION AND BACKGROUND

By virtue of the provisions of Recommendation 6 of the Unified Code of Good Governance of listed companies, approved in a resolution by the Board of the National Securities Market Commission Board (CNMV) on 18 February 2015, the Audit and Compliance Committee of Enagás, S.A. has drafted this report on the related-party transactions made by its group and subsidiaries in 2018, and which will be published on Enagás' website sufficiently in advance of the 2019 Ordinary General Shareholders' Meeting.

The information included in this report is also made available to the shareholders in the notes to the financial statements and the annual corporate governance report, documents which form part of Enagás' 2018 consolidated annual accounts.

To draft this report, the prevailing securities market regulations were taken into account, specifically Legislative Royal Decree 4/2015 of 23 October, which approves the consolidated text of the Securities Market Law, Order EHA/3050/2004 of 15 September, on reporting of related-party transactions that must be undertaken by companies issuing securities listed for trading in official secondary markets, and CNMV Circular 3/2018 of 28 June, on regular information from issuers with securities admitted to trading on regulated markets, regarding interim financial reports, intermediate management reports and, if applicable, quarterly financial reports.

Moreover, the provisions of article 14 bis regarding related-party transactions envisaged in the Regulations of the Organisation and Functioning of the Board of Directors of Enagás, S.A. were taken into account:

1.- It will be the responsibility of the Board of Directors to identify and approve, pursuant to a report from the Audit and Compliance Committee, transactions carried out by the company or the companies in its Group with Directors under the terms set forth in Articles 229 and 230, or with shareholders who, individually or in conjunction with others, hold a significant stake, including shareholders represented on the company's Board of Directors or the boards of other companies belonging to the same group or with persons associated with them. The affected Directors or those who represent or are related to the affected shareholders must refrain from participating in deliberating and voting on the resolution in question.

The aforementioned transactions shall be assessed from the point of view of equal treatment and on an arm's length basis, and shall be disclosed in the Annual Corporate Governance Report and in the company's regular public reporting as provided in applicable laws and regulations.

2.- The approval provided in the previous paragraph shall not be required, however, for transactions that simultaneously comply with the three following conditions:

(a) they are governed by standard form contracts applied on an across-the-board basis to a large number of customers;

(b) *they go through at market prices, generally set by the supplier of the goods or services; and*

(c) *their amount does not exceed 1% of the company's annual revenues.*

3.- *If the conditions provided in the paragraph above are met, the affected parties shall not be under a duty to report said transactions.*

4.- *In the event of duly documented, urgent reasons, related party transactions may be authorised, as applicable, by delegated bodies and persons, who must be ratified at the first meeting of the Board of Directors held after the decision is adopted.*

2. CRITERIA FOR DETERMINING WHICH RELATED-PARTY TRANSACTIONS ARE TO BE REPORTED INDIVIDUALLY

Based on the regulations stated in the preceding section, the company has applied the following criteria to determine which related-party transactions must be reported individually. The criteria are as follows:

- It is not necessary to disclose transactions between companies or entities belonging to the same consolidated group, provided that these are eliminated in the process of drawing up the consolidated financial statements and that their subject matter and terms form part of the company's ordinary trading activities.

- It is not necessary to disclose transactions which, though part of the routine transactions, are carried out on an arm's length basis and are of a small amount, which are understood to be those that are not required to be reported in order to provide a true and fair view of the company's equity, financial position and earnings. Accordingly, given the scale of Enagás, S.A.'s financial statements, any transactions whose cumulative volume is less than 1% of the consolidated revenues, although the company may still on occasion decide to disclose transactions that fall below this threshold.

- To clarify this: (i) it is necessary to disclose any related-party transactions that are not made on an arm's length basis, regardless of the amount, and (ii) it is advisable to disclose any related-party transactions with directors or with companies where they have a significant influence, regardless of the amount.
